**Subject:** Snowy 2.0 - Main Works – Subsidence Management Plan

Dear Mr Buscall,

I refer to your submission requesting review and approval of the Subsidence Management Plan required by condition 64 of Schedule 3 of the infrastructure approval (SSI – 9687). I also acknowledge your response to the Department’s review comments and request for additional information.

I note the Subsidence Management Plan has been prepared in consultation with National Parks and Wildlife Service.

The Department has carefully reviewed the document with advice from a technical geotechnical expert and is satisfied that it meets the requirements of the relevant conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the Subsidence Management Plan (Rev J2, dated 5 December 2023).

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Lauren Clear on (02) 8229 2974.

Yours sincerely

Nicole Brewer
