REF-NO-12639	AIR	28/05/2022 0:41	Caller advised as soon as she walked outside of her house, there is a really bad smell. She knows it is coming from Veolia nearby. There is not much wind. Her house is about 20 mins away by car, and the smell is still very strong. It was been happening for a few years, but today was significantly worse. Herself and family is getting a headache and feeling unwell.	28/05/2022 0:38		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580	
REF-NO-13125	AIR	27/05/2022 20:51	Complainant advised that there was constant, very strong odour coming from Veolia at Tarago on 18/5 at 5:00pm. They describe it as rotten eggs or sulphide, sour or body odour type smell and faecal, manure, sewer. The wind was weak, coming from the south, south west. Could not stay outside, glad they don't live there (email attached) Odour from Veolia Woodlawn today 27/5 Started about 10am today. It's strength odour was very strong and was already on the line and caller was in the garden. Caller had to come inside as feeling nauseous from the odour, and brought the laundry inside quickly as the odour fingers in laundry. Weather this morning was clear and very bright breeze today. Odour was ongoing at the end of the call.	27/05/2022 20:00		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580	
REF-NO-13097	AIR	27/05/2022 6:03	Odour from Veolia Woodlawn today 27/5 Started about 10am today. It's strength odour was very strong and was already on the line and caller was in the garden. Caller had to come inside as feeling nauseous from the odour, and brought the laundry inside quickly as the odour fingers in laundry. Weather this morning was clear and very bright breeze today. Odour was ongoing at the end of the call.	27/05/2022 6:03		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580	
REF-NO-13091	AIR	27/05/2022 0:27	Odour from Veolia Woodlawn on 18/5. Starting at 8:30pm the odour was present, so strong that it came into the house which is tightly sealed in the evening. It lasted for hours and was incredibly strong outside. Strong headache within half an hour and went to bed.	26/05/2022 23:00		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580	
REF-NO-13040	AIR	27/05/2022 0:26	Resident of Mount Fairy impacted this morning by strong offensive rotten refuse odour attributed to the Woodlawn waste facility. Air still, clear weather.	18/05/2022 10:29		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580	
REF-NO-13070	AIR	26/05/2022 23:57	Very strong odour disgusting rubbish/ horrible smell woodlawn facility last night 8pm very strong and again terrible this morning. 574	26/05/2022 23:30		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580	
REF-NO-13029	AIR	26/05/2022 23:18	Sinky rotten meat type odour coming from Woodlawn Eco-precinct. Odour was obvious from Collector Rd turnoff on Tarago Rd at the way through Tarago and out to Callulla Rd towards Narriga. The odour was causing nausea and air con in vehicle needed to be turned off and windows up. Veolia have a 1800 number listed in Tarago Times newspaper to report odour incidents, but the number is diverting to a previous Veolia employee who originally handled the odour reports. 174	26/05/2022 23:18		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580	
REF-NO-11306	AIR	26/05/2022 10:11	Report received by email to info@environment on 26/5/22, 19:49 about a hideous stench coming from the Woodlawn Eco-precinct at Tarago. The stench was completely horrendous on 26/5/22 - the east south end of Tarago. The odour was noticeable throughout other areas, but at the exit at Tarago and near Collector Road entrance the stench was like a physical wall of odour. It took ones breath away. It smell like rotten eggs and rotting animals. Later in the day there was a sour taste to the smell too. The odour was first noticed at around 3pm and it continued with varying strength throughout the day, getting worse again in the afternoon at around 3pm. It triggered a migraine and complainant had to go home and take medication. There was no wind. Fog in the morning and very high rain coming at 10am from midday.	26/05/2022 8:45		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580	
REF-NO-13182	AIR	26/05/2022 9:49	Resident of Bradwood St Tarago affected by a sickly sweet offensive odour attributed to the Woodlawn waste facility this morning. Weather overcast, caller did not note wind direction.	25/05/2022 23:00		GOULBURN MULWAREE	TARAGO 2580	
REF-NO-13041	AIR	26/05/2022 0:15	Report received by email to info@environment on 25/5/22, 22:01 about Veolia Odour Complaint. On 25/5/22 at 17:30 - complainant was driving north on the Federal Hwy at Lake George and could smell the odour coming from Veolia Tarago. The weather conditions were overcast and cold, approx. 8 degrees, with light wind. The smell was sickly sweet rubbish/eggs. It is believed the odour is coming from Veolia. See email attached.	25/05/2022 23:45		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580	
