Director of Sustainability, Environment & Planning  
City & Southwest  
Sydney Metro  
Level 43, 680 George Street  
Sydney, NSW, 2000

11/03/2021

Dear Mr Cerone,

**Sydney Metro – Sydenham to Bankstown Project (SSI-8256)  
Marrickville, Canterbury, Lakemba – Utilities Management Strategy**

I refer to the Utilities Management Strategy for the Marrickville, Canterbury and Lakemba Station Upgrades submitted to the Department under Condition E71 of SSI-8256.

I note that the Utilities Management Strategy:

- has been reviewed by Sydney Metro and no issues were raised;
- has been endorsed by the project's Environmental Representative (ER); and
- contains the information required by the conditions of approval.

As nominee of the Planning Secretary, I approve the Marrickville, Canterbury and Lakemba Station Upgrades Utilities Management Strategy (Revision C, dated February 2021), under condition E71 of SSI-8256.

I remind you that under condition E26 if respite periods cannot be aligned for Out-of-Hours utility works then you must consider the provision of alternative respite periods or mitigation to impacted noise sensitive receivers and documentary evidence must be provided to the ER in support of any decision made in relation to respite or mitigation.

Please ensure that the approved plan is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Brittany Golding on 02 9995 5742.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Jake Shackleton'.
