Dear Mr. Sheppard,

**Western Harbour Tunnel and Waringah Freeway Upgrade Stage 1C (SSI 8863)  
Local Roads Approval (Condition E132)**

I refer to the Local Roads Approval Revision 6, dated 1 March 2022, submitted to the Planning Secretary for approval in accordance with conditions E132 and E133 for Stage 1C (Massey to Amherst Noise Wall) of SSI 8863.

I note that the Local Roads Approval Revision 6:

- was endorsed by a suitably qualified traffic engineer Mr Phillip Truong from Turnbull Engineering;
- provides a swept path analysis for the local roads demonstrating that the heavy vehicles modelled can make the required turns;
- was prepared in consultation with North Sydney and Willoughby Councils;
- has been reviewed by Transport for NSW and no issues were raised; and
- will continue to implement suitable measures to manage the potential road user and pedestrian impacts for the duration of the works.

Accordingly, as nominee of the Planning Secretary, I approve the Local Roads Approval Revision 6, dated 1 March 2022. Please ensure that the approved plan is placed on the project website in accordance with condition B15.

These local roads are approved for use until 02 December 2022. Further extensions to the use of these roads will require the Department's review and approval.

I remind you of your ongoing commitment to consult with Happy Kids Family Day Care on Massey Street and to minimise heavy vehicle movements during the day-care peak operation hours.

As per condition E132, the Traffic and Transport Management Sub-Plan is required to be updated following this approval. Please ensure that North Sydney Council, Willoughby Council, Happy Kids Family Day Care and Bicycle NSW are informed of the approved local road usage and the measures in place to minimise impacts.

If you wish to discuss the matter further, please contact Mike Pereira at [Mike.Pereira@dpie.nsw.gov.au](mailto:Mike.Pereira@dpie.nsw.gov.au).

Yours sincerely

**Jake Shackleton**  
Director – Infrastructure Management