REF-NO-13025	AIR	25/05/2022 13:01	In the last two weeks, since 10 May 2022, we have again experienced putrid, offensive odours emanating from this facility on at least 7 occasions. The stench is nauseating. It occurs when there is an East or East-South-East breeze and it is worst at night, when the air settles. Last night, 22 May 2022 for example, we had to shut all our windows in order to keep the stench out. As I write, 6:00pm on 23 May 2022, it is the same: stop outside and walk into a wall of putrid odour. Usually, the foul odour dissipates by mid-morning, around 9:00am. I would like to make a complaint about Veolia at Woodlawn near Tarago.	25/05/2022 13:01		QUANBEYAN PALERANG REGIONAL	LAKE GEORGE 2581	
REF-NO-12971	AIR	23/05/2022 8:48	- Time/date: 1:20pm on 23 May 2022 - Location: 174 - Wind direction: slight breeze from south, south east - Weather: overcast - Temp: 13 degrees - Smell: rotting rubbish/ ammonia / rotten egg	10/05/2022 8:00		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580	
REF-NO-12972	AIR	23/05/2022 3:58	Very unpleasant smell that was constant and offensive so I went back inside	23/05/2022 3:20		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580	
REF-NO-13096	AIR	20/05/2022 7:52	Complainant advised that there was constant, very strong odour coming from Veolia at Tarago on 17/5 at 6:30pm. They describe it as rotten eggs or sulphide, sour or body odour type smell and faecal, manure, sewer. The wind was weak, coming from the south, south west. Could not stay outside, glad they don't live there (email attached) Caller advised by a strong, offensive odour attributed to the Woodlawn waste facility, at property on Bradwood Rd Lake Bathurst. Caller has been affected all day by the odour. The caller is fed up with it, it is making them feel nauseous and they are frustrated that they have to be impacted by it while not doing essential farm tasks - they just can't go indoors. The air is very calm, very slight breeze from the South-East.	20/05/2022 7:52		QUANBEYAN PALERANG REGIONAL	TARAGO 2580	
REF-NO-12871	AIR	19/05/2022 5:10	Just can't go indoors. The air is very calm, very slight breeze from the South-East.	19/05/2022 5:10		GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580	

REF-NO-12864	AR	19/05/2022 4:56	Offensive odour from VEOLIA ENVIRONMENTAL SERVICES (AUSTRALIA) PTY LTD, WOODLAWN LANDFILL, COLLECTOR ROAD, TARAGO, NSW, 2580 affecting resident at 174. Caller advised the odour started around 11 am this morning and is continuing since then. It is a strong rotten garbage odour. There is no wind outside.	QUEANBEAN PALERANG REGIONAL	CURRAWANG 2580
REF-NO-12835	AR	19/05/2022 3:14	Complainant reporting odour from Veolia on 14 May 2022 at 07:30-09:30 and about 15:30 at 174 and Tarago township. It went for at least 2 hours. Character of odour: 06, 09, 13 (rotten garbage). Strength of odour was 5/10.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12844	AR	18/05/2022 21:15	Wind direction: Light NW winds. (email attached) Report received by email on 19/5/22, 07:35 about odour from Woodlawn. On 19/5/22, Woodlawn smells bad in the morning, walked out the door and the odour was very strong of rubbish and bin juice. The odour was also detected early in the morning both on Saturday 14th May & Sunday 15th May. See email attached.	GOLDBURN MULWAREE	TARAGO 2580
REF-NO-12818	AR	18/05/2022 6:59	Caller affected while driving in Tarago district by strong, offensive, rotten refuse odour attributed to the Woodlawn waste facility. Caller initially impacted by the odour on Tarago Road near Collector Road, still experiencing the odour at time of call to Environment Line while driving on Collector Road. The car windows are closed but the odour is still getting in. Report received via email on 15/5 at 8:10pm (I'd like to report a foul odour / I first noticed it at approximately 6:30am when leaving my property at 174. The odour was incredibly strong at the intersection of Willow Glen Road and Callula Road - enough that it caused me to retch several times when driving. It was also bad when driving through Tarago. At the intersection of Bungendore road and Collector Road (close to Veolia's facility) the odour was extremely potent. It was so foul that words cannot describe the stench. It made me feel quite ill.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12806	AR	18/05/2022 4:27	I drove home after 1pm and noticed the odour again in Tarago and as a light taint in the air at our place. During the afternoon the odour strengthened to a messy, rotting garbage smell. It's disgusting. There is some wind today from the west and it has rained today as well.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-12866	AR	17/05/2022 20:40	Report received by email to info@environment on 18/5/22, 06:40 about Tarago Primary School, Odour Complaint, 17 May 2022. The odour was detected in the area of Tarago Primary School, Tarago on the 17/5/22, from 2:20pm and the character of the odour: 06, 09, 13 (rotten garbage). The strength of the odour 5/10 and the wind direction: Strong W/E / NW winds. See email attached.	GOLDBURN MULWAREE	TARAGO 2580
