

Appendix B – Section 10.7 Planning Certificates

CERTIFICATE	201803300
Issued	16 July 2018
Certificate Type	Sections 10.7(2) & (5)
Fee	\$133.00
Your Reference	SECTION10.7CERTS:148824
Council Property Reference	384722

Colee Quayle

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 1 DP 203783
	Location	Lot 1 Springhill Road SPRING HILL NSW 2500

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

IN3 – Heavy Industrial (Three Ports) 2013

2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent

Environmental protection works.

3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

Depots; Food and drink premises; Freight transport facilities; heavy industries; Port facilities; Roads; Transport depots; Warehouse or distribution centres; Waste or resource management facilities.

4. The purposes for which the instrument provides that development is prohibited within the zone.

Any development not specified in item (2) or (3).

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,

- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or
- (b) a Precinct Plan (within the meaning of the 2006 SEPP),
- (c) a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Housing Alterations Code
- General Development Code
- Commercial and Industrial (New Buildings and Additions) Code
- Commercial and Industrial (Alterations) Code
- Subdivision Code
- Demolition Code
- Container Recycling Facilities Code
- Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

(a) Division 2 of Part 3 of the Roads Act 1993 or

(b) Any environmental planning instrument or

(c) Any resolution of the council

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

a) adopted by the council, or

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside area under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department of Planning, and
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

- (3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and**
- (c) that a copy may be obtained from the head office of the Department.**

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

- (a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and**
- (b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.**

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**

- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws you attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to

introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

AND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low and Medium Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soil Class 5 has been mapped on this land.

Acid Sulfate Soils Class 4 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This

species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa “Brunniana”	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica “Decora” and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council’s website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an "Approval to Operate" from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council's commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council's website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 1 DP 606430
	Location	Lot 1 Springhill Road SPRING HILL NSW 2500

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

State Environmental Planning Policy – Coastal Management 2018 (part of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

IN3 – Heavy Industrial (Three Ports) 2013

2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent

Environmental protection works.

3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

Depots; Food and drink premises; Freight transport facilities; heavy industries; Port facilities; Roads; Transport depots; Warehouse or distribution centres; Waste or resource management facilities.

4. The purposes for which the instrument provides that development is prohibited within the zone.

Any development not specified in item (2) or (3).

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,

- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or
- (b) a Precinct Plan (within the meaning of the 2006 SEPP),
- (c) a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(3) The land is identified on an Acid Sulphate Soils Map as being **Acid Class 1 or Acid Class 2 (or both)**. A restriction applies to the land, but **may not apply to all of the land**. Council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: "Existing coastal protection works" are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

(a) Division 2 of Part 3 of the Roads Act 1993 or

(b) Any environmental planning instrument or

(c) Any resolution of the council

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

a) adopted by the council, or

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13

Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the

Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:**
 - (a) the period for which the certificate is current, and**
 - (b) that a copy may be obtained from the head office of the Department of Planning, and**
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land**

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004
Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and**
- (b) that a copy may be obtained from the head office of the Department.**

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:**
 - (a) the period for which the certificate is current, and**
 - (b) that a copy may be obtained from the head office of the Department.**
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.**

State Environmental Planning Policy (Affordable Rental Housing) 2009

Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.**

Nil

- (2) The date of any subdivision order that applies to the land.**

Not applicable

- (3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.**

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and**

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and**
- (c) that a copy may be obtained from the head office of the Department.**

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**

- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low, Medium and High Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soils Class 1 has been mapped on this land.

Acid Sulfate Soil Class 3 has been mapped on this land.

Acid Sulfate Soil Class 5 has been mapped on this land.

Acid Sulfate Soils Class 4 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

The "Dendrobium" underground coal mine, surface facilities at Nebo Mine Site, overland conveyor, Kemira Valley Coal Handling Facility, rail line to the Port Kembla Steelworks, the BHP washing facilities and thermal coal drying facility at the Steelworks, and the waste disposal area at Westcliff Colliery are State Significant Development. Department of Infrastructure Planning and Natural Resources reference number S00/001177 DA 60-03-01 and Council file number SU 17651 (exhibition date 27 April 2001).

Enquiries concerning the effect of the development should be made to the Department of Infrastructure Planning and Natural Resources.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Council has no record to indicate the land has been filled or partially filled during the course of subdivision, however field work indicates the site to be subject to filling. If you have any doubt as to whether the land is affected by fill material the services of a suitably qualified engineer should be

obtained. **Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)**

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa “Brunniana”	Golden Cypress
Lagauria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica “Decora” and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council’s website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council’s Tree Management Policy including how to lodge an application can be made by contacting Council’s Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council’s website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an “Approval to Operate” from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council’s commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council’s website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 1 DP 606434
	Location	Lot 1 Five Islands Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

State Environmental Planning Policy – Coastal Management 2018 (part of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

- 1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)**

IN3 – Heavy Industrial (Three Ports) 2013

- 2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Environmental protection works.

- 3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent**

Depots; Food and drink premises; Freight transport facilities; heavy industries; Port facilities; Roads; Transport depots; Warehouse or distribution centres; Waste or resource management facilities.

- 4. The purposes for which the instrument provides that development is prohibited within the zone.**

Any development not specified in item (2) or (3).

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

- 1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)**

SP1 – Special Activities (Three Ports) 2013

- 2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Jetties; Moorings; Roads.

3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

Capital dredging; Environmental facilities; Environmental protection works; Maintenance dredging; Navigation and emergency response facilities; Port facilities; Neighbourhood Shops; Wharf or boating facilities; Any other development not specified in item 2 and 4

4. The purposes for which the instrument provides that development is prohibited within the zone.

Bulky goods premises; Business premises; Caravan parks; Cemeteries; Centre-based child care facilities; Crematoria; Educational establishments; Entertainment facilities; Function centres; Funeral homes; Garden centres; Hardware and building supplies; Medical centres; Office premises; Places of public worship; Recreation facilities (indoor); Registered clubs; Residential accommodation; Respite day care centres; Restricted premises; Shops; Tourist and visitor accommodation; Vehicle sales and hire premises.

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (3) The land is identified on an Acid Sulphate Soils Map as being Acid Class 1 or Acid Class 2 (or both). A restriction applies to the land, but may not apply to all of the land. Council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.**

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: "Existing coastal protection works" are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

- (a) Division 2 of Part 3 of the Roads Act 1993 or**
- (b) Any environmental planning instrument or**
- (c) Any resolution of the council**

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

- a) adopted by the council, or**
- b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).**

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department of Planning, and
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004
Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

(1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

(2) The date of any subdivision order that applies to the land.

Not applicable

(3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

(a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4.4A of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

(b) the date on which the certificate ceases to be current (if any), and

(c) that a copy may be obtained from the head office of the Department.

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has not been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997

HOWEVER the land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low, Medium and High Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soils Class 1 has been mapped on this land.
Acid Sulfate Soil Class 3 has been mapped on this land.
Acid Sulfate Soils Class 4 has been mapped on this land.
Acid Sulfate Soil Class 5 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

The "Dendrobium" underground coal mine, surface facilities at Nebo Mine Site, overland conveyor, Kemira Valley Coal Handling Facility, rail line to the Port Kembla Steelworks, the BHP washing facilities and thermal coal drying facility at the Steelworks, and the waste disposal area at Westcliff Colliery are State Significant Development. Department of Infrastructure Planning and Natural Resources reference number S00/001177 DA 60-03-01 and Council file number SU 17651 (exhibition date 27 April 2001).

Enquiries concerning the effect of the development should be made to the Department of Infrastructure Planning and Natural Resources.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa “Brunniana”	Golden Cypress
Lagauria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica “Decora” and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council’s website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council’s Tree Management Policy including how to lodge an application can be made by contacting Council’s Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council’s website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an “Approval to Operate” from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council’s commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council’s website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 1 DP 785374
	Location	Lot 1 Five Islands Road SPRING HILL NSW 2500

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

IN3 – Heavy Industrial (Three Ports) 2013

2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent

Environmental protection works.

3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

Depots; Food and drink premises; Freight transport facilities; heavy industries; Port facilities; Roads; Transport depots; Warehouse or distribution centres; Waste or resource management facilities.

4. The purposes for which the instrument provides that development is prohibited within the zone.

Any development not specified in item (2) or (3).

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,

- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or
- (b) a Precinct Plan (within the meaning of the 2006 SEPP),
- (c) a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Housing Alterations Code
- General Development Code
- Commercial and Industrial (New Buildings and Additions) Code
- Commercial and Industrial (Alterations) Code
- Subdivision Code
- Demolition Code
- Container Recycling Facilities Code
- Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

(a) Division 2 of Part 3 of the Roads Act 1993 or

(b) Any environmental planning instrument or

(c) Any resolution of the council

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

a) adopted by the council, or

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside area under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department of Planning, and
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

- (3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and**
- (c) that a copy may be obtained from the head office of the Department.**

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

- (a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and**
- (b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.**

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**

- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws you attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to

introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low and Medium Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soil Class 5 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111.

Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an "Approval to Operate" from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council's commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council's website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

CERTIFICATE	201803307
Issued	16 July 2018
Certificate Type	Sections 10.7(2) & (5)
Fee	\$133.00
Your Reference	SECTION10.7CERTS:148824
Council Property Reference	305997

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 2 DP 570107
	Location	Centenary Park Five Islands Road SPRING HILL NSW 2500

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

Wollongong Local Environmental Plan 2009

State Environmental Planning Policies

- State Environmental Planning Policy (Three Ports) 2013
- State Environmental Planning Policy (Rural Lands) 2008
- State Environmental Planning Policy (Sydney Drinking Water Catchment) 2011
- State Environmental Planning Policy (State and Regional Development) 2011
- State Environmental Planning Policy (Urban Renewal) 2010
- State Environmental Planning Policy (Affordable Rental Housing) 2009
- State Environmental Planning Policy (Exempt and Complying Codes) 2008 (Amendment 2017)
- State Environmental Planning Policy (Infrastructure) 2007
- State Environmental Planning Policy (Miscellaneous Consent Provisions) 2007
- State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007
- State Environmental Planning Policy (State Significant Precincts) 2005
- State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004

State Environmental Planning Policy (Housing for seniors or People with a Disability) 2004
 State Environmental Planning Policy No 70 (Affordable Housing (Revised Schemes))
 State Environmental Planning Policy No. 65 – Design Quality of Residential Apartment Development
 State Environmental Planning Policy No. 64 – Advertising and Signage
 State Environmental Planning Policy No. 62 – Sustainable Aquaculture
 State Environmental Planning Policy No. 55 – Remediation of Land
 State Environmental Planning Policy No. 50 – Canal Estate Development
 State Environmental Planning Policy No. 44 – Koala Habitat Protection
 State Environmental Planning Policy No. 36 – Manufactured Home Estates
 State Environmental Planning Policy No. 33 – Hazardous and Offensive Development
 State Environmental Planning Policy No. 30 – Intensive Agriculture
 State Environmental Planning Policy No. 21 – Caravan Parks
 State Environmental Planning Policy No. 26 – Littoral Rainforests
 State Environmental Planning Policy No. 14 – Coastal Wetlands
 State Environmental Planning Policy – Vegetation (in Non Rural areas) 2017
 State Environmental Planning Policy (Educational Establishments and Child Care Facilities) 2017
 State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013
 Draft State Environmental Planning Policy - Advertising and Signage Amendments
 Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013
 Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013
 Draft State Environmental Planning Policy – Koala Habitat Protection
 Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017
 Draft State Environmental Planning Policy – Primary Production and Rural Development.
 Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)
 Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)
 Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)
 Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017
 Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)
 Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPs

Wollongong Local Environmental Plan 2009.

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a State Environmental Planning Policy or proposed State Environmental Planning Policy) that includes the land in any zone (however described):

- (a) the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

RE2 – Private Recreation

- (b) the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent

Nil.

- (c) the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

Animal boarding or training establishments; Boat building and repair facilities;

Boat sheds; Camping grounds; Caravan parks; Cemeteries; Centre-based child care facilities; Community facilities; Entertainment facilities; Environmental facilities; Environmental protection works; Extensive agriculture; Function Centres; Kiosks; Markets; Recreation areas; Recreation facilities (indoor); Recreation facilities (major); Recreation facilities (outdoor); Registered clubs; Respite day care centres; Restaurants or cafes; Roads; Signage; Take away food and drink premises; Water recreational structures.

(d) the purposes for which the instrument provides that development is prohibited within the zone.

Any development not specified in subclause (2) or (3).

Note: For subdivision consent requirements see Clause 2.6, of Wollongong Local Environmental Plan 2009.

Demolition of a building or work requires consent see Clause 2.6AA, of Wollongong Local Environmental Plan 2009.

Development below the mean high water mark requires consent see Clause 5.7, of Wollongong Local Environmental Plan 2009.

Note: Wollongong Local Environmental Plan 2009 should be consulted to ascertain its full effect on the land.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) a Precinct Plan (within the meaning of the 2006 SEPP),**

- (c) a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (1) Subject to the terms of each code, and the zoning of the land, complying development may be carried out for the following codes to the extent that the land has no affectation.
- Housing Code (R1, R2, R3, R4, RU5)
 - Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
 - Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
 - Housing Alterations Code
 - General Development Code
 - Commercial and Industrial (New Buildings and Additions) Code
 - Commercial and Industrial (Alterations) Code
 - Subdivision Code
 - Demolition Code
 - Container Recycling Facilities Code
 - Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

- (a) Division 2 of Part 3 of the Roads Act 1993 or**
- (b) Any environmental planning instrument or**
- (c) Any resolution of the council**

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

- a) adopted by the council, or**
- b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).**

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.

- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:**
 - (a) the period for which the certificate is current, and**
 - (b) that a copy may be obtained from the head office of the Department of Planning,****and**

- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004
Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
- (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

(3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

(a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

(b) the date on which the certificate ceases to be current (if any), and

(c) that a copy may be obtained from the head office of the Department.

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws you attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice

provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low and Medium Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100

year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soils Class 5 has been mapped on this land, refer to Clause 7.5 of Wollongong Local Environmental Plan 2009.

Acid Sulfate Soil Class 5 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an "Approval to Operate" from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council's commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council's website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 2 DP 837554
	Location	Lot 2 Springhill Road SPRING HILL NSW 2500

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

IN3 – Heavy Industrial (Three Ports) 2013

2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent

Environmental protection works.

3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

Depots; Food and drink premises; Freight transport facilities; heavy industries; Port facilities; Roads; Transport depots; Warehouse or distribution centres; Waste or resource management facilities.

4. The purposes for which the instrument provides that development is prohibited within the zone.

Any development not specified in item (2) or (3).

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,

- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or
- (b) a Precinct Plan (within the meaning of the 2006 SEPP),
- (c) a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Housing Alterations Code
- General Development Code
- Commercial and Industrial (New Buildings and Additions) Code
- Commercial and Industrial (Alterations) Code
- Subdivision Code
- Demolition Code
- Container Recycling Facilities Code
- Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

(a) Division 2 of Part 3 of the Roads Act 1993 or

(b) Any environmental planning instrument or

(c) Any resolution of the council

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

a) adopted by the council, or

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside area under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department of Planning, and
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

- (3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and**
- (c) that a copy may be obtained from the head office of the Department.**

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

- (a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and**
- (b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.**

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**

- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to

introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low, Medium and High Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soil Class 5 has been mapped on this land.

Acid Sulfate Soils Class 4 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This

species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an "Approval to Operate" from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council's commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council's website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 2 DP 1125445
	Location	Lot 2 Springhill Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.
The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt

development, under *State Environmental Planning Policy (Infrastructure) 2007*.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

SP1 – Special Activities (Three Ports) 2013

2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent

Jetties; Moorings; Roads.

3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

Capital dredging; Environmental facilities; Environmental protection works; Maintenance dredging; Navigation and emergency response facilities; Port facilities; Neighbourhood Shops; Wharf or boating facilities; Any other development not specified in item 2 and 4

4. The purposes for which the instrument provides that development is prohibited within the zone.

Bulky goods premises; Business premises; Caravan parks; Cemeteries; Centre-based child care facilities; Crematoria; Educational establishments; Entertainment facilities; Function centres; Funeral homes; Garden centres; Hardware and building supplies; Medical centres; Office premises; Places of public worship; Recreation facilities (indoor); Registered clubs; Residential accommodation; Respite day care centres; Restricted premises; Shops; Tourist and visitor accommodation; Vehicle sales and hire premises.

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) **Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) **a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) **a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.
- Housing Code (R1, R2, R3, R4, RU5)
 - Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
 - Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
 - Housing Alterations Code
 - General Development Code
 - Commercial and Industrial (New Buildings and Additions) Code
 - Commercial and Industrial (Alterations) Code
 - Subdivision Code
 - Demolition Code
 - Container Recycling Facilities Code
 - Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: "Existing coastal protection works" are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

- (a) Division 2 of Part 3 of the Roads Act 1993 or**
- (b) Any environmental planning instrument or**
- (c) Any resolution of the council**

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

- a) adopted by the council, or**
- b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).**

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:**
 - (a) the period for which the certificate is current, and**
 - (b) that a copy may be obtained from the head office of the Department of Planning,**
and
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land**

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and**
- (b) that a copy may be obtained from the head office of the Department.**

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

(1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is current, and**
- (b) that a copy may be obtained from the head office of the Department.**

(2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

(1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

(2) The date of any subdivision order that applies to the land.

Not applicable

(3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and**

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and**
- (c) that a copy may be obtained from the head office of the Department.**

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

- (a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and**
- (b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.**

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**

- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws you attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to

introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low and Medium Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within

the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soils Class 4 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an “Approval to Operate” from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council’s commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council’s website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 3 DP 837554
	Location	Lot 3 Springhill Road SPRING HILL NSW 2500

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

State Environmental Planning Policy – Coastal Management 2018 (part of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

IN3 – Heavy Industrial (Three Ports) 2013

2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent

Environmental protection works.

3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

Depots; Food and drink premises; Freight transport facilities; heavy industries; Port facilities; Roads; Transport depots; Warehouse or distribution centres; Waste or resource management facilities.

4. The purposes for which the instrument provides that development is prohibited within the zone.

Any development not specified in item (2) or (3).

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,

- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or
- (b) a Precinct Plan (within the meaning of the 2006 SEPP),
- (c) a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Housing Alterations Code
- General Development Code
- Commercial and Industrial (New Buildings and Additions) Code
- Commercial and Industrial (Alterations) Code
- Subdivision Code
- Demolition Code
- Container Recycling Facilities Code
- Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

(a) Division 2 of Part 3 of the Roads Act 1993 or

(b) Any environmental planning instrument or

(c) Any resolution of the council

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

a) adopted by the council, or

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside area under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department of Planning, and
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

- (3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and**
- (c) that a copy may be obtained from the head office of the Department.**

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

- (a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and**
- (b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.**

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**

- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to

introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low and Medium Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soil Class 5 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111.

Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an "Approval to Operate" from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council's commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council's website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 6 DP 837554
	Location	Lot 6 Springhill Road SPRING HILL NSW 2500

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

IN3 – Heavy Industrial (Three Ports) 2013

2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent

Environmental protection works.

3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

Depots; Food and drink premises; Freight transport facilities; heavy industries; Port facilities; Roads; Transport depots; Warehouse or distribution centres; Waste or resource management facilities.

4. The purposes for which the instrument provides that development is prohibited within the zone.

Any development not specified in item (2) or (3).

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,

- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or
- (b) a Precinct Plan (within the meaning of the 2006 SEPP),
- (c) a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Housing Alterations Code
- General Development Code
- Commercial and Industrial (New Buildings and Additions) Code
- Commercial and Industrial (Alterations) Code
- Subdivision Code
- Demolition Code
- Container Recycling Facilities Code
- Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

(a) Division 2 of Part 3 of the Roads Act 1993 or

(b) Any environmental planning instrument or

(c) Any resolution of the council

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

a) adopted by the council, or

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside area under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department of Planning, and
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

- (3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and**
- (c) that a copy may be obtained from the head office of the Department.**

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

- (a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and**
- (b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.**

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**

- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to

introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low, Medium and High Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soil Class 5 has been mapped on this land.

Acid Sulfate Soils Class 4 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This

species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an "Approval to Operate" from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council's commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council's website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 10 DP 1182111
	Location	Lot 10 Springhill Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

- 1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)**

SP1 – Special Activities (Three Ports) 2013

- 2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Jetties; Moorings; Roads.

- 3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent**

Capital dredging; Environmental facilities; Environmental protection works; Maintenance dredging; Navigation and emergency response facilities; Port facilities; Neighbourhood Shops; Wharf or boating facilities; Any other development not specified in item 2 and 4

- 4. The purposes for which the instrument provides that development is prohibited within the zone.**

Bulky goods premises; Business premises; Caravan parks; Cemeteries; Centre-based child care facilities; Crematoria; Educational establishments; Entertainment facilities; Function centres; Funeral homes; Garden centres; Hardware and building supplies; Medical centres; Office premises; Places of public worship; Recreation facilities (indoor); Registered clubs; Residential accommodation; Respite day care centres; Restricted premises; Shops; Tourist and visitor accommodation; Vehicle sales and hire premises.

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) **Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) **a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) **a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.
- Housing Code (R1, R2, R3, R4, RU5)
 - Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
 - Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
 - Housing Alterations Code
 - General Development Code
 - Commercial and Industrial (New Buildings and Additions) Code
 - Commercial and Industrial (Alterations) Code
 - Subdivision Code
 - Demolition Code
 - Container Recycling Facilities Code
 - Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: "Existing coastal protection works" are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

- (a) Division 2 of Part 3 of the Roads Act 1993 or**
- (b) Any environmental planning instrument or**
- (c) Any resolution of the council**

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

- a) adopted by the council, or**
- b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).**

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:**
 - (a) the period for which the certificate is current, and**
 - (b) that a copy may be obtained from the head office of the Department of Planning,****and**

- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004
Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
- (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

(3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

(a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

(b) the date on which the certificate ceases to be current (if any), and

(c) that a copy may be obtained from the head office of the Department.

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws you attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice

provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soil Class 3 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any,

on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa “Brunniana”	Golden Cypress
Lagauria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica “Decora” and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council’s website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council’s Tree Management Policy including how to lodge an application can be made by contacting Council’s Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council’s website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an “Approval to Operate” from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council’s commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council’s website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 11 DP 1182111
	Location	Lot 11 Springhill Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

- 1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)**

SP1 – Special Activities (Three Ports) 2013

- 2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Jetties; Moorings; Roads.

- 3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent**

Capital dredging; Environmental facilities; Environmental protection works; Maintenance dredging; Navigation and emergency response facilities; Port facilities; Neighbourhood Shops; Wharf or boating facilities; Any other development not specified in item 2 and 4

- 4. The purposes for which the instrument provides that development is prohibited within the zone.**

Bulky goods premises; Business premises; Caravan parks; Cemeteries; Centre-based child care facilities; Crematoria; Educational establishments; Entertainment facilities; Function centres; Funeral homes; Garden centres; Hardware and building supplies; Medical centres; Office premises; Places of public worship; Recreation facilities (indoor); Registered clubs; Residential accommodation; Respite day care centres; Restricted premises; Shops; Tourist and visitor accommodation; Vehicle sales and hire premises.

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) **Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) **a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) **a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.
- Housing Code (R1, R2, R3, R4, RU5)
 - Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
 - Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
 - Housing Alterations Code
 - General Development Code
 - Commercial and Industrial (New Buildings and Additions) Code
 - Commercial and Industrial (Alterations) Code
 - Subdivision Code
 - Demolition Code
 - Container Recycling Facilities Code
 - Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: "Existing coastal protection works" are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

- (a) Division 2 of Part 3 of the Roads Act 1993 or**
- (b) Any environmental planning instrument or**
- (c) Any resolution of the council**

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

- a) adopted by the council, or**
- b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).**

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:**
 - (a) the period for which the certificate is current, and**
 - (b) that a copy may be obtained from the head office of the Department of Planning,****and**

- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004
Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
- (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

(3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

(a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

(b) the date on which the certificate ceases to be current (if any), and

(c) that a copy may be obtained from the head office of the Department.

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws you attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice

provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Medium and High Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soils Class 4 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any,

on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa “Brunniana”	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica “Decora” and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council’s website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council’s Tree Management Policy including how to lodge an application can be made by contacting Council’s Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council’s website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an “Approval to Operate” from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council’s commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council’s website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 12 DP 1182111
	Location	Lot 12 Springhill Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

- 1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)**

SP1 – Special Activities (Three Ports) 2013

- 2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Jetties; Moorings; Roads.

- 3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent**

Capital dredging; Environmental facilities; Environmental protection works; Maintenance dredging; Navigation and emergency response facilities; Port facilities; Neighbourhood Shops; Wharf or boating facilities; Any other development not specified in item 2 and 4

- 4. The purposes for which the instrument provides that development is prohibited within the zone.**

Bulky goods premises; Business premises; Caravan parks; Cemeteries; Centre-based child care facilities; Crematoria; Educational establishments; Entertainment facilities; Function centres; Funeral homes; Garden centres; Hardware and building supplies; Medical centres; Office premises; Places of public worship; Recreation facilities (indoor); Registered clubs; Residential accommodation; Respite day care centres; Restricted premises; Shops; Tourist and visitor accommodation; Vehicle sales and hire premises.

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) **Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) **a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) **a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(3) The land is identified on an Acid Sulphate Soils Map as being **Acid Class 1 or Acid Class 2 (or both)**. A restriction applies to the land, but **may not apply to all of the land**. Council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: "Existing coastal protection works" are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

- (a) Division 2 of Part 3 of the Roads Act 1993 or**
- (b) Any environmental planning instrument or**
- (c) Any resolution of the council**

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

- a) adopted by the council, or**
- b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).**

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:**
 - (a) the period for which the certificate is current, and**
 - (b) that a copy may be obtained from the head office of the Department of Planning,****and**
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land**

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004
Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007

Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009

Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

- (3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and**
- (c) that a copy may be obtained from the head office of the Department.**

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

- (a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and**
- (b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.**

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**

- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws you attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port

Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low, Medium and High Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soils Class 4 has been mapped on this land.
Acid Sulfate Soil Class 3 has been mapped on this land.
Acid Sulfate Soils Class 1 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined

following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an "Approval to Operate" from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council's commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council's website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Certificate Type	Sections 10.7(2) & (5)
Fee	\$133.00
Your Reference	SECTION10.7CERTS:148824
Council Property Reference	390015

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 20 DP 1046295
	Location	Grain Terminal Tom Thumb Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt

development, under *State Environmental Planning Policy (Infrastructure) 2007*.
State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPs

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

- 1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)**

SP1 – Special Activities (Three Ports) 2013

- 2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Jetties; Moorings; Roads.

- 3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent**

Capital dredging; Environmental facilities; Environmental protection works; Maintenance dredging; Navigation and emergency response facilities; Port facilities; Neighbourhood Shops; Wharf or boating facilities; Any other development not specified in item 2 and 4

- 4. The purposes for which the instrument provides that development is prohibited within the zone.**

Bulky goods premises; Business premises; Caravan parks; Cemeteries; Centre-based child care facilities; Crematoria; Educational establishments; Entertainment facilities; Function centres; Funeral homes; Garden centres; Hardware and building supplies; Medical centres; Office premises; Places of public worship; Recreation facilities (indoor); Registered clubs; Residential accommodation; Respite day care centres; Restricted premises; Shops; Tourist and visitor accommodation; Vehicle sales and hire premises.

