

Department of Planning and Environment

Ms Angelique Easton  
A/Director Eastern Harbour and Central River City  
Level 11  
130 George Street  
Parramatta, NSW, 2150

05/05/2022

Dear Ms Easton

**Parramatta Light Rail Stage 1 - (SSI-8285)  
Condition E132 –Final Hazard Analysis & Construction Safety Study**

I refer to the Final Hazard Analysis (FHA) and the Construction Safety Study (CSS) which were submitted in accordance with Condition E132 of the approval for the Parramatta Light Rail project (SSI-8285).

I note that:

- The FHA was prepared in accordance with the Department's *Hazardous Industry Planning Advisory Paper No. 6, 'Hazard Analysis'*;
- The FHA included an appropriate qualitative risk assessment and risk levels meet the relevant NSW Risk Criteria;
- The CSS was prepared in accordance with the Department's *Hazardous Industry Planning Advisory Paper No. 7 'Construction Safety'*;
- The plans were developed in consultation with the relevant dangerous goods pipeline operators and licensees;
- The plans were reviewed and endorsed by the project's Environmental Representative.

Accordingly, as nominee of the Planning Secretary, I approve the Final Hazard Analysis (Revision 0, dated 6 December 2021) and the Construction Safety Study (Revision 1, dated 6 December 2021), subject to Transport for NSW implementing all recommendations and safeguards in a timely manner.

You are reminded that if there is any inconsistency between the FHA or CSS and the conditions of approval, then the requirements of the conditions will prevail.

If you wish to discuss the matter further, please contact Grant Brown at [grant.brown@dpie.nsw.gov.au](mailto:grant.brown@dpie.nsw.gov.au)

Yours sincerely

A handwritten signature in black ink that reads 'D Crinnion'.

Dominic Crinnion  
**Acting Director**  
**Infrastructure Management**

As nominee of the Planning Secretary
