Dear Ms. Avila

M6S1 Stage 2 (SSI-8931)

Tree Report (Arboricultural Impact Assessment) – Condition E146

I refer to the Tree Report Revision 6, dated April 2022 which was submitted for approval as required under condition E146 of SSI 8931. I acknowledge and thank you for your response to the Department's review comments and request for additional information.

I note that the Tree Report Revision 6:

- added Trees 63 and 64 to the list of trees to be removed;
- has been reviewed by Transport for NSW and no issues were raised; and
- continues to meet the requirements of condition E146;

Accordingly, as a nominee of the Planning Secretary, I approve the Tree Report Revision 6 dated April 2022 under condition E146 of SSI 8931.

I remind you of your ongoing commitment to implement measures to avoid the removal of trees and to minimise damage to existing trees.

Please ensure that the revised Tree Report is placed on the project website in accordance with condition B15.

You are also reminded that if there are any inconsistencies between the approved Tree Report, Revision 6 and the conditions of approval then the requirements of the conditions of approval will prevail.

If you wish to discuss the matter further, please contact Sam Heaton at samuel.heaton@dpie.nsw.gov.au.

Yours sincerely
