To Whom It May Concern

Re: Ulan Coal Underground Mining Extension – Modification 6
Application number – MP08-0184-Mod-6

My name is Steven Moylan and I am a supporter of the coal mining industry, living in the Hunter Valley region.

I am writing to lodge my support for the modification sought by Ulan Coal for its Underground Mine Extension Project.

This is a sensible modification to an approved project that has been designed so our community can enjoy a much needed economic boost without negatively impacting other local industries and land uses.

The project will deliver important benefits for the local community, the Hunter Valley and wider NSW communities. The project will generate jobs during construction phases and sustain the continuation of long-term operations jobs, in addition to many more indirect jobs and stimulus for local businesses particularly within the Hunter Region.

These benefits will make a substantial long-term difference to the communities in the Central West, the Upper Hunter, the Hunter Region more widely, and to NSW.

Our community needs a diverse economy and the Ulan Coal Underground Extension Project – Modification 6 can help make sure our economy prospers into the future.

Regards

Steven Moylan