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) **Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) **a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) **a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.
- Housing Code (R1, R2, R3, R4, RU5)
 - Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
 - Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
 - Housing Alterations Code
 - General Development Code
 - Commercial and Industrial (New Buildings and Additions) Code
 - Commercial and Industrial (Alterations) Code
 - Subdivision Code
 - Demolition Code
 - Container Recycling Facilities Code
 - Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

(a) Division 2 of Part 3 of the Roads Act 1993 or

(b) Any environmental planning instrument or

(c) Any resolution of the council

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

a) adopted by the council, or

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:**
 - (a) the period for which the certificate is current, and**
 - (b) that a copy may be obtained from the head office of the Department of Planning,****and**

- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004
Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
- (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

(3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

(a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

(b) the date on which the certificate ceases to be current (if any), and

(c) that a copy may be obtained from the head office of the Department.

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws you attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice

provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soil Class 3 has been mapped on this land.
Acid Sulfate Soils Class 4 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services

of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Lagauria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an “Approval to Operate” from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council’s commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council’s website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

CERTIFICATE	201803292
Issued	16 July 2018
Certificate Type	Sections 10.7(2) & (5)
Fee	\$133.00
Your Reference	SECTION10.7CERTS:148824
Council Property Reference	390016

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 21 DP 1046295
	Location	Grain Terminal Tom Thumb Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt

development, under *State Environmental Planning Policy (Infrastructure) 2007*.
State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

- 1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)**

SP1 – Special Activities (Three Ports) 2013

- 2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Jetties; Moorings; Roads.

- 3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent**

Capital dredging; Environmental facilities; Environmental protection works; Maintenance dredging; Navigation and emergency response facilities; Port facilities; Neighbourhood Shops; Wharf or boating facilities; Any other development not specified in item 2 and 4

- 4. The purposes for which the instrument provides that development is prohibited within the zone.**

Bulky goods premises; Business premises; Caravan parks; Cemeteries; Centre-based child care facilities; Crematoria; Educational establishments; Entertainment facilities; Function centres; Funeral homes; Garden centres; Hardware and building supplies; Medical centres; Office premises; Places of public worship; Recreation facilities (indoor); Registered clubs; Residential accommodation; Respite day care centres; Restricted premises; Shops; Tourist and visitor accommodation; Vehicle sales and hire premises.

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) **Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) **a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) **a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.
- Housing Code (R1, R2, R3, R4, RU5)
 - Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
 - Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
 - Housing Alterations Code
 - General Development Code
 - Commercial and Industrial (New Buildings and Additions) Code
 - Commercial and Industrial (Alterations) Code
 - Subdivision Code
 - Demolition Code
 - Container Recycling Facilities Code
 - Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

(a) Division 2 of Part 3 of the Roads Act 1993 or

(b) Any environmental planning instrument or

(c) Any resolution of the council

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

a) adopted by the council, or

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:**
 - (a) the period for which the certificate is current, and**

(b) that a copy may be obtained from the head office of the Department of Planning,
and

- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004
Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
(b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is current, and
(b) that a copy may be obtained from the head office of the Department.

- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

(1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

(2) The date of any subdivision order that applies to the land.

Not applicable

(3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

(a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

(b) the date on which the certificate ceases to be current (if any), and

(c) that a copy may be obtained from the head office of the Department.

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soil Class 3 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa “Brunniana”	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica “Decora” and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council’s website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council’s Tree Management Policy including how to lodge an application can be made by contacting Council’s Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council’s website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an “Approval to Operate” from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council’s commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council’s website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

CERTIFICATE	201803287
Issued	16 July 2018
Certificate Type	Sections 10.7(2) & (5)
Fee	\$133.00
Your Reference	SECTION10.7CERTS:148824
Council Property Reference	389043

Colee Quayle

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 22 DP 1128396
	Location	Lot 22 Port Kembla Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

- 1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)**

SP1 – Special Activities (Three Ports) 2013

- 2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Jetties; Moorings; Roads.

- 3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent**

Capital dredging; Environmental facilities; Environmental protection works; Maintenance dredging; Navigation and emergency response facilities; Port facilities; Neighbourhood Shops; Wharf or boating facilities; Any other development not specified in item 2 and 4

- 4. The purposes for which the instrument provides that development is prohibited within the zone.**

Bulky goods premises; Business premises; Caravan parks; Cemeteries; Centre-based child care facilities; Crematoria; Educational establishments; Entertainment facilities; Function centres; Funeral homes; Garden centres; Hardware and building supplies; Medical centres; Office premises; Places of public worship; Recreation facilities (indoor); Registered clubs; Residential accommodation; Respite day care centres; Restricted premises; Shops; Tourist and visitor accommodation; Vehicle sales and hire premises.

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) **Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) **a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) **a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(3) The land is identified on an Acid Sulphate Soils Map as being **Acid Class 1 or Acid Class 2 (or both)**. A restriction applies to the land, but **may not apply to all of the land**. Council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(1) Subject to the terms of each code, and the zoning of the land, complying development **may be** carried out for the following codes to the extent that the land is not affected by the provisions identified at (2) below.

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Housing Alterations Code
- General Development Code
- Commercial and Industrial (New Buildings and Additions) Code
- Commercial and Industrial (Alterations) Code
- Subdivision Code
- Demolition Code
- Container Recycling Facilities Code
- Fire Safety Code

(2) Complying development **may not** be carried out on the land to the extent that it is **partially affected by Coastal Wetlands and a 100m Buffer Area** because of the provisions of clauses 1.17A, 1.18 or 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)

- Commercial and Industrial (New Buildings and Additions) Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: "Existing coastal protection works" are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

- (a) Division 2 of Part 3 of the Roads Act 1993 or**
- (b) Any environmental planning instrument or**
- (c) Any resolution of the council**

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

- a) adopted by the council, or**
- b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that**

restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the *Local Land Services Act 2013*, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

A major project application has been lodged with the Department of Planning under Part 3A of the Environmental Planning and Assessment Act 1979. Purchasers are advised to make their own enquiries with the Department of Planning regarding the status of such applications.

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department of Planning, and
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004
Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.

- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009

Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

- (3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and

- (c) that a copy may be obtained from the head office of the Department.

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

- (1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997

- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land

constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low, Medium and High Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the

current flood study.’

ACID SULFATE SOILS

Acid Sulfate Soils Class 1 has been mapped on this land.

Acid Sulfate Soil Class 3 has been mapped on this land.

Acid Sulfate Soils Class 4 has been mapped on this land.

CONTAMINATED LAND

Council’s records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council’s records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council’s Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council’s Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

The land is within State Environment Planning Policy (Coastal Management) 2018 – Coastal Wetlands buffer area.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa “Brunniana”	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica “Decora” and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council’s website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council’s Tree Management Policy including how to lodge an application can be made by contacting Council’s Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council’s website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new

owner must obtain an “Approval to Operate” from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council’s commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council’s website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 64 DP 1188514
	Location	Lot 64 Springhill Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

Wollongong Local Environmental Plan 2009 State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt

CERTIFICATE

development, under *State Environmental Planning Policy (Infrastructure) 2007*.
 State Environmental Planning Policy (Three Ports) 2013
 State Environmental Planning Policy (Rural Lands) 2008
 State Environmental Planning Policy (Sydney Drinking Water Catchment) 2011
 State Environmental Planning Policy (State and Regional Development) 2011
 State Environmental Planning Policy (Urban Renewal) 2010
 State Environmental Planning Policy (Affordable Rental Housing) 2009
 State Environmental Planning Policy (Exempt and Complying Codes) 2008 (Amendment 2017)
 State Environmental Planning Policy (Infrastructure) 2007
 State Environmental Planning Policy (Miscellaneous Consent Provisions) 2007
 State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007
 State Environmental Planning Policy (State Significant Precincts) 2005
 State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004
 State Environmental Planning Policy (Housing for seniors or People with a Disability) 2004
 State Environmental Planning Policy No 70 (Affordable Housing (Revised Schemes))
 State Environmental Planning Policy No. 65 – Design Quality of Residential Apartment Development
 State Environmental Planning Policy No. 64 – Advertising and Signage
 State Environmental Planning Policy No. 62 – Sustainable Aquaculture
 State Environmental Planning Policy No. 55 – Remediation of Land
 State Environmental Planning Policy No. 50 – Canal Estate Development
 State Environmental Planning Policy No. 44 – Koala Habitat Protection
 State Environmental Planning Policy No. 36 – Manufactured Home Estates
 State Environmental Planning Policy No. 33 – Hazardous and Offensive Development
 State Environmental Planning Policy No. 30 – Intensive Agriculture
 State Environmental Planning Policy No. 21 – Caravan Parks
 State Environmental Planning Policy No. 26 – Littoral Rainforests
 State Environmental Planning Policy No. 14 – Coastal Wetlands
 State Environmental Planning Policy – Vegetation (in Non Rural areas) 2017
 State Environmental Planning Policy (Educational Establishments and Child Care Facilities) 2017
 State Environmental Planning Policy – Coastal Management 2018 (part of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013
 Draft State Environmental Planning Policy - Advertising and Signage Amendments
 Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013
 Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013
 Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017
Draft State Environmental Planning Policy – Primary Production and Rural Development.
Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)
Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)
Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)
Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017
Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)
Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)
Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code
Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines
Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPs

Wollongong Local Environmental Plan 2009.

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a State Environmental Planning Policy or proposed State Environmental Planning Policy) that includes the land in any zone (however described):

- (a) the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

SP2 – Infrastructure (Railway)

- (b) the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent

Building identification signs.

- (c) the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

The purpose shown on the Land Zoning Map, including any development that is ordinarily incidental or ancillary to development for that purpose; Advertising structures; Business identification signs; Centre-based child care facilities; Community facilities; Recreation areas; Recreation facilities (indoor); Recreation facilities (major); Recreation facilities (outdoor); Respite day care centres; Roads.

Maps are available on the NSW Department of Planning website www.planning.nsw.gov.au

- (d) the purposes for which the instrument provides that development is prohibited within the zone.

Any development not specified in subclause (2) or (3).

Note:For subdivision consent requirements see Clause 2.6, of Wollongong Local Environmental Plan 2009.

Demolition of a building or work requires consent see Clause 2.6AA, of Wollongong Local Environmental Plan 2009.

Development below the mean high water mark requires consent see Clause 5.7, of Wollongong Local Environmental Plan 2009.

Note: Wollongong Local Environmental Plan 2009 should be consulted to ascertain its full effect on the land.

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

IN3 – Heavy Industrial (Three Ports) 2013

2. **the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Environmental protection works.

3. **the purposes for which the instrument provides that development may not be carried out within the zone except with development consent**

Depots; Food and drink premises; Freight transport facilities; heavy industries; Port facilities; Roads; Transport depots; Warehouse or distribution centres; Waste or resource management facilities.

4. **The purposes for which the instrument provides that development is prohibited within the zone.**

Any development not specified in item (2) or (3).

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) **Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) **a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) **a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (1) Subject to the terms of each code, and the zoning of the land, complying development may be carried out for the following codes to the extent that the land has no affectation.
 - Housing Code (R1, R2, R3, R4, RU5)
 - Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
 - Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
 - Housing Alterations Code
 - General Development Code
 - Commercial and Industrial (New Buildings and Additions) Code
 - Commercial and Industrial (Alterations) Code
 - Subdivision Code

- Demolition Code
- Container Recycling Facilities Code
- Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

- (a) Division 2 of Part 3 of the Roads Act 1993 or**
- (b) Any environmental planning instrument or**
- (c) Any resolution of the council**

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

- a) adopted by the council, or**

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the *Local Land Services Act 2013*, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department of Planning, and
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004
Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

(1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

(2) The date of any subdivision order that applies to the land.

Not applicable

(3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

(a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

(b) the date on which the certificate ceases to be current (if any), and

(c) that a copy may be obtained from the head office of the Department.

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated

Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low, Medium and High Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soils Class 4 has been mapped on this land.

Acid Sulfate Soil Class 5 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa “Brunniana”	Golden Cypress
Lagauria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica “Decora” and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council’s website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council’s Tree Management Policy including how to lodge an application can be made by contacting Council’s Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council’s website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an “Approval to Operate” from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council’s commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council’s website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

CERTIFICATE	201803296
Issued	16 July 2018
Certificate Type	Sections 10.7(2) & (5)
Fee	\$133.00
Your Reference	SECTION10.7CERTS:148824
Council Property Reference	392675

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 81 DP 1170187
	Location	Grain Terminal Tom Thumb Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt

development, under *State Environmental Planning Policy (Infrastructure) 2007*.
State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPs

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

- 1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)**

SP1 – Special Activities (Three Ports) 2013

- 2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Jetties; Moorings; Roads.

- 3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent**

Capital dredging; Environmental facilities; Environmental protection works; Maintenance dredging; Navigation and emergency response facilities; Port facilities; Neighbourhood Shops; Wharf or boating facilities; Any other development not specified in item 2 and 4

- 4. The purposes for which the instrument provides that development is prohibited within the zone.**

Bulky goods premises; Business premises; Caravan parks; Cemeteries; Centre-based child care facilities; Crematoria; Educational establishments; Entertainment facilities; Function centres; Funeral homes; Garden centres; Hardware and building supplies; Medical centres; Office premises; Places of public worship; Recreation facilities (indoor); Registered clubs; Residential accommodation; Respite day care centres; Restricted premises; Shops; Tourist and visitor accommodation; Vehicle sales and hire premises.

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) **Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) **a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) **a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (1) Subject to the terms of each code, and the zoning of the land, complying development may be carried out for the following codes to the extent that the land has no affectation.
- Housing Code (R1, R2, R3, R4, RU5)
 - Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
 - Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
 - Housing Alterations Code
 - General Development Code
 - Commercial and Industrial (New Buildings and Additions) Code
 - Commercial and Industrial (Alterations) Code
 - Subdivision Code
 - Demolition Code
 - Container Recycling Facilities Code
 - Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: "Existing coastal protection works" are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

(a) Division 2 of Part 3 of the Roads Act 1993 or

(b) Any environmental planning instrument or

(c) Any resolution of the council

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

a) adopted by the council, or

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside are under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and**
 - (b) that a copy may be obtained from the head office of the Department of Planning, and****
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land**

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007

Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

(1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is current, and
- (b) that a copy may be obtained from the head office of the Department.

(2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009

Nil.

18. PAPER SUBDIVISION INFORMATION

(1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

(2) The date of any subdivision order that applies to the land.

Not applicable

(3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

(a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

(b) the date on which the certificate ceases to be current (if any), and

(c) that a copy may be obtained from the head office of the Department.

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Nil.

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low, Medium and High Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there

would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soil Class 3 has been mapped on this land.
Acid Sulfate Soils Class 4 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The

nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an "Approval to Operate" from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council's commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council's website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

CERTIFICATE	201803295
Issued	16 July 2018
Certificate Type	Sections 10.7(2) & (5)
Fee	\$133.00
Your Reference	SECTION10.7CERTS:148824
Council Property Reference	381517

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 103 DP 801243
	Location	Lot 103 Springhill Road SPRING HILL NSW 2500

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)

IN3 – Heavy Industrial (Three Ports) 2013

2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent

Environmental protection works.

3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent

Depots; Food and drink premises; Freight transport facilities; heavy industries; Port facilities; Roads; Transport depots; Warehouse or distribution centres; Waste or resource management facilities.

4. The purposes for which the instrument provides that development is prohibited within the zone.

Any development not specified in item (2) or (3).

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,

- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or
- (b) a Precinct Plan (within the meaning of the 2006 SEPP),
- (c) a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land has no affectation.

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Housing Alterations Code
- General Development Code
- Commercial and Industrial (New Buildings and Additions) Code
- Commercial and Industrial (Alterations) Code
- Subdivision Code
- Demolition Code
- Container Recycling Facilities Code
- Fire Safety Code

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

(a) Division 2 of Part 3 of the Roads Act 1993 or

(b) Any environmental planning instrument or

(c) Any resolution of the council

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

a) adopted by the council, or

b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside area under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department of Planning, and
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

- (3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and**
- (c) that a copy may be obtained from the head office of the Department.**

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

- (a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and**
- (b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.**

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,**

- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,**
- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,**
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,**
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate**

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to

introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low and Medium Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soil Class 5 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111. Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an “Approval to Operate” from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council’s commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council’s website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.

PLANNING CERTIFICATE

Issued Under Section 10.7 of the Environmental Planning and Assessment Act 1979

PROPERTY DETAILS	Legal Description	Lot 103 DP 1141089
	Location	Lot 103 Springhill Road PORT KEMBLA NSW 2505

This certificate provides information on how a property (such as land and buildings) may be used and the limits on its development. The certificate contains information Council is aware of through its records and environmental plans, along with data supplied by the State Government.

SECTION 10.7 (2) DETAILS

As at the date of this certificate, the following prescribed matters under section 10.7(2) of the Act relate to the abovementioned land:

1. NAMES OF RELEVANT PLANNING INSTRUMENTS & DEVELOPMENT CONTROL PLANS

(1) The name of each environmental planning instrument that applies to the carrying out of development on the land

State Environmental Planning Policy (State Significant Precincts) 2005

State Environmental Planning Policies

The Environmental Planning instruments that apply to the land according to their terms is the State Environmental planning Policy (Three Ports) 2013 and all other *State Environmental Planning Policies*

- 1) Subject to section 74 (1) of the Act and this clause, in the event of an inconsistency between this Policy and another environmental planning instrument, whether made before or after the commencement of this Policy, this Policy prevails to the extent of the inconsistency.
- 2) If this Policy and *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specify the same development as either exempt or complying development, *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* does not apply to that development.
- 3) This Policy does not restrict or prohibit the carrying out of any development that is permitted to be carried out with or without development consent, or that is exempt development, under *State Environmental Planning Policy (Infrastructure) 2007*.

State Environmental Planning Policy Coastal Management 2018 (whole of lot) affected.

(2) The name of each proposed environmental planning instrument that will apply to the carrying out of development on the land and that is or has been the subject of community consultation or on public exhibition under the Act (unless the Director-General has notified the council that the making of the proposed instrument has been deferred indefinitely or has not yet been approved)

Paper Subdivisions: Draft Environmental Planning & Assessment Amendment (Subdivision works) Regulation 2013

Draft State Environmental Planning Policy - Advertising and Signage Amendments

Draft State Environmental Planning Policy - Infrastructure – Amendment (Shooting Ranges) 2013

Draft State Environmental Planning Policy - Infrastructure – Amendment (Sport and Recreation) 2013

Draft State Environmental Planning Policy – Koala Habitat Protection

Draft State Environmental Planning Policy – Infrastructure – (Amendments Review) 2017

Draft State Environmental Planning Policy – Primary Production and Rural Development.

Explanation of Intended Effect – Proposed Draft Environment SEPP (2017)

Explanation of Intended Effect – Proposed Amendment to the Mining SEPP 2007 – Air and Noise Impacts (2017)

Explanation of Intended Effect – Proposed Amendments to the SEPP 44 Koala Habitat Protection (2016)

Explanation of Intended Effect – Proposed Draft Primary Production and Rural Development SEPP 2017

Explanation of Intended Effect – Proposed Amendment to the Senior Housing SEPP – site compatibility certificates (2017)

Explanation of Intended Effect – Proposed Repeal of Two Operational SEPPs – SEPP 1 Development Standards and SEPP (Miscellaneous Consent Provisions) 2007 (2017)

Explanation of Intended Effect – Proposed Amendment to SEPP (Exempt and Complying Development) – Proposed Greenfield Housing Code

Explanation of Intended Effect – Proposed new Remediation of Land SEPP and the Draft Planning Guidelines

Explanation of Intended Effect – Proposed Amendment to SEPP (Affordable Rental Housing) 2009

(3) The name of each development control plan that applies to the carrying out of development on the land

Wollongong Development Control Plan 2009

Wollongong Development Control Plan 2009, contains detailed development controls which

supplement the provisions of Wollongong Local Environmental Plan 2009.

Note: The Wollongong Development Control Plan 2009 should be consulted to ascertain its full effect on the land.

(4) In this clause, proposed environmental planning instrument includes a planning proposal for a Local Environmental Plan or a draft environmental planning instrument.

2. ZONING AND LAND USE UNDER RELEVANT LEPS

State Environmental Planning Policy (State Significant Precincts) 2005

For each environmental planning instrument or proposed instrument referred to in clause 1 (other than a SEPP or proposed SEPP) that includes the land in any zone (however described):

- 1. the identity of the zone, whether by reference to a name (such as “Residential Zone” or “Heritage Area”) or by reference to a number (such as “Zone No 2(a)”)**

SP1 – Special Activities (Three Ports) 2013

- 2. the purposes for which the instrument provides that development may be carried out within the zone without the need for development consent**

Jetties; Moorings; Roads.

- 3. the purposes for which the instrument provides that development may not be carried out within the zone except with development consent**

Capital dredging; Environmental facilities; Environmental protection works; Maintenance dredging; Navigation and emergency response facilities; Port facilities; Neighbourhood Shops; Wharf or boating facilities; Any other development not specified in item 2 and 4

- 4. The purposes for which the instrument provides that development is prohibited within the zone.**

Bulky goods premises; Business premises; Caravan parks; Cemeteries; Centre-based child care facilities; Crematoria; Educational establishments; Entertainment facilities; Function centres; Funeral homes; Garden centres; Hardware and building supplies; Medical centres; Office premises; Places of public worship; Recreation facilities (indoor); Registered clubs; Residential accommodation; Respite day care centres; Restricted premises; Shops; Tourist and visitor accommodation; Vehicle sales and hire premises.

Note: State Environmental Planning Policy (Three Ports) 2013 should be consulted to ascertain its full effect on the land.

Note: State Environmental Planning Policy (Major Development) 2005 should be consulted to ascertain its full effect on the land.

Other Relevant Provisions of State Environmental Planning Policy (State Significant Precincts) 2005

Development for subdivision requires consent except for:

- a) widening a public road,
- b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- d) rectifying an encroachment on a lot,
- e) creating a public reserve.
- f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

(e) Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling- house on the land, and if so, the minimum land dimensions so fixed

See Clauses 4.1, 4.1AA, 4.1A, 4.1B, 4.2 and 4.2A of the Local Environmental Plan.

(f) Whether the land includes or comprises critical habitat

Nil

(g) Whether the land is in a conservation area (however described)

Nil.

(h) Whether an item of environmental heritage (however described) is situated on the land

Nil.

2A. ZONING AND LAND USE UNDER STATE ENVIRONMENTAL PLANNING POLICY (SYDNEY REGIONAL GROWTH CENTRES) 2006

To the extent that the land is within any zone (however described) under:

- (a) **Part 3 of the State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (the 2006 SEPP), or**
- (b) **a Precinct Plan (within the meaning of the 2006 SEPP),**
- (c) **a proposed Precinct Plan that is or has been the subject of community consultation or on public exhibition under the Act,**

the particulars referred to in clause 2 (a) – (h) in relation to that land (with a reference to “the instrument” in any of those paragraphs being read as a reference to Part 3 of the 2006 SEPP, or the Precinct Plan or proposed Precinct Plan, as the case requires).

Not Applicable.

3. COMPLYING DEVELOPMENT

(1) The extent to which the land is land on which complying development may be carried out under each of the codes for complying development because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1), (c3) and 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*.

(2) The extent to which complying development may not be carried out on that land because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18(1)(c3) and 1.19 of that Policy and the reasons why it may not be carried out under those clauses.

(3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land is not affected by the provisions identified at (2) below.

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Housing Alterations Code
- General Development Code
- Commercial and Industrial (New Buildings and Additions) Code
- Commercial and Industrial (Alterations) Code
- Subdivision Code
- Demolition Code
- Container Recycling Facilities Code
- Fire Safety Code

(2) Complying development **may not** be carried out on the land to the extent that it is **partially affected by Coastal Wetlands and a 100m Buffer Area** because of the provisions of clauses 1.17A, 1.18 or 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Commercial and Industrial (New Buildings and Additions) Code

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

(1) Subject to the terms of each code, and the zoning of the land, complying development **may** be carried out for the following codes to the extent that the land is not affected by the provisions identified at (2) below.

- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)

- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Housing Alterations Code
- General Development Code
- Commercial and Industrial (New Buildings and Additions) Code
- Commercial and Industrial (Alterations) Code
- Subdivision Code
- Demolition Code
- Container Recycling Facilities Code
- Fire Safety Code
- (2) Complying development **may not** be carried out on the land to the extent that it is **partially affected by Coastal Wetlands** because of the provisions of clauses 1.17A, 1.18 or 1.19 of *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*
- Housing Code (R1, R2, R3, R4, RU5)
- Low Rise Medium Density Housing Code (Commencement deferred until July 2019)
- Rural Housing Code (RU1, RU2, RU3, RU4, RU6, R5)
- Commercial and Industrial (New Buildings and Additions) Code

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (3) The land is identified on an Acid Sulphate Soils Map as being **Acid Class 1 or Acid Class 2 (or both)**. A restriction applies to the land, but **may not apply to all of the land**. Council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

- (3) The land is identified on an Acid Sulphate Soils Map as being **Acid Class 1 or Acid Class 2 (or both)**. A restriction applies to the land, but **may not apply to all of the land**. Council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

4B. ANNUAL CHARGES UNDER LOCAL GOVERNMENT ACT 1993 FOR COASTAL PROTECTION SERVICES THAT RELATE TO EXISTING COASTAL PROTECTION WORKS

In relation to a coastal council- whether the owner (or any previous owner) of the land has consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act)

Note: “Existing coastal protection works” are works to reduce the impact of coastal hazards on the land (such as seawalls, revetments, groynes and beach nourishment) that existed before the commencement of section 553B of the Local Government Act 1993

Not applicable

5. MINE SUBSIDENCE

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961

The land is not proclaimed to be a mine subsidence district within the meaning of section 15 of the Mine Subsidence Compensation Act 1961.

6. ROAD WIDENING AND ROAD REALIGNMENT

Whether or not the land is affected by any road widening or road realignment under:

- (a) Division 2 of Part 3 of the Roads Act 1993 or**
- (b) Any environmental planning instrument or**
- (c) Any resolution of the council**

Council has no record that the land is affected by any Road Widening or Road Realignment under:

- a) Division 2 of Part 3 of the *Roads Act 1993*, or
- b) any environmental planning instrument, or
- c) any resolution of the Council.

7. COUNCIL AND OTHER PUBLIC AUTHORITY POLICIES ON HAZARD RISK RESTRICTIONS

Whether or not the land is affected by a policy:

- a) adopted by the council, or**
- b) adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to in planning certificates issued by the council, that restricts the development of the land because of the likelihood of land slip, bushfire, tidal inundation, subsidence, acid sulfate soils or any other risk (other than flooding).**

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E12 Geotechnical Assessment”.

Council has adopted Acid Sulfate Maps, Wollongong Local Environmental Plan 2009 – Clause 7.5 Acid Sulfate Soils.

Council has adopted “Wollongong Development Control Plan 2009 – Chapter E16 Bushfire Management”. The Rural Fire Service has endorsed the Bush Fire Prone Land map.

Unhealthy Building Land Policy, adopted by the Environmental Protection Authority.

Council has adopted Wollongong City Council Coastal Zone Study (Cardno, Lawson, Treloar 2010).

7A. FLOOD RELATED DEVELOPMENT CONTROLS INFORMATION

(1) Whether or not development on that land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including

development for the purposes of group homes or seniors housing) is subject to flood related development controls.

Development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(2) Whether or not development on that land or part of the land for any other purpose is subject to flood related development controls.

Development on the land or part of the land for any other purpose is subject to flood related development controls as contained in Wollongong Development Control Plan 2009 Chapter E13 Floodplain Management and Wollongong Local Environmental Plan 2009 Clause 7.3 Flood Planning.

(3) Words and expressions in this clause have the same meaning as in the instrument set out in the Schedule to the Standard Instrument (Local Environmental Plans) Order 2006

Further flood information relating to this parcel of land is available by application under section 10.7(5) of the Environmental Planning & Assessment Act 1979.