REF-NO-12767	AR	17/05/2022 0:55	Caller affected by offensive odour attributed to the Woodlawn waste facility, Odour initially noted at home in Leahys Lane, but then also at two bus stops for the children to get to school. Bus stop 1 at corner Braidwood Rd and Lumley Rd Tarago and Bus stop 2 at corner Leahys Lane and Callula Road Tarago. At bus stop 2 the child was compelled to wait in the car for the bus due to the strong offensive odour. Caller also unable to have the washing this morning due to the odour. Caller also had to postpone their run this morning as it was unbearable outside. Odour abated by around 9:30am.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12766	AR	17/05/2022 0:54	Caller affected by offensive odour attributed to the Woodlawn waste facility, at their home in 174. Air still, nice weather, lovely clear night apart from the stink. Caller also noted offensive odour in the morning at around 7am.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12765	AR	17/05/2022 0:51	Caller affected by offensive odour attributed to the Woodlawn waste facility, at home in 174. It was the usual strong, rotten, garbage odour. Air fairly still. Weather overcast but no longer raining. Odour had abated later on the day when the wind picked up.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12773	AR	14/05/2022 11:21	Very strong garbage/dumpster type odour coming from Woodlawn Eco-precinct. Odour around whole house and the smell is that bad, that I complainant had something to eat and then went outside they would want to throw up. They can't even have windows open. Smell started around 8pm tonight (14/5) and got worse. It is really bad at the moment (5-21pm). Email sent to info@environment.nsw.gov.au on the 14/05/2022 at 8:28 PM regarding offensive odour coming from Veolia Woodlawn Eco-Precinct, Collector Road Tarago NSW 2580. Complainant has 2 odour reports which are as follows: Report #1: Yesterday (Friday 13th May) driving back home via Tarago I stopped to pick up mail. When I exited the car there was a taint in the air. It smelled like rotting garbage with metallic overtones. It stuck in my clothes and nose and remained until I had driven several kilometres down the road. The smell was coming from Veolia's Woodlawn Eco-Precinct. Report #2: Today (Saturday 14th May) after arriving home at approximately 3pm there was a rotten garbage smell in the air. We are over 15km from the precinct. It was lightly raining and there wasn't much breeze. The smell corresponds with odour we have previously noticed from Veolia's Woodlawn Eco-Precinct.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12769	AR	14/05/2022 10:28	GOLDBURN MULWAREE COUNCIL, WOODLAWN PUTRESCIBLE WASTE LANDFILL, COLLECTOR ROAD, TARAGO, NSW, 2580 affecting resident at 174. Caller is reporting of offensive odour coming from their premises. Caller notified this around 08:30 am when caller went outside to take his son to school. There is no wind outside. It is sickly rotten garbage odour.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12653	AR	12/05/2022 22:45	Driving past the Woodlawn Bio Reactor on the way home from work caller smelt a very strong offensive odour at 10:00am on 8/5/2022. Odour is still present at home and worse from the outside than inside the home. Caller advised of a very strong stench. Caller advised she had to close her house. Caller advised very strong from 4am - 7:30am. Caller left property at 8:30am and returned at 16:30 and odour is very strong and causing discomfort.	QUEANBEAN PALERANG REGIONAL	CURRAWANG 2580
REF-NO-12531	AR	6/05/2022 8:30	Type Of Odour : Land Fill Smells like rotting animals/meat with gas. Resident of 174 affected by offensive odour attributed to the Woodlawn waste facility this morning. Odour described as like rotting garbage/dirty nappies/sour milk. Weather was very cold, with a slight breeze.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-12487	AR	6/05/2022 6:07	Caller affected to Woodlawn waste facility at 6:30am on 6/5/22, at home in 174. The caller was then impacted by the odour again at 7:30am at the school bus stop, vicinity corner Lumley Road and Braidwood Road Tarago. The caller was compelled to keep the child in the car while waiting for the bus as the odour outside was so overpowering, with concern it would make the child sick for the bus journey.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12485	AR	6/05/2022 6:03	Caller affected by offensive odour attributed to the Woodlawn waste facility from around 9am on Wednesday night 4/5/22. The odour was strong, some with a metallic smell. Odour described as like rotting garbage/dirty nappies/sour milk. I would like to register an odour complaint for 0624 this morning which is ongoing and persistent. The smell is an overpowering unpleasant strong eggy garbage smell. The current weather conditions are still/no wind and clear skies.