

Paul Hitchings
Project Director – WestConnex
Transport for NSW
20-44 Ennis Road
MILSONS POINT NSW 2041

VIA EMAIL: Courtney.Moran@transport.nsw.gov.au

12/03/2021

Dear Mr Hitchings,

**WestConnex M4-M5 Link 3A Mainline Tunnels (SSI 7485)
Operational Water Reuse Strategy (Condition E198)**

I refer your submission of the Operational Water Reuse Strategy (OWRS) Revision 4, dated 26 February 2021, as required by condition E198 of the WestConnex M4-M5 Link 3A Mainline Tunnels project approval (SSI 7485). I also acknowledge and thank you for your response to the Department's review comments and request for additional information.

I note that the OWRS:

- evaluates the reasonable and feasible water reuse options for the operational stage of the project;
- has been reviewed by Transport for NSW and no issues have been raised; and
- has been prepared to address the requirements of the conditions of approval.

Accordingly, as a nominee of the Planning Secretary, I approved the OWRS (Revision 4, dated 26 February 2021). Finally, if there is any inconsistency between the approved document and the conditions of approval, then the requirements of the approval will prevail.

If you wish to discuss the matter further, please contact Carl Dumpleton on
Carl.Dumpleton@planning.nsw.gov.au.

Yours sincerely

Jake Shackleton
A/Director - Infrastructure Management

As nominee of the Planning Secretary
