Conditions E5 and E6 – Odour Management Plan**

Dear Ms Cahill,

I refer to your submission of the revised Odour Management Plan (OMP) (revision 05, dated 2 September 2025) under conditions E5 and E6 of the Upper South Creek Advanced Water Recycling Centre project (SSI-8609189). I also acknowledge your response to the Department's request for additional information.

The Department has carefully reviewed the OMP and is satisfied that it generally meets the requirements of conditions E5 and E6 of SSI-8609189 for Stage 1.

You are reminded that if there are any inconsistencies between the OMP and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact me on 02 8289 6617 or at nathan.heath@planning.nsw.gov.au.

Yours sincerely