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12493	AR	5/05/2022 14:34	Driving down Tarago Road coming home from Canberra caller smelt a strong smell like an off rubbish tip. Now home can still smell odour but not as bad. It is coming from Woodlawn Bio Reactor (174). Caller advised that he was driving through Tarago and he could smell a really bad odour coming from the Woodlawn Eco-precinct. Caller has called in multiple times to report the issue but nothing has been done. He advised that the EPA needs to fine the facility instead of just warning them. This has been an ongoing issue for multiple years and when it rains it gets worse. Veolia makes out that they care but if they really cared they would fix the smell. Caller advised that he is not happy with the reporting process because there should be a more efficient way to report the smell.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12449	AR	3/05/2022 8:28	Hi, I'd like to make an odour complaint. There's been a sickening smell of rotten meat in the air all day today coming from Veolia's Woodlawn Eco-Precinct. It was a mild taint in the air early in the morning, but by 10:30am it was quite a strong stench. I went out for a few hours in the early afternoon and when I returned the odour was quite mild. But at 4:30pm it started strengthening, and at 5:30pm it is too strong to tolerate outside and I need to run the HEPA filter inside to try to remove some of the stink. As the odour strengthened it became a bit more gassy smelling, but it's so thick it licks your throat and mouth. It has made me feel unwell. I had to keep the doors and windows shut the entire day despite the sunshine, but it has still permeated the house. We are over 15km from the Woodlawn site, and there is a very slight breeze today at times. Sickly rotten odour smell coming from Woodlawn Eco-precinct at Tarago. Odour is obvious as soon as you go outside of the home and it makes you cringe.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12443	AR	4/05/2022 9:10	Type Of Odour : Sinky rotten garbage smell Report received by email to info@environment on 4/5/22, 6:39, about an odour complaint coming from Veolia's Woodlawn Eco-Precinct at Collector Road in Tarago. There is no wind, the stench is horrendous and complainant cannot leave their home and the stench makes them vomit... it's a foetid, metallic, rotting smell - as if someone left a bin full of garbage infused with chemicals, complainant lives over 15km from the Veolia site. When complainant goes outside they instantly feel sick and get a snap headache that persists for hours. Complainant is saying this is impacting her health and what are the impacts on her dogs and poultry is safe to eat the poultry exposed to this odour, what is ending up in the water tanks as a result of this and what respiratory mask does the EPA recommend they wear to be able to go outside? On 4/5/22 - complainant woke at 4:30am and smelt the odour. It is still strong at 6:30am - too strong to go outside and let the poultry out. See email attached. Caller is reporting a bad smell coming from the Woodlawn Eco-precinct. Smells like rotten, gassy, poisonous smell. Caller has had to close all the windows in the house and had to bring her dog inside because she was concerned for its health. Caller advised that she feels like vomiting and she currently has a really bad headache because of this. The smell has been an ongoing issue and it has been occurring more often. Caller lives over 15km away from the Woodlawn Eco-precinct but the whole area stinks. The odour management at the bio-reactor is not effective. Caller notes that there is not much breeze tonight but the smell gets worse during the night and early morning. Caller also wants to know if there is some sort of mask that she can have to try and prevent this smell. The cold weather makes the smell even worse. Today she noticed the smell at 4:30am and it has gotten progressively worse to the point where she cannot go outside.	GOLDBURN MULWAREE	TARAGO 2580
REF-NO-12415	AR	3/05/2022 10:00	Report received by email to info@environment on 3/5/22, 19:23 about Tarago / Boro Road, Braidwood Road, Odour Complaint. On 3/5/22 at 7am at 174 Braidwood Road and Tarago, there was a rotten garbage odour character of odour: 06, 09, 13, Strength of odour: 6/10, Wind direction: Calm. Cold overnight temps with similar conditions to previous detection. Duration: 4h. See email attached.	GOLDBURN MULWAREE	174 BORO NSW 2580
