Western Harbour Tunnel and Warringah Freeway Upgrade (SSI-8863) Stage 2 Local Road Plan – Falcon Street Active Transport Bridge (Condition E132)

Dear Mr Sheppard

I refer to the Local Road Plan – Falcon Street Active Transport Link (ATL) Bridge Revision F, dated 18 June 2026, submitted to the Planning Secretary for approval in accordance with condition E132 for Stage 2 of SSI-8863.

I note that the Local Road Plan – Falcon St Active Transport Bridge Revision F:

- includes proposed heavy vehicle use of:
 - Moodie Street, between Ernest Street and Falcon Street
 - Moodie Lane, between Moodie Street and the cul-de-sac; and
 - Merlin Street (between Military Road and Ernest Street).
- describes how traffic impacts will be managed during the Project's Falcon St ATL Bridge construction works;
- was endorsed by a suitably qualified traffic engineer Mr Tristan Ferris from CPBDowner and;
- has been reviewed by TfNSW and no issues were raised.

Accordingly, as nominee of the Planning Secretary, I approve the use of local roads as set out in the Local Road Plan – Falcon Street Active Transport Bridge, Revision F, dated 18 June 2026.

Please ensure that the approved plan is placed on the project's website in accordance with condition B15.

These local roads are approved for use until 30 September 2026. Further extensions to the use of these roads will require the Department's review and approval.

If you wish to discuss the matter further, please contact Katherine Klouda at Katherine.klouda@dphi.gov.au.

Yours sincerely
