Subject: M6 Stage 1 (SSI-8931) – Remediation Action Plan – Rockdale Bicentennial Park, condition E112

Dear Mr Voigt,

I refer to the Remediation Action Plan (RAP) – Rockdale Bicentennial Park Revision 5, dated 17 March 2025 submitted to the Planning Secretary for information under condition E112 of SSI-8931.

I note that the RAP, Revision 5:

- details how the environmental and human health risks will be managed during the disturbance, remediation and/or removal of contaminated soil or groundwater as required by condition E112 and includes -
 - the remediation and validation actions to be implemented; and
 - minimum controls necessary to complete the proposed remedial works that minimises negative impacts upon worker health and safety and the environment;
- has been reviewed by the NSW EPA Accredited Site Auditor, Dr Ian Swane of Ian Swane & Associates Pty Ltd; and
- has been reviewed by Transport for NSW and no issues have been raised;

I further note that an Interim Audit Advice has been submitted with the RAP, dated 17 May 2025. The review concluded that the RAP has met condition E112 for the remediation of contamination at land disturbed by the M6S1 Project at Bicentennial Park when considered with the Interim Audit Advice.

The Department acknowledges the receipt of the Remediation Action Plan (RAP) for Rockdale Bicentennial Park, Revision 5 dated 17 May 2025 under condition E112 of SSI-8931.

If there are any inconsistencies between the documents and the conditions of approval, the conditions prevail.

If you have any enquiries, please contact Sarah Kamarudin at sarah.kamarudin@dpie.nsw.gov.au

Yours sincerely
