

Thunderbolt Wind Farm Objection Submission

Name :Jenny Walsh

Address; 111 Blue Hole Road

Dear Minister

SSD No - Thunderbolt Wind Farm

I am writing to OBJECT to the Thunderbolt Wind Farm SSD-10807896.

I have been visiting the area for a number of years now and I am all for renewable energy but in the right place. After viewing the EIS on the portal there are a number of gaps and flaws in the development process. One of them is the location. The location of the Thunderbolt Wind farm isn't in a spot for a farm. This prime agricultural land is the most beautiful land around the New England area. I am afraid that this will have an impact on our health. Especially the noises associated with the turbines. I have done a lot of reading about the noise these turbines make and the impact it can have on your mental health. Haven't we gone through enough over the last 4 years with fires, floods, COVID. Dealing with all this and now a wind farm on top of everyone's health is going to be a huge strain on us. Take some time and consider all this very carefully.

Signed
Jenny Walsh
