Dear Mr Parris,

**Western Harbour Tunnel and Warringah Freeway Upgrade (SSI 8863)
Community Communication Strategy**

I refer to the Community Communication Strategy (CCS) (Revision 6, dated 25th May 2021) which was submitted in accordance with condition of approval B1 to B5 for the Western Harbour Tunnel and Warringah Freeway Upgrade (SSI 8863). I also acknowledge and thank you for your response to the Department's review comments and requests for additional information.

I note that the CCS has been reviewed by Transport for NSW including its communications team and you advise it has been prepared in accordance with the conditions of approval.

I further note that CCS Revision 6 addresses the notification requirements and improves the out of hours work notification following the feedback received by the Department's Compliance team.

As nominee of the Planning Secretary, I approve the revised CCS (Revision 6, dated 25th May 2021). Please ensure that the approved documents are placed on the project website as per condition of approval B15.

You are reminded that if there are any inconsistencies between the approved CCS and the conditions of approval, then the requirements of the conditions of approval will prevail.

If you wish to discuss the matter further, please contact Carl Dumpleton on 02 9274 6283 or Carl.Dumpleton@planning.nsw.gov.au.

Yours sincerely

Jake Shackleton
Director – Infrastructure Management

As nominee of the Planning Secretary
