Dear Ms Coleman

**Parramatta Light Rail Stage 1 (SSI 8285)  
Package 5 Supply Operate and Maintain  
Construction Environmental Management Plan (CEMP)**

I refer to your submission requesting approval of the Construction Environmental Management Plan (CEMP), for the Parramatta Light Rail Stage 1, in accordance with Condition C8 of SSI 8285.

I acknowledge that this document has been submitted in accordance with the staging report for the Parramatta Light Rail Stage 1 project. I note that the CEMP has been updated to address the entirety of the Package 5 works (Activities A and B).

I also note that the CEMP:

- has been reviewed by Transport for NSW and no issues have been raised;
- has been prepared in consultation with relevant Councils, and agencies where required;
- has been endorsed by the Environmental Representative (ER); and
- contains the information required by the conditions of approval.

As nominee of the Planning Secretary, I approve the Construction Environmental Management Plan, Revision 5, dated May 2021, pursuant to conditions C1 – 8 of SSI 8285.

You are reminded that construction must not commence until the CEMP and any required CEMP Sub-plan have been submitted to, or approved, by the Planning Secretary, as per the requirements of Condition C8.

You are also reminded that if there is any inconsistency between the approved CEMP and the conditions of approval, then the requirements of the conditions of approval will prevail.

Please ensure that you make the CEMP (Revision 5, May 2021) publicly available on the project website.

If you wish to discuss the matter further, please contact Matthew Todd-Jones on [matthew.todd-jones@planning.nsw.gov.au](mailto:matthew.todd-jones@planning.nsw.gov.au).

Yours sincerely

**Jake Shackleton**

**Director – Infrastructure Management**
