**Inland Rail Narromine to Narrabri (SSI-9487) Condition B2 and B6 – Approval of Communication Strategy**

Dear Mr. Hamilton

I refer to your submission of the Communication Strategy Narromine to Narrabri Low Impact Works, Revision 1 dated 26 May 2023 (the document) under condition B2 and B6 of SSI 9487.

I note the document:

- has been prepared in consultation with required stakeholders
- contains the information required by the conditions of approval and
- applies only to the low impact works and will be revised and resubmitted for approval prior to commencing construction.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the conditions of approval.

As nominee of the Planning Secretary, I approve the Communication Strategy Narromine to Narrabri Low Impact Works, Revision 1 dated 26 May 2023.

You are reminded that if there are any inconsistencies between the document and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Jess Athas at [jess.athas@planning.nsw.gov.au](mailto:jess.athas@planning.nsw.gov.au)

Yours sincerely
