Subject: Coffs Harbour Bypass – Traffic and Transport Management Plan (TTMP) Rev H

Dear Mr Lawrence

I refer to your submission requesting approval of the updated Traffic and Transport Management Plan (Revision H, February 2026) for the Coffs Harbour Bypass project (SSI-7666).

I understand from your submission that the TTMP has been updated to include the use of Campbell Close as an additional local road for construction heavy vehicle access. I also understand that the use of Campbell Close is required as it will be the only access to the western service road following the Stage 2A traffic switch.

I note from your submission that a swept path analysis has been provided in Appendix 2 of the TTMP and that consultation with local residents on Campbell Close has been undertaken. I note that the use of Campbell Close will be restricted to hours only between 09:00AM and 3:00PM to reflect the concerns raised during consultation.

Accordingly, as nominee of the Planning Secretary, I approve the updated Traffic and Transport Management Plan (Rev H).

You are reminded that if there are any inconsistencies between the plan and the conditions of approval, the conditions prevail. Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Grant Brown at grant.brown@dpie.nsw.gov.au

Yours sincerely

Grant Brown
Team Leader
Infrastructure Management

As nominee of the Planning Secretary