REF-NO-12409	AR	3/05/2022 9:23	Resident of Bunsberg Road Tarago is affected by an offensive odour attributed to the Woodlawn waste facility. Caller is frequently affected by odour but hasn't called Environment Line before. It was particularly strong this morning and the caller felt compelled to report it. Caller indicated that the odour was a weird, choking, chemical odour. Odour had abated by about 9am.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12394	AR	3/05/2022 1:00	Caller affected this morning by strong, offensive rotten egg odour attributed to the Woodlawn waste facility. There was some fog this morning. There was no wind. Odour had abated at time of call to Environment Line, perhaps as the day had become warmer. The caller is about 26km from the premises, to the SouthEast. The caller was affected at home by similar rotten egg odour on 17/4/22 at 10:15am, clear sky, light breeze. Caller also affected by similar rotten egg odour on 10/4/22 at 1:10pm at the Tarago Showground, and also at intersection Roseview Road and Braidwood Road Tarago about 15 minutes earlier, infiltrating the car. Further call to Environment Line at 11:34 today, caller again affected by offensive odour of rotten eggs, at 11:15, though not as strong as before. An extremely light breeze was drifting from the NorthWest. Odour smell like gas petrol coming from Woodlawn Eco Precinct. Caller was driving at the time and was going to drop off her daughter at the bus stop on Braidwood Road Tarago. Caller had to change the air vents in the vehicle so no air was coming inside from the outside but could still smell it. It was enough to give the caller a headache and the smell felt like it was stuck at the back of the callers throat.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-12350	AR	2/05/2022 23:35	Odour of rotting egg gas smell coming from Tarago Waste Transfer Station Odour started Monday 2/05 and was very strong. Odour permeating into office and classrooms. Odour lasts until around lunchtime. Odour has been strong both Monday and today Tuesday 03/05.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12381	AR	2/05/2022 22:24	Report received by email to info@environment on 2/5/22, 04:04 about Tarago / Boro Road, Odour Complaint. On 2/5/22 at 7am there was a rotten garbage odour at 174. Character of odour: 06, 09, 13, Strength of odour: 3/10, Wind direction: Calm. There were cold overnight temps with similar conditions to previous.	GOLDBURN MULWAREE	0 LUMLEY ROAD TARAGO 2580
REF-NO-12458	AR	2/05/2022 19:04	detection. See email attached.	GOLDBURN MULWAREE	174 BORO NSW 2580
REF-NO-12375	AR	2/05/2022 1:15	Report received by email to info@environment on 2/5/22, 11:15 about an odour complaint coming from Veolia Woodlawn Eco-Precinct, Collector Road, Tarago/Currawang. It was noticed on 2/5/22 at 8:30pm and mild in the morning on 2/5/22 at 6:30am and increased in strength that complainant could not leave the home between 7am and 10:45am, it was dissipating. The smell is a pungent, rotten smell. It smells "wrong" to the brain - sweet and with a chemical taint. When complainant smells the odour she gasps - and has trouble breathing normally. It makes her nauseous and gets a severe headache if she stays outside. When it's bad like this, complainant cannot leave the house, as she needs to do things outside (on a farm) but unable to do anything between 7am and 11am. What type of mask does the EPA recommend residents use to cope with these odours?, they are over 15km from the Woodlawn site. There's no wind today and the weather is sunny. See email attached. Caller reporting odour from Veolia at Tarago. Noticed the smell at 7am and ongoing until 10am on 1/5/22. There was no breeze. The odour had a rotting garbage, sour milk smell with a back of throat tang. Could not open windows as smell was horrendous. Rated as a 5/6 for intensity. Caller advised a horrendous odour coming from Veolia at Tarago today 2/5/22 starting at 6am and still present at time of call at 8:35am. There was no breeze. Their daughter would not get out of her car at the bus stop as the odour was horrendous. It was a rotting garbage, sour milk, dirty nappies odour with a back of throat tang.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-12332	AR	1/05/2022 23:25	Report received by email to info@environment on 2/5/22, 8:11am about an odour complaint (suspected source Woodlawn waste facility). The odour was present on 2/5/22 (0810) in the morning. The smell is an overpowering unpleasant strong eggy garbage smell. The current weather conditions is still/no wind and foggy with patches of clearing sky. See email attached.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-12460	AR	1/05/2022 22:11	Complainant could smell the rabbits smell from the mine on 3 occasions. Wednesday 27 April afternoon about 4 pm on Bungendore Road from about 3 kms before the Collector Road turn off all the way till they got past the Collector Road turn off. The same smell could be smelt again on the Thursday 28 April in the same area. And finally they were at the mine the lovely smell this morning 2/5, as they left the house around 8 am.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-12473	AR	1/05/2022 22:00	Smells like rotten garbage coming from Woodlawn Eco-Precinct. Caller is at the railway station waiting for the train and can smell it.	GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12342	AR	30/04/2022 21:43		GOLDBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580

