Dear Ms Avila,

**M6 Stage 1 (SSI-8931)
Submission of Monitoring Reports (November 2021 – April 2022)**

I refer to your submission dated 28 June 2022 requesting an alternate timeframe for submission of the 6 Monthly Monitoring Reports for Air Quality and Noise and Vibration for the reporting period of November 2021 – April 2022.

The Department notes that the reports have been delayed due to a new online monitoring and reporting tool requiring further data refinement for consistency and the ongoing Covid pandemic affecting the project team.

Accordingly, the Department agrees to your request for the 6 Monthly Monitoring Reports for Air Quality and Noise and Vibration, for the reporting period of November 2021 – April 2022, to be submitted by 20 July 2022.

If you wish to discuss the matter further, please contact Sidonie Crepeau at sidonie.crepeau@planning.nsw.gov.au.

Yours sincerely,
