Western Harbour Tunnel and Warringah Freeway Upgrade (SSI 8863) Stage 3A - Construction Parking
and Access Strategy (Condition E140)

Dear Mr Banovic

I refer to the Stage 3A Construction Parking and Access Strategy (CPAS), Revision 04 dated 12 December 2022 submitted for approval as required under condition E140 of SSI 8863. I acknowledge your response to the Department's review comments and requests for additional information.

I note the Stage 3A CPAS Revision 04:

- was prepared in consultation with affected stakeholders including Inner West Council and the NSW Port Authority;
- provides off-street parking and a shuttle bus for the construction workforce during the construction overlap period between Stage 3A and the WestConnex M4-M5 Link Rozelle Interchange Project; and
- has been reviewed by Transport for NSW and no issues have been raised.

As nominee of the Planning Secretary, I approve the Stage 3A CPAS Revision 04 dated 12 December 2022 under condition E140 of SSI 8863. Please ensure that the approved plan is placed on the project website at the earliest convenience as per condition B15.

I remind you of your commitments to continue to consult with Inner West Council and the affected local community, and that you manage any unforeseen parking impacts in accordance with the mitigation measures outlined in the CPAS.

You are reminded that if there is any inconsistency between the approved document and the conditions of approval, then the requirements of the conditions of approval prevail.

If you wish to discuss the matter further, please contact Sarah Kamarudin at sarah.kamarudin@dpie.nsw.gov.au.

Yours sincerely