REF-NO-12339	AR	30/04/2022 10:46	Rotting garbage, sour milk and dirty supplies coming from Woodawn Bio Reactor - Veolia. Started around 20:00pm on 30/4 when first noticed by caller. Ongoing and 6/6 rating. Caller advised they are about 15km away from site. Caller advised this is the worst he has smelt in the last 6 months coming from Veolia. It is a putrid sulphur smell keen on and all day but last hour it has gotten so bad. Caller has had to have his asthma puffer 3 times today. Wind direction is from the west.	30/04/2022 10:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12338	AR	30/04/2022 10:23	I'd like to make an odour complaint. There's a rotten, sickly sweet stench in the air at our place today coming from Veolia's Woodawn Eco-precinct. I first noticed it at approximately 6am when I went outside. It's now 8:30am and it's continuing. The smell has given me a headache and I feel nauseous to the point where I am retching. It's impossible to keep it out of our house, and we have outside jobs to do so we are on a farm which makes life very difficult. We are over 15km from the Woodawn site, and there is no breeze today. Yes, please forward my complaint to someone who might be able to do something. Also, grateful if you could advise what type of mask we could use that would make it possible for us to work outside without getting a headache and nausea.	29/04/2022 22:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-12288	AR	28/04/2022 22:14	Hi I could smell the bin juice smell 20/4/22 545pm	28/04/2022 12:30	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-12079	AR	21/04/2022 2:02	At the time of this email I can smell the bin juice smell coming from the Woodawn precinct.	20/04/2022 7:45	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-11964	AR	19/04/2022 1:58	I would like to register an odour complaint for 0752 this morning. The smell is an unpleasant egg garbage smell. The current weather conditions are the wind blowing from a westerly direction at approximately 5-10 km an hour.	15/04/2022 7:40	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-11985	AR	17/04/2022 21:54	My address is 574 The odour coming from Veolia's Woodawn Eco-precinct. It's a sweet, rotting garbage stink in the air. It was very bad at about 2:45am and woke me from sleep. It has dissipated slightly but still requires having the windows and doors shut at 6am. We live over 15km from the facility. The odour makes me feel like vomiting and unfortunately I have jobs that need to be done outside at this time. What does the EPA recommend for this? Should we be investing in some kind of filtration mask? I tried a woodworking dust mask but it doesn't help with the smell. Will Veolia supply residents with masks that help? I also have a severe headache from the smell.	17/04/2022 21:52	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-11983	AR	17/04/2022 20:39	There is a light breeze from a westerly direction. My address is 574. Yes, happy for the EPA to share my report with Council and/or other agencies as required.	17/04/2022 16:45	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580

There was a light breeze from a SE direction, with cool and overcast weather conditions. See email attached.	9/03/2022 21:00	QUEANBEYAN PALERANG REGIONAL	CURRAWANG 2580
REF-NO-10660	AR	9/03/2022 10:56	Gas or petrol type odour coming from Woodawn Eco-precinct. Odour is causing headaches and is more intense following the recent heavy rain. Odour is permeating through callers home and windows and doors need to be kept closed.	9/03/2022 7:30	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-10587	AR	7/03/2022 6:00	Odour like rotting garbage, sulphur odour from Veolia Woodawn, from 3pm and still present in 5pm. Moon 7/3/22. It has infiltrated the house, which is unusual. Odour strength is very strong (5 out of 6). Weather: Raining. Not sure if there is a breeze.	7/03/2022 4:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-10611	AR	7/03/2022 4:07	Report odour coming from Veolia this afternoon at approx 14:30 on 7/3/22. The weather is overcast and there were strong southerly winds today. The smell is a sickly sweet rubbish smell that has been consistent over the past week. (email attached)	7/03/2022 3:30	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-10613	AR	6/03/2022 5:11	Report received by email to info@environment.nsw.gov.au on 6/03/2022 4:11 PM. The complainant is affected by a strong smell coming from a nearby Veolia facility impacting the complainant at Mooneys Rd, Currawang NSW. The weather has been wet with overcast, and strong winds. The odour occurred on 7th March 2022 in the afternoon. Reports attached.	6/03/2022 4:11	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-10530	AR	6/03/2022 2:38	Called to report the odour from Woodawn Eco-precinct is offensive and sickening and inhibits the residents from utilising their property. It is a rotten egg garbage smell. The odour is worse when the weather is overcast and windy and has requested the operations of the site be restricted when the weather is overcast and windy. This is an ongoing issue and is the third or fourth time the caller has called within one week. Requested return call with the outcome of the complaint. Caller has requested her details not be disclosed to Veolia.	5/03/2022 19:15	GOLBURN MULWAREE	0 COLLECTOR ROAD TARAGO 2580
