

Alexandra Lovell  
HSE Manager  
Australian Industrial Energy  
PO Box 1070  
Wollongong, NSW, 2500

12/01/2022

Dear Ms. Lovell

**Port Kembla Gas Terminal (SSI-9471)  
Erosion and Sediment Control Plan**

I refer to the Erosion and Sediment Control Plan submitted in accordance with Condition 11b of Schedule 3 of the Infrastructure Approval for the Port Kembla Gas Terminal (SSI-9471).

The Department has reviewed the document and is generally satisfied that it meets the requirements of the relevant conditions of approval.

Accordingly, the Secretary approves the Erosion and Sediment Control Plan (Revision 0, dated 23 December 2021) for Stage 2A construction works conditional upon AIE providing a further detailed Erosion and Sediment Control Plan for the MDB Site Compound.

The detailed Erosion and Sediment Control Plan for the MDB Site Compound must be approved by a Certified Practicing Erosion and Sediment Control Professional in accordance with the procedures outlined in section 7.1 of the overarching Erosion and Sediment Control Plan (Revision 0, dated 23 December 2021), and must be approved by the Secretary prior to the commencement of work on the MDB Site Compound.

Please ensure that the approved Erosion and Sediment Control Plan (Revision 0, dated 23 December 2021) is placed on the project website at your earliest convenience.

If you wish to discuss the matter further, please contact Wayne Jones on (02) 6575 3406.

Yours sincerely

A handwritten signature in black ink, appearing to read 'R. Hawkeswood'.

Rose-Anne Hawkeswood  
A/ Director Resource Assessments

As nominee of the Secretary
