Dear Mr Lambous

Condition E75: Archaeological Excavation Report**

I refer to the Archaeological Excavation Report, revision D, dated August 2021, submitted to the Planning Secretary for information in accordance with Condition E75 of SSI-8285.

I note that the Archaeological Excavation Report, revision D:

- has been endorsed by the project's Environmental Representative;
- notes that the archaeological excavation was led by the project's nominated Excavation Director Dr. Iain Stuart; and
- contains the information required by the conditions of approval.

Please ensure that the Archaeological Excavation Report is also submitted to the other stakeholders listed in Condition E75.

You are reminded that if there is any inconsistency between the Archaeological Excavation Report and the conditions of approval, then the requirements of the conditions of approval will prevail.
