Dear Sir

RE: Upper South Creek Advanced Water Recycling Centre (SSI- 8609189)

Thank you for the opportunity to provide comments on the proposed Upper South Creek Advanced Water Recycling Centre (AWRC), the Amendment Report and the Response to Submissions.

Greater Sydney Parklands supports the revised alignment and flexibility to allow the detailed design to adapt to optimise environmental outcomes within the Parklands.

We welcome ongoing collaboration with Sydney Water during detailed design, including consideration of opportunities to improve environmental outcomes and to ensure positive visitor experiences and future access, development and activation of the Parklands for the community.

Thank you for the opportunity to comment on the application. If you have any questions, please do not hesitate to contact me.

Yours sincerely

Joshua French
Director Strategy, Design and Delivery
Western Sydney Parklands | Greater Sydney Parklands