REF-NO-10545	AR	5/03/2022 3:08	Strong smell of gas being emitted from Woodawn Bioreactor was noticed today from 3pm to 5am.	4/03/2022 16:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-10444	AR	3/03/2022 22:10	Odour coming from Woodawn waste facility when caller went outside at 8:30. Scale 8/10	3/03/2022 21:30	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-10000	AR	20/02/2022 21:56	Attached is a completed form reporting odour from the Woodawn Bioreactor to complainant's location. This is complainant's first report although they have smelt the odour here once before. Complainant is very concerned that the odour has reached their location in Boro. The know the odour is from the bioreactor as they have smelt it many times before when passing through Tarago. The odour was like rotten eggs or sulphide (email attached)	20/02/2022 21:35	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-9923	AR	17/02/2022 22:21	Strong gas odour from Veolia Bio Reactor Waste Facility, is so pungent this morning it is giving caller asthma. All windows and doors in home have to be shut due to strength of odour. Caller would like to be called back to discuss this situation.	17/02/2022 19:58	QUEANBEYAN PALERANG REGIONAL	574 COLLECTOR ROAD CURRAWANG 2580
REF-NO-9692	AR	9/02/2022 21:43	Awful stench from Veolia at Tarago affecting caller at home on the Mayfield Road, which is a few kilometers out of town. Odours had not been too bad for a while but, more recently, every foggy morning the odour has been overpowering, which is several times a week. The odour lifts when the fog clears but the smell is so strong it nearly makes caller sick, is unbearable every time it's foggy. Odour present this morning. First noticed at 8am (lowerpowering again). It is sunny now, at 8:45am and there is a slight trace of the odour but not nearly as bad. It has been unusually cool and still, no breeze, on these foggy mornings.	9/02/2022 19:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-9684	AR	9/02/2022 21:16	Very strong rotting waste odour coming from Veolia Woodawn Tarago since 05:30 and is worse now at 08:35. Caller says you cannot walk outside. Caller is visiting the area in Tarago and wishes to remain anonymous.	9/02/2022 18:30	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-9703	AR	9/02/2022 20:04	Sick, clawing, sweet garbage smell from Woodawn Eco-precinct. First smell odour this morning at 9:30 upon waking. Odour entered through open window and is extremely strong in and outside. Ongoing issue with the facility for the last 15 years. Caller reported odour yesterday too 19/21. Caller advised she lives 15-17km away and the smell is still strong and is even stronger in town. The odour tends to dissipate around 10:30-11:00 when the temperature increased but comes back later in the day (evening when it gets cooler).	9/02/2022 18:30	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-9633	AR	8/02/2022 23:56	Odour call to the Woodawn Veolia site at Tarago regularly affects caller at home at Goulburn St, Tarago. It was present again early today (9/2/22), at 4am (when caller woke) and still present at 8am (when caller left home). This is the first time the odour has been so strong for a while and is so strong the rest of the family will stay inside until it dissipates. It was also very strong on Sunday, 29/12/22 but caller didn't report it. Caller keeps a diary but only reports the odour to the EPA when it is exceptionally strong, which is about 10% of the incidents. The odour triggers the caller's asthma.	9/02/2022 17:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-9632	AR	8/02/2022 22:55	Weather: Slight breeze from the direction of the facility. Driest overnight. Fine this morning. Caller affected by offensive odour attributed to the Veolia Woodawn waste facility (bioreactor). The odour was first noted at around 6am, and persisted until around 5am, getting more intense during that period. No wind - air was still. Odour noted at residence in Leahy Lane, and also noted at school drop-off in Bradwood Road Tarago. Very strong, rotting rubbish odour with a metallic tang, strength rated as 6 out of 10. Caller was compelled to cancel their planned exercise outdoors.	8/02/2022 19:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-9661	AR	8/02/2022 19:50	Sickly sweet rotting garbage smell that made the caller wretch coming from Woodawn Eco-precinct, 174. Was woken up at 03:00am this morning because the odour was so bad and had to close the windows. Then at 06:00am when the caller was having a shower the odour was pulled to the house by the fan. Caller had to open the doors to take her dog outside and the whole house has now been permeated with this odour throughout. There is a bit of a breeze at the moment and is come from a westerly direction.	