Dear Mark,

**Western Harbour Tunnel and Warringah Freeway Upgrade Early Works (SSI 8863)
Construction Environmental Management Plan – ER Approval**

I refer to the Construction Environmental Management Plan (CEMP), Revision 4 dated 8 June 2021, which was approved by the Environmental Representative (ER) in accordance with Condition A27(i) of SSI 8863.

I note that the ER has reviewed the CEMP and considers the amendments minor in nature and consistent with the conditions of approval of SSI 8863. I also note that the CEMP was reviewed by Transport for NSW and no issues were raised.

If you wish to discuss the matter further, please contact Scott Cooper at scott.cooper@planning.nsw.gov.au.

Yours sincerely

Shelley Reed
Acting Team Leader
Infrastructure Management