8. LAND RESERVED FOR ACQUISITION

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in clause 1 makes provision in relation to the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

Nil.

9. CONTRIBUTION PLANS

The name of each contributions plan applying to the land.

Wollongong Section 7.12 Development Contributions Plan (2017) (previously S94A)

Note: The purposes of this contributions plan are:

- To authorise the imposition of a condition on certain development consents and complying development certificates requiring the payment of a contribution pursuant to section 7.12 of the EP&A Act 1979.
- To assist the council to provide the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the Wollongong Local Government area.
- To publicly identify the purposes for which the levies are required.
- Any party wishing to undertake construction of any new, or alterations to any existing, building or other development should review this policy or contact Council to determine if any contributions may be payable.

9A. BIODIVERSITY CERTIFIED LAND

If the land biodiversity certified land under Part 8 of the *Biodiversity Conservation Act 2016*, a statement to that effect.

Note: Biodiversity certified land includes land certified under Part 7AA of the Threatened Species Conservation Act 1995 that is taken to be certified under Part 8 of the *Biodiversity Conservation Act 2016*.

Nil.

10. BIODIVERSITY STEWARDSHIP SITES

If the land is a biodiversity stewardship site under a biodiversity stewardship agreement under Part 5 of the *Biodiversity Conservation Act 2016*, a statement to that effect (but only if the council has been notified of the existence of the agreement by the Chief Executive of the Office of Environment and Heritage).

Note: Biodiversity stewardship agreements include bio-banking agreements under Part 7A of the *Threatened Species Conservation Act 1995* that are taken to be biodiversity stewardship agreements under Part 5 of the *Biodiversity Conservation Act 2016*.

Nil.

10A. NATIVE VEGETATION CLEARING SET ASIDES

If the land contains a set aside area under section 60ZC of the Local Land Services Act 2013, a statement to that effect (but only if the council has been notified of the existence of the set aside by Local Land Services or it is registered in the public register under that section).

Nil.

11. BUSH FIRE PRONE LAND

If any of the land is bush fire prone land (as defined in the Act), a statement that all or, as the case may be, some of the land is bush fire prone land.

If none of the land is bush fire prone land, a statement to that effect.

The land is not recorded in Council's records as bushfire prone land.

12. PROPERTY VEGETATION PLANS

If the land is land to which a property vegetation plan approved under Part 4 of the Native Vegetation Act 2003 (and that continues in force), a statement to that effect (but only if the council has been notified of the existence of the plan by the person or body that approved the plan under the Act).

Council has not been notified that the land is affected by a Property Vegetation Plan issued under the Native Vegetation Act 2003.

13. ORDERS UNDER TREES (DISPUTES BETWEEN NEIGHBOURS) ACT 2006

Whether an order has been made under the Trees (Disputes Between Neighbours) Act 2006 to carry out work in relation to a tree on the land (but only if the council has been notified of the order)

Council has not been notified of an order.

14. STATE SIGNIFICANT DEVELOPMENT

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

STATE SIGNIFICANT INFRASTRUCTURE

If there is a direction by the Minister in force under section 75P (2) (c1) of the Act that a provision of an environmental planning instrument prohibiting or restricting the carrying out of a project or a stage of a project on the land under Part 4 of the Act does not have effect, a statement to that effect identifying the provision that does not have effect.

Nil

15. SITE COMPATIBILITY CERTIFICATES AND CONDITIONS FOR SENIORS HOUSING

If the land is land to which State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 applies:

- (1) A statement of whether there is a current, site compatibility certificate (seniors housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and**
 - (b) that a copy may be obtained from the head office of the Department of Planning, and****
- (2) A statement setting out any terms of a kind referred to in clause 18(2) of that Policy that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land**

State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004

Nil.

16. SITE COMPATIBILITY CERTIFICATE FOR INFRASTRUCTURE

A statement of whether there is a valid site compatibility certificate (infrastructure), or site compatibility certificate (schools or TAFE establishments) of which the council is aware, in

respect of proposed development on the land and, if there is a certificate, the statement is to include:

- (a) the period for which the certificate is valid, and
- (b) that a copy may be obtained from the head office of the Department.

State Environmental Planning Policy (Infrastructure) 2007
Nil.

17. SITE COMPATIBILITY CERTIFICATE AND CONDITIONS FOR AFFORDABLE RENTAL HOUSING

- (1) A statement of whether there is a current site compatibility certificate (affordable rental housing), of which the council is aware, in respect of proposed development on the land and, if there is a certificate, the statement is to include:
 - (a) the period for which the certificate is current, and
 - (b) that a copy may be obtained from the head office of the Department.
- (2) A statement setting out any terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

State Environmental Planning Policy (Affordable Rental Housing) 2009
Nil.

18. PAPER SUBDIVISION INFORMATION

- (1) The name of any development plan adopted by a relevant authority that applies to the land or that is proposed to be subject to the consent ballot.

Nil

- (2) The date of any subdivision order that applies to the land.

Not applicable

- (3) Words and expressions used in this clause have the same meaning as they have in Part 16C of this Regulation.

19. SITE VERIFICATION CERTIFICATES

A statement of whether there is a current site verification certificate, of which the council is aware, in respect of the land and, if there is a certificate, the statement is to include:

- (a) the matter certified by the certificate, and

Note: A site verification certificate sets out the Director-General's opinion as to whether the land concerned is or is not biophysical strategic agricultural land or critical industry cluster land-see Division 3 of Part 4AA of State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries 2007).

- (b) the date on which the certificate ceases to be current (if any), and
- (c) that a copy may be obtained from the head office of the Department.

Nil

20. LOOSE-FILL ASBESTOS INSULATION REGISTER

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register, that is required to be maintained under that Division, a statement to that effect.

For register information contact www.fairtrading.nsw.gov.au

Nil.

21. AFFECTED BUILDING NOTICES AND BUILDING PRODUCT RECTIFICATION ORDERS

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

- (a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and
- (b) Whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause: affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017. building product rectification order has the same meaning as in the Building Products (Safety) Act 2017.

Affected building notice has the same meaning as Part 4 of the [Building Products \(Safety\) Act 2017 No 69](#)

Building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017 No 69](#)

Nil.

CONTAMINATED LAND MANAGEMENT ACT 1997

Note: The following matters are prescribed by section 59 (2) of the Contaminated Land Management Act 1997 as additional matters to be specified in a planning certificate:

- (a) that the land to which the certificate relates is significantly contaminated within the meaning of that Act- if the land (or part of the land) is significantly contaminated land at the date when the certificate is issued,
- (b) that the land to which the certificate relates is subject to a management order within the meaning of the Act- if it is subject to such an order at the date when the certificate is issued,

- (c) that the land to which the certificate relates is the subject of an approved voluntary management proposal within the meaning of that Act – if it is the subject of such an approved proposal at the date when the certificate is issued,
- (d) that the land to which the certificate relates is subject to an ongoing maintenance order within the meaning of that Act – if it is subject to such an order at the date when the certificate is issued,
- (e) that the land to which the certificate relates is the subject of a site audit statement within the meaning of the Act – if a copy of such a statement has been provided at any time to the local authority issuing the certificate

Council has **not** been advised that:

- a) The land is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997
- b) The land is subject to a management order within the meaning of the Contaminated Land Management Act 1997
- c) The land is subject to an approved voluntary management proposal within the meaning of the Contaminated Land Management Act 1997
- d) The land is subject to an ongoing maintenance order within the meaning of the Contaminated Land Management Act 1997
- e) The land is the subject of a site audit statement within the meaning of the Contaminated Land Management Act 1997.

SECTION 10.7 (5) DETAILS

As at the date of this certificate, the following additional information, provided in good faith pursuant to section 10.7 (5) of the Act, relate to the abovementioned land. Council has selected these matters as those most likely to be of concern but they do not comprise an exhaustive list of matters likely to affect the land.

When information pursuant to section 10.7 (5) is requested the Council is under no obligation to furnish any of the information supplied herein pursuant to that section. Council draws your attention to section 10.7 (6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to subsection (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter referred to in this certificate.

RESOLUTION TO PREPARE PLANNING PROPOSAL

On 30th January 2017, Council resolved to adopt a draft Planning Proposal for the area of Port Kembla covered by the State Environmental Planning Policy (Three Ports) 2013, to make a number of amendments including permitting the temporary use of under-utilised sites and buildings within the BlueScope holdings for light industrial and office use.

Council on 17 July 2017 resolved to commence the preparation of a draft Planning Proposal to introduce Housing Affordability provisions or SEPP 70 Housing Affordability provisions into the Wollongong Local Environmental Plan 2009. The form of the provisions will be subject to a future report and subsequent community consultation.

PROPOSED DRAFT DEVELOPMENT CONTROL PLANS

The following plans have been placed on exhibition pursuant to the provisions of section 72 of the Environmental Planning and Assessment Act 1979:

Draft Development Control Plan 2009 Review

The Wollongong Development Control Plan 2009 came into force on 3 March 2010. A review commenced after 6 months of operation. The following chapters are available for public exhibition.

Chapter D16 West Dapto Release Area

LAND STABILITY

Council's land constraint/stability assessment maps do not show that the land is located in an area where landslip and/or subsidence have occurred, or where land instability is suspected. If you have any doubt as to whether the land is affected by landslip and/or subsidence the services of a suitably qualified engineer should be obtained.