8/02/2022 19:05	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-9542	AR	6/02/2022 22:55	Caller reporting landfill odour from Woodawn Eco-precinct, TARAGO. Caller would like to be a team member from EPA to contact firm. Odour has a rotten garbage smell from Veolia Woodawn Tarago. Caller was dropping off daughter at the school. Lawn at Collector and noticed the strong odour. Caller cannot detect the odour at home.	6/02/2022 21:30	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-9421	AR	1/02/2022 9:49	Rotting, sweet/off odour that sticks in your throat coming from Woodawn Eco-precinct. Odour makes you want to vomit, permeating all the rooms in the house. First noticed smell around 6am and dissipated around 11am when the wind got stronger/flicked up. A more off. She noticed smell again around 5pm. Also, noticed odour yesterday and it was very strong in the morning. Smell came back a bit in the evening, but is not as bad as today. Stated never see any resolution to this complaint. Duty Officer Michael Wanders contacted at 20:53 and ACK at 20:55.	31/01/2022 19:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-9390	AR	31/01/2022 22:40	Odour complaint - from the Woodawn Bioreactor, Collector Road Tarago. Started this morning about 6am, woke caller. Level was 6/6. Weather was still and cool, there was thick fog. It was ongoing, odour was still present at 8:30am when the caller left. The odour got less as the fog cleared but was still bad at time of departure.	31/01/2022 20:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580

Odour is thick in the air and can not really leave the house or even leave the window or doors open.	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-8433	19/12/2021 19:51	AIR	Odour From Tarago Waste Transfer Station/Disposal as garbage confined with dirt and mushrooms. Details Of Issue: Reporting strong odour from the waste tip. This has been an ongoing issue but the odour has been the most offensive it has ever been this week. Caller advised yesterday (15/12) the smell was persistent for 5 hours. Caller advised the smell usually starts in the afternoons and remains sustained for hours. Advised it can sometimes be smelt inside and the windows must be shut. Caller also wanted to leave her partners details on the report. #74 Report received by email to info@environment.nsw.gov.au on 28/11/2021 7:31 AM. The complainant is affected by offensive odour in the air on 28/11/2021 at 7:30am. The odour is suspected to be coming from the Woodawn Bioreactor because the odour is like rotting rubbish. The complainant's email report is attached. Caller advised that strong, offensive odour attributed to the Woodawn waste facility/bioreactor. The odour is making the caller feel like they will vomit. There is very little wind today. Caller located 13km away from the site, in Rosebery St Tarago. The caller notes this is an ongoing issue and expressed concern that there never seems to be any improvement, and also raises concerns regarding the planned incinerator. Odour from Veolia Woodawn affecting caller at home at Lower Sora, which is about 15kms from the site. The odour was noticed twice yesterday (10/11/21): in the morning (around 8am) and in the afternoon (around 4pm), and is present again this morning (11/11/21) from about 8:30am. The odour was really strong and pungent yesterday, there was some light rain and a light breeze. No rain today and the air is still. Reporting odour noticed on Golburn St of Tarago village. - time odour observed: 8:50am - location smelt: Golburn st - source of smell: Veolia "Eco" Precinct - describe smell: sour garbage smell - other: 15km WNW winds (BOM), noting BOM data is inaccurate for this	QUEANBEYAN PALERANG REGIONAL	TARAGO 2580
REF-NO-8334	15/12/2021 21:52	AIR	Odour in Tarago, we believe these smells come from the woodawn eco precinct/bioreactor on Collector road. Very strong odour coming from Veolia Woodawn Precinct at Tarago. Caller advised the odour wafted in approximately 25 minutes ago (8:35pm) and permeated the whole house. Caller advised they have since had to close up the whole house due to the odour. Caller advised that the odour is getting worse in the early mornings for the past 1-2 weeks however this evening the odour is very bad. Caller advised she has concerns of health impacts from air particles into the tank water. bad smell like rubbish odour coming from the Woodawn Eco-precinct, this has been ongoing for years, lives 9km away.	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-8297	15/12/2021 10:04	AIR	Odour has a rotten garbage smell coming from Veolia Woodawn waste facility at 06:30. Scale 5/6. Wind very still. Odour of rotting garbage from the Veolia Woