Dear Ms Coleman

**Parramatta Light Rail (SSI 8285)  
Condition C18: Approval of Infrastructure Works (Package 4)  
Site Establishment Management Plan (Revision 11)**

I refer to your submission dated 23 July 2020 requesting approval of the updated Infrastructure Works (Package 4) Site Establishment Management Plan (SEMP) Revision 11 in accordance with condition C18 of SSI 8285. I also acknowledge your response to the Department's review comments dated 3 September 2020.

I note that the updated SEMP includes Lot 34, O'Connell Street, Parramatta as an additional construction ancillary facility (CAF) to support the off-alignment road works required to minimise traffic impacts during construction and operation.

I have reviewed the information provided and consider it addresses the required conditions.

As nominee of the Planning Secretary, I approve the Infrastructure Works (Package 4) SEMP Revision 11, dated 26 August 2020, pursuant to condition C18.

You are reminded that if there is any inconsistency between the approved document and the conditions of approval, then the requirements of the conditions of approval will prevail.

Please ensure that you make the Infrastructure Works Site Establishment Management Plan Revision 11 publicly available on the project website.

If you have any questions, please contact Matthew Todd-Jones at [Matthew.Todd-Jones@planning.nsw.gov.au](mailto:Matthew.Todd-Jones@planning.nsw.gov.au).

Yours sincerely

Erica van den Honert  
Director  
Infrastructure Management

As nominee of the Planning Secretary
