Subject: Snowy 2.0 Transmission Line Connection Project Network Project Capital Investment Value (CIV)

Dear Chris

Please find attached our Capital Investment Value (CIV) report for the Snowy 2.0 Transmission Line Connection Project Network Project Capital Investment Value (CIV)

We have prepared the CIV estimate report for this project as contained herein.

Pursuant to the guidelines for creating a CIV estimate within the Environmental Planning and Assessment Regulations 2000 and DoP Circular PS 10-008 and having reviewed all the documentation pursuant to the limitations contained herein, Jacobs consider that a CIV estimate with a value of **\$318,000,000** is suitable for the application.

The CIV includes all costs associated with the project delivery but excludes GST and land costs.

If you have any questions, please do not hesitate to contact myself at rob.watkins@jacobs.com or by mobile 0450 072 488

Yours sincerely

**Rob Watkins MRICS
NSW Cost Lead – Jacobs**