Note: the advice provided by Council in respect of the stability of the land is based on information contained in Council's land constraint maps. The maps have been compiled from data received by Council and considered by Council to be reasonably reliable. Council does not warrant that its land constraint maps contain all information ever received by Council relating to the stability of the land.

FLOOD AND DRAINAGE

1 Classification of Flood Risk

Council records indicate that this property is located within a **Low, Medium and High Flood Risk** precinct.

Land that is potentially subject to inundation is classified as low, medium or high flood risk. Council has prepared a development control plan known as Wollongong Development Control Plan 2009 that provides details of flood related development controls that may be applicable.

Where the owner/applicant has detailed survey available which identifies the property to be within another risk precinct or not in one at all, it may be presented to Council for reassessment.

Definitions:

- **High Flood Risk (and Interim Riverine Corridor) Precinct**

This has been defined as the area within the envelope of land subject to a high hydraulic hazard (in accordance with the provisional criteria outlined in the Floodplain Management Manual) in a 100 year flood event plus all land within a corridor 10m from the top of the creek bank (Interim Riverine Corridor). The high flood risk precinct is where high flood damages, potential risk to life, evacuation problems would be anticipated or development would significantly and adversely effect flood behaviour. Most development should be restricted in this precinct. In this precinct, there would be a significant risk of flood damages without compliance with flood related building and planning controls.

- **Medium Flood Risk Precinct**

This has been defined as land below the 100 year flood level (plus 0.5m freeboard) that is not within the High Flood Risk (and Interim Riverine Corridor) Precinct. It is land subject to low hydraulic hazard (in accordance with the provisional criteria outlined by the Floodplain Management Manual). In this precinct there would still be a significant risk of flood damage, but these damages can be

minimised by the application of appropriate development controls.

- **Low Flood Risk Precinct**

This has been defined as all other land within the floodplain (i.e. within the extent of the probable maximum flood) but not identified within either the High Flood Risk (and Interim Riverine Corridor) or the Medium Flood Risk Precinct, where risk of damages are low for most land uses. The Low Flood Risk Precinct is that area above the 100 year flood (plus 0.5m freeboard) and most land uses would be permitted within this precinct.

2 Estimated Flood Levels

Estimated and/or historical flood levels in the vicinity of this property may be available from Council. Requests may be made by completing a Flood Enquiry Form available from council's website, in writing or from the Level 6 front counter of the Administration Building. A cost is involved for this service. Payment must be made prior to information being provided.

Please contact Council's Drainage Duty Officer on 42277181 to ensure the availability of information before submitting this request form. Council does not hold flood information for every property.

'Please note that flood levels may change due to Council's flood study and Floodplain Risk Management Study currently being reviewed. As part of the review, design parameters for these studies are changing, and therefore the flood levels, velocities and flood risks may vary from the current flood study.'

ACID SULFATE SOILS

Acid Sulfate Soils Class 1 has been mapped on this land.
Acid Sulfate Soil Class 3 has been mapped on this land.
Acid Sulfate Soils Class 2 has been mapped on this land.
Acid Sulfate Soils Class 4 has been mapped on this land.

CONTAMINATED LAND

Council's records show that because of previous uses the land may be contaminated. The services of a suitably qualified consultant should be sought to ascertain the degree of contamination, if any, on the land, and its likely effect on the land. Council's records are incomplete and there is no certainty that the land is so affected. Council has adopted Wollongong Development Control Plan 2009, which may restrict the development of the land.

STATE SIGNIFICANT DEVELOPMENT

Nil.

BUILDING LINES

Wollongong Development Control Plan 2009 details the setbacks applicable to the land.

OTHER HERITAGE MATTERS KNOWN TO COUNCIL

Aboriginal Heritage

All development within the Wollongong Local Government Area is subject to the Aboriginal Heritage requirements of the National Parks and Wildlife Act 1974. To determine if your property is affected by an Aboriginal Site, it is recommended that an Aboriginal Heritage Information Management System (AHIMS) search be undertaken by contacting the AHIMS Administrator on (02) 9995 5000. Further detail on Council's Aboriginal Heritage requirements for Development is contained within Chapter E10 of the Wollongong Development Control Plan 2009.

DEVELOPMENT HISTORY

Application may be made for a Building Certificate under section 10.7B of Environmental Planning and Assessment Act 1979 if written certification of existing buildings on the land is required.

The history of development consent approval applicable to the land may be obtained by consulting the Development Consent Register. Enquiries concerning the register may be made at Council's Customer Service Centre, 41 Burelli Street Wollongong during office hours.

LOOSE-FILL ASBESTOS

Council recommends you make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the Council also strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Contact NSW Fair Trading for further information.

OTHER INFORMATION

Illawarra Regional Strategy

The Minister for Planning released the Illawarra Regional Strategy on 1 February 2007. The strategy is the NSW Government 25 year land use strategy for the Illawarra Region.

The Department of Planning and Environment released the Illawarra Shoalhaven Regional Plan, November 2015.

The land is within State Environment Planning Policy (Coastal Management) 2018 – Coastal Wetlands buffer area.

The land is within State Environment Planning Policy (Coastal Management) 2018 – Coastal Wetlands.

Threatened Species – Green and Golden Bell Frog (*Litoria aurea*)

This land provides habitat for a population of Green and Golden Bell Frog (*Litoria aurea*). This species is listed as Endangered under Part 1 Schedule 1 of the NSW *Threatened Species Conservation Act 1995* and as Vulnerable under the Commonwealth *Environment Protection and Biodiversity Conservation Act 1999*. The presence of this species may restrict the development potential of the land. The nature and extent of any threatened species or cultural heritage constraints should be determined following an assessment of the land by a qualified and experienced ecologist/consultant.

GENERAL INFORMATION

The following general information is brought to the attention of land owners.

1. Tree Management Policy

The Wollongong Tree Management Policy allows proper assessment to be made of the environmental importance and viability of trees before they are pruned, removed or damaged in any way. This Policy prohibits the ringbarking, cutting down, topping, lopping, removing, injuring or destruction of any tree except with the prior written consent of Council.

The Tree Management Policy applies to any tree that:

- Is 3 metres or more in height,
- Has a trunk diameter of 200mm or more at a height of 1 metre from the ground, or
- Has a branch spread of 3 metres or more

Please note that:

- A dead/dying tree is subject to the Tree Management Policy
- Pruning of major structural or anchor roots is also subject to the Tree Management Policy

Some trees may be exempt and do not require a permit to prune or remove them. Following is a list of the exempt tree species:

Salix Species	Willow
Erythrina X Sykesii	Coral Tree
Cupressus Macrocarpa "Brunniana"	Golden Cypress
Laganuria Pattersonii	Itchy Pod Tree
Harpephyllum Caffrum	Kaffir Plum
Syagrus Romanzoffina	Cocos Palm
Poplar Species	Poplar
Ficus Elastica "Decora" and hybrids	Ornamental Rubber tree
Ligustrum Lucidum	Large Leafed Privet
Cinnamomum Camphora	Camphor Laurel
Schefflera Actinophylla	Umbrella Tree
False Acacia	Black Locust
Peppercorn	Pepper Tree
Alnus	Alder
Acer negundo	Box Elder

For the full list of other exemptions please refer to the Tree Management Policy document available via Council's website.

Any person acting on a permit issued under this Policy must comply with all conditions of that permit.

Any person who contravenes, or causes or permits the contravention of this Policy is guilty of an offence under the Environmental Planning and Assessment Act 1979.

Development Consents may contain restrictions relating to trees.

Further information regarding Council's Tree Management Policy including how to lodge an application can be made by contacting Council's Customer Service on telephone 4227 7111.

Alternatively information can be obtained from Council's website via the following link <http://www.wollongong.nsw.gov.au/services/household/trees/Pages/Lodgeatmp.aspx>.

2. Termite Management for Buildings

Australian Standards 3660.1-2000 (New Buildings) AS 3660.2-2000 (Existing Buildings) Termite Management, recommends that buildings be inspected and be maintained in order to achieve termite management of buildings. Licensed Pest Control Contractors should be contacted to achieve necessary termite control.

3. Lead Paint and Building Renovations

Your attention is drawn to the hazards associated with lead-based paints during building renovation. Suitable precautions should be taken when removing flaking paint or sanding painted surfaces suspected to have been treated with lead-based paint to prevent contamination of the immediate environment and associated health risk from lead dust.

AS 4361 – Part 2 – Guide to Lead Paint Management – Residential and Commercial.

4. Sewage Management Systems

Where a property has on-site sewage management system (this includes septic tanks, disposal trenches, aerated waste water treatment systems, composting toilets and pump out systems) the new owner must obtain an "Approval to Operate" from Council within 3 months of land ownership being transferred or otherwise conveyed.

5. Asbestos

Exposure to asbestos is a serious health hazard. In Australia, asbestos was gradually phased out of building materials in the 1980s and the supply and installation of asbestos containing goods has been prohibited since 31 December 2003. However, asbestos legacy materials still exist in many homes, buildings and other assets and infrastructure.

Council on the 27 October 2014 adopted an Asbestos policy which states Council's commitment to and responsibilities for safely managing asbestos, and provides information for Council and the local community on safely managing asbestos. The policy can be viewed on Council's website: www.wollongong.nsw.gov.au.

6. Loose-Fill Asbestos Insulation

Some residential homes located in NSW have been identified as containing loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licenced asbestos assessor to determine whether loose-fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the buildings occupants.

Contact NSW Fair Trading for further information.
