Subject: M6 Stage 1 - Air Quality Community Consultative Committee (AQCCC) – Meeting Variation Request

Dear Mr Voigt,

I refer to your submission dated 12 July 2024 requesting a variation to the number of AQCCC meetings during 2024 from four (4) to two (2) under condition E2(b) of SSI-8931.

I note that the:

- AQCCC Chair has provided advice to support the variation to the number of meetings during 2023; and
- next anticipated document requiring AQCCC consultation is the Ambient Air Quality Protocol, which is due at least 6 months prior to the commencement of operation.

Accordingly, as nominee of the Planning Secretary I approve the variation in AQCCC meetings during 2024 from four (4) to two (2) in accordance with Condition E2(b) of SSI-8931.

You are reminded that from 2025 AQCCC meetings will return to a minimum of four (4) per year as required by condition E2(b).

Please ensure that if the AQCCC Chair determines the need for additional meetings during 2024, then the Project will facilitate this.

If you wish to discuss the matter further, please contact Sam Heaton at Samuel.Heaton@dpie.nsw.gov.au.

Yours sincerely

Shelley Reed
Team Leader
Infrastructure Management

As nominee of the Planning Secretary
