Subject: Upper South Creek Advanced Water Recycling Centre (SSI-8609189) – Approval of Community and Stakeholder Engagement Plan (Community Communication Strategy) (Conditions B1-B5)

Dear Mr Plowman

I refer to the Community and Stakeholder Engagement Plan (CSEP) (Version 2.0, dated 17 January 2023), which was submitted in accordance with conditions of approval B1-B5 of the Upper South Creek Advanced Water Recycling Centre (SSI-8609189) project approval.

I note that the CSEP has been reviewed by Sydney Water including its communications team and you advise it has been prepared in accordance with the conditions of approval. I also acknowledge your response to the Department's review comments and request for additional information.

Accordingly, as nominee of the Planning Secretary, I approve the revised CSEP (Version 2.0, dated 17 January 2023). Please ensure that the approved documents are placed on the project website as per condition B12.

You are reminded that if there are any inconsistencies between the CSEP and the conditions of approval, the conditions prevail.

If you wish to discuss the matter further, please contact Nathan Heath on (02) 8289 6617 or at nathan.heath@planning.nsw.gov.au.

Yours sincerely

Lloyd Eley-Smith
Team Leader, Water Assessments
State Significant Acceleration, Infrastructure Assessments

As nominee of the Planning Secretary
