Subject: M6 Stage 1 - Bruce Street Tree Report, condition E146

Dear Ms Avila,

I refer to the M6 Stage 1 Bruce Street Tree Report, dated 9 June 2024 which was submitted to the Planning Secretary for approval as required under condition E146 of SSI-8931.

I note that the Bruce Street Tree Report:

- has been prepared by an independent experienced and suitably qualified arborist, Danny Draper from Urban Tree Management Australia Pty Ltd;
- identifies and provides justification for the removal of one tree on Bruce Street due to major impacts on the radial Tree Protection Zone and Structural Root Zone as a result of the proposed raised pedestrian crossing;
- has been reviewed by Transport for NSW and no issues were raised; and
- contains the information required by the conditions of approval.

As nominee of the Planning Secretary, I approve the Bruce Street Tree Report dated 9 June 2024 under condition E146 of SSI-8931. Please ensure that the approved Tree Report is placed on the project website in accordance with condition B15.

You are reminded that if there are any inconsistencies between the approved Bruce Street Tree Report and the conditions of approval then the requirements of the conditions of approval will prevail.

If you wish to discuss the matter further, please contact Sam Heaton at [Samuel.Heaton@dpie.nsw.gov.au](mailto:Samuel.Heaton@dpie.nsw.gov.au).

Yours sincerely

Shelley Reed
