Dear Mr Stevenson,

**Sydney Gateway Road Project (SSI 9737)
Local Road Request – Condition E52**

I refer to the document titled 'Sydney Gateway – E52 Approval to use local roads' submitted to the Department on 26th March 2021 in accordance with Conditions E52 and E53 of the Sydney Gateway Road Project (SSI 9737).

I note that:

- you have advised that consultation with Peek-A-Boo childcare centre and Inner West Council regarding the use of roads has occurred;
- a swept path analysis was conducted which demonstrates a 19 m semi-trailer plus Truck and Dog can safely navigate turns onto the proposed roads;
- the local roads are in an existing industrial area; therefore, the project will have minimal amenity impacts on residents along the local roads;
- Transport for NSW has reviewed the documents and raises no concerns; and
- you will implement measures to manage the potential road user and pedestrian impacts and these will be implemented for the duration of the works.

Accordingly, as a nominee of the Planning Secretary I approve the use of local roads with the associated limitation as described in Table 1 attached. Please ensure that the approved roads are included in the construction Traffic Transport and Access Management Plan.

If you wish to discuss the matter further, please contact Carl Dumpleton on 9274 6283 or at carl.dumpleton@planning.nsw.gov.au.

Yours sincerely,
