Dear Mr Sheppard

Warringah Freeway Upgrade - Sustainability Management Plan (E126)**

I refer to the Sustainability Management Plan Revision E, dated 9 May 2022 which was submitted to the Department for information as required under condition E126 of SSI 8863. I also acknowledge and thank you for your response to the Department's review comments and request for additional information.

I note that the Sustainability Management Plan Revision E:

- has been prepared to achieve a minimum 'Excellent' 'Design' and 'As Built' rating under the Infrastructure Sustainability Council of Australia infrastructure rating tool; and
- has been reviewed by Transport for NSW and no issues were raised.

Please note, if there are any inconsistencies between the Sustainability Management Plan and the conditions of approval, then the requirements of the conditions of approval will prevail.
