Subject: Spoil Management Plan (Tantangara Emplacement Area) for Snowy 2.0 Main Works (Condition 7 Schedule 3 of SSI-9687)

Dear Mr Buscall

I refer to your submission dated 23 July 2022, requesting approval of the Spoil Management Plan (SMP). I also acknowledge your response to the Department's review comments and request for additional information.

The Department notes that the SMP has been updated to include Stage 4 construction activities at the Tantangara emplacement area and includes reference to the updated Leachate Detection Procedure and Contingency Plan prepared in accordance with Environment Protection Licence 21266. The Department notes that the SMP has been prepared in consultation with the EPA and NPWS.

As nominee of the Planning Secretary, I approve the Spoil Management Plan (Revision P, 06/09/2022) under Condition 7 of Schedule 3.

You are reminded that if there are any inconsistencies between the approved document and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Julia Green on 9585 6409 or at [Julia.a.green@dpie.nsw.gov.au](mailto:Julia.a.green@dpie.nsw.gov.au).

Yours sincerely
