Subject: Warringah Freeway Upgrade (SSI-8863): Place, Design and Landscape Plan (E177)

Dear Mr Sheppard,

I refer to your submission dated 13 December 2022. I understand that you will be undertaking the following works, commencing in December 2022, in accordance with condition E177 of SSI-8863:

- High Street bridge widening and northbound ramp piers and headstock;
- Mount Street bridge piers;
- Alfred Street viaduct piers;
- Ridge Street and Falcon Street pedestrian bridge piers;
- Ernest Street widening abutments;
- Miller Street viaduct piers; and
- Falcon Street bus ramp piers.

I note that these works are technical and engineering in nature and do not allow for alternative design outcomes and, therefore, the Place, Design and Landscape Plan (PDLP) does not apply to these works.

If you wish to discuss the matter further, please contact Shelley Reed at shelley.reed@dpie.nsw.gov.au.

Yours sincerely
