

Mr Paul Plowman
General Manager Asset Lifecycle
Sydney Water Corporation
1 Smith Street
PARRAMATTA New South Wales 2150

15 March 2022

Dear Mr Plowman

**Upper South Creek Advanced Water Recycling Centre (SSI-8609189)
Amendment of Application**

I refer to the Amendment Report which was submitted on 11 March 2022, in accordance with the *Environmental Planning and Assessment Regulation 2000* (the Regulation) for Upper South Creek Advanced Water Recycling Centre (SSI-8609189).

The Amendment Report has requested the following changes for Upper South Creek Advanced Water Recycling Centre (SSI-8609189):

- Realignments to the treated water pipelines at the intersection of the Northern Road and Elizabeth Drive;
- Realignments to the brine pipeline through the Western Sydney Parklands, at Bartley Street – Cabramatta, and at the crossing of Kemps Creek;
- Realignments to both the treated water pipeline and brine pipeline at the crossing of the M12 Motorway, and along South Creek; and
- A change to the Upper South Creek Advanced Water Recycling Centre site boundary.

The Department has reviewed the Amendment Report and is satisfied it is appropriate to address these matters as part of an Amendment Report. Further, as the proposed amendments will have additional impacts, I consider that exhibition of the Amendment Report will be required.

Accordingly, I as delegate of the Planning Secretary agree to the amendment of the application for Upper South Creek Advanced Water Recycling Centre (SSI-8609189).

If you have any enquiries, please contact Nathan Heath on 02 8289 6617 or nathan.heath@planning.nsw.gov.au.

Yours sincerely,

Alan Bright
Director State Significant Acceleration
