Subject: Construction Environmental Management Plan (Revision N)

Dear Mr Lawrence

I refer to your submission received 18 June 2024 of the Construction Environmental Management Plan (Revision N, 11 June 2024).

I note that the Construction Environmental Management Plan has been updated from the previously approved Revision M (dated 6 September 2023) to incorporate changes to the section on roles, responsibilities and authorities. An additional dot-point has been added to the description of the FGJV Environment and Sustainability Manager. This additional dot-point describes the qualifications and experience required for this role.

In accordance with Condition A25(i), the project Environmental Representative, Mr Duncan Armstrong, has deemed these changes to be minor and hence approved Revision N of the Construction Environmental Management Plan.

You are reminded that if there are any inconsistencies between the Construction Environmental Management Plan and the conditions of approval, the conditions prevail.

Please ensure you make the Construction Environmental Management Plan (Revision N, 11 June 2024) publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Rebecca Eddington on (02) 9585-6469.

Yours sincerely

Grant Brown
Team Leader
Infrastructure Management

As nominee of the Planning Secretary
