Dear Carolyn

**RE: Endorsement of Soil and Water Management Plan, Sydney Metro Southwest
- Marrickville, Canterbury and Lakemba Station Upgrades**

Thank you for providing the following documents for Environmental Representative (ER) review and endorsement as required by the Condition of Approval A26 (d) of the Sydney Metro Sydenham to Bankstown Infrastructure Approval (SSI 8256, 12 December 2019).

- Soil and Water Management Plan – Southwest Metro – Marrickville, Canterbury and Lakemba Station Upgrades, Rev 02 dated 9 December 2020 (Ref: SWM-MCL-SWMP-001) (the SWMP) as required by Conditions C3 and C8 of the Infrastructure Approval.

As an approved ER for the project, I have reviewed and provided comment on the SWMP for consistency with the requirements in or under the Infrastructure Approval and now consider it appropriate for submission to the Planning Secretary for approval as required by Conditions C7 and C11.

Notwithstanding, I note that a Principal Contractor (PC) has not been engaged by Sydney Metro to carry out the subject works. Once a Principal Contractor has been engaged, the SWMP will require revision, to reflect:

- the relationship between the SWMP and the Principal Contractor's Environmental Management Systems (EMS); and
- where appropriate, the PC's specific methodologies.

Yours sincerely

Rui Henriques
Environmental Representative – Southwest Sydney Metro
