Hi Brittany,

Thank you for providing the opportunity for NSW Ports to comment on Port Kembla Gas Terminal Modification 4 (SSI-9471-Mod-4).

NSW Ports is the custodian of four major infrastructure assets including the Port of Port Kembla. The Project is located on NSW Ports leased land.

NSW Ports supports SSI-9471-Mod-4. In particular, the pipeline route modification deals with several operational and commercial interface issues.

If you have any further questions please let me know.

Many thanks,  
Greg
