

7 December 2022

Dear Sir or Madam,

Sydney Olympic Park metro station – plans for over & adjacent station development – submission

I write on behalf of Scouts NSW in support of the Concept State significant development application and Environmental Impact Statement for Sydney Olympic Park over and adjacent station development.

Scouts NSW is fully supportive of the proposal to create a new Sydney Olympic Park town centre.

Based on the benefits that further activating the precinct will specifically bring:

- improved accessibility and benefit team members based at the Scouts NSW State Service Centre, as well as visitors to our Centre, located at Sydney Olympic Park, by developing a vibrant hub for retail, dining, and recreation with improved connectivity
- provide improved amenities and choice for Scout Groups in the area, and those visiting the area on excursions for cultural, educational or recreational purposes
- align with the commitment Scouts NSW has to further activate the Olympic Peninsula.

We are happy to elaborate on these matters further if required. Please do not hesitate to contact me for any further assistance or support.

Your sincerely,

A handwritten signature in black ink that reads "Campbell".
