Subject: Inland Rail Narromine to Narrabri (SSI - 9487) Narromine to Narrabri Project Alternative Stock Route, Condition E111

Dear Ms. Loges

I refer to your submission dated 20 August 2025, requesting approval of the Narromine to Narrabri Project Alternative Stock Route (the Plan), dated 18 December 2024 as required by Condition E111. I also acknowledge your response to the Department's review comments and request for additional information.

I note that the Plan:

- has been designed in consultation with Northwest Local Land Services, Transport for NSW, and travelling stock route users;
- has been peer reviewed by an independent veterinarian with expertise in livestock behaviour; and
- contains the information required by the relevant conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the Narromine to Narrabri Project Alternative Stock Route required by Condition E111.

You are reminded that if there are any inconsistencies between the approved Plan and the conditions of approval, the conditions prevail.

Please continue to consult with stakeholders as you further refine the design and operational measures of the travelling stock reserve and ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Max Obiakor, Senior Planning Officer, at Max.Obiakor@dpie.nsw.gov.au.

Yours sincerely

Alexander Scott
