Dear Mr Stevenson,

**Sydney Gateway Road Project (SSI 9737)
Site Establishment Management Plan – Condition A15**

I refer to the Site Establishment Management Plan (SEMP) (Revision 2, dated 8th April 2021), submitted in accordance with Condition A15 of Schedule 2 of the approval for the Sydney Gateway Road Project (SSI 9737). I also acknowledge and thank you for your response to the Department's review comments and requests for additional information.

I note the SEMP:

- was prepared in consultation with Inner West Council and you advise all concerns were addressed;
- has been endorsed by the ER;
- has been reviewed by TfNSW and no issues were raised;
- only approves the site establishment of compound C3, which is located on State land; and
- has no heavy vehicle movements on Holbeach Avenue.

I remind you that modifications of the leachate management system would require a Remediation Action Plan as per condition of approval E46.

Accordingly, as a nominee of the Planning Secretary I approve the Site Establishment Management Plan (Revision 2, dated 8th April 2021). Please ensure that the approved plan is placed on the project website at the earliest convenience.

Please note, if there are any inconsistencies between the approved document and the conditions of approval, then the requirements of the conditions of approval will prevail.

If you wish to discuss the matter further, please contact Carl Dumbleton on 9274 6283 or at carl.dumbleton@planning.nsw.gov.au

Yours sincerely
