

N2N Route Option Analysis: Narromine to Curban

Given that a route from Narromine to Curban via Gilgandra was not considered desirable for reasons of time and distance, different alternative routes were then evaluated between Narromine and Curban as outlined on pages 63 to 66, and the comparative results from the 2016 and 2017 route assessments are summarised in the table below.

This map is from the May 2017 MCA workshop report showing the Gilgandra Road Alternative option B. The table graphic to the right reflects the outcomes of the 2016 and 2017 MCA workshops.

	Modified Concept Alignment Narromine to Curban (east around Narromine)	Narromine to Curban via Gilgandra (Option 101 (east of 109)), 112, 113)	Eumungerie Rd (Option 109)	Gilgandra Rd Alternative (Option B)
Distance	89km	105km 16km longer	90km 1km longer	90km 1km longer
Service Offering / Transit time	66 min	78 min 12 min longer	67 min <1 min longer	67 min <1 min longer
Construction Cost (for relative)	\$0m	+\$64m	+\$37m	+\$37m
MCA Score (relative to Concept Alignment)	-	-3.56	+0.43 [Eumungerie Rd – Option 109]	+0.55 [Gilgandra Rd Alternative – Option B]
