29/05/2021

Dear Mr. House

**Port Kembla Gas Terminal (SSI-9471)
Unexpected Finds Protocol - Heritage**

I refer to the Unexpected Finds Protocol - Heritage submitted in accordance with Condition 18 of Schedule 3 of the Infrastructure Approval for the Port Kembla Gas Terminal (SSI-9471).

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions of approval.

Accordingly, the Planning Secretary has conditionally approved the Unexpected Finds Protocol (Revision 01, dated 27 May 2021) for the Early Enabling Stage of Works subject to the requirement that no material may be transported to, or stockpiled in the Emplacement Cell Construction Site until a detailed Erosion and Sediment Control Plan (ESCP) for the site is submitted and approved by the Planning Secretary. The ESCP must be submitted at least 4 weeks prior to the scheduled commencement of proposed stockpiling at the Emplacement Cell Construction Site.

Please ensure that the approved plan is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Wayne Jones on 6575 3406.

Yours sincerely

A handwritten signature in black ink, appearing to be 'S O'Donoghue'.

Stephen O'Donoghue
Director
Resource Assessments
As nominee of the Planning Secretary
