Subject: Western Harbour Tunnel and Warringah Freeway Upgrade (SSI-8863): Stage 2 - Local Roads Plan – Portal Precinct (Condition E132)

Dear Mr Sheppard,

I refer to the Local Roads Plan - Portal Precinct, Revision E dated 31 January 2025, submitted to the Planning Secretary for approval in accordance with condition E132 for Stage 2 of SSI-8863. I also acknowledge and thank you for your responses to the Department's review comments and request for additional information

I note the Local Roads Plan – Portal Precinct, Revision E:

- includes proposed heavy vehicle use of:
 - Rosalind Street (between WFU9 access and Anzac Avenue);
 - Anzac Avenue (between Rosalind Street and Cammeray Ave);
 - Anzac Avenue (between Ernest Street and Cammeray Avenue); and
 - Cammeray Avenue (between the Ernest St and Anzac Ave).
- describes how traffic impacts will be managed during the Project's Portal Precinct construction works;
- was endorsed by a suitably qualified traffic engineer Mr Denis Fung from CPB Downer; and
- has been reviewed by Transport for NSW and no issues were raised.

Accordingly, as nominee of the Planning Secretary, I approve the use of local roads as set out in Local Roads Plan – Portal Precinct Revision E until 31 December 2025, subject to the condition that no heavy vehicle movements along Anzac Avenue occur during School Zone times (8am – 9:30am and 2:30pm to 4:00pm) on school days.

Further extensions to the use of these roads will require the Department's review and approval.

As per condition E132, the Traffic, Transport and Access Management CEMP Sub-Plan is required to be updated following this approval. Please ensure that North Sydney Council, ANZAC Park Public School, Bike North and Bicycle NSW are informed of the approved local road usage and the measures in place to minimise impacts for the duration of the works.

If you wish to discuss the matter further, please contact Sam Heaton at Samuel.Heaton@dpie.nsw.gov.au.

Yours sincerely
