**M6 Stage 1 Project (SSI-8931)**  
**Air Quality Community Consultative Committee – Expression of Interest Process**  
**(Condition E2(a)(iii))**

Dear Ms Avilla

I refer to your submission dated 20 July 2022, requesting approval of the Expression of Interest (EOI) Process to seek local community representatives for the Air Quality Community Consultative Committee (AQCCC) as required under condition E2(a)(iii) of SSI-8931.

I note the EOI process for the AQCCC local community representatives will be conducted by Transport for NSW and include:

- advertisement on the Project's website, Facebook and local newspaper;
- targeting residents near each ventilation facility by printed community notifications; and
- contacting local school principals and members of the community using local connections.

As nominee of the Planning Secretary, I approve the Expression of Interest Process to seek local community representatives for the Air Quality Community Consultative Committee as outlined in your letter dated 20 July 2022 under Condition E2(a)(iii) and subject to the EOI process being open for a minimum of four (4) weeks.

I remind you that the AQCCC must contain three representatives from each local community adjacent to each ventilation facility whose attendance is only required when considering matters relevant to their respective local areas.

If you wish to discuss the matter further, please contact Mike Pereira at [mike.pereira@dpie.nsw.gov.au](mailto:mike.pereira@dpie.nsw.gov.au).

Yours sincerely
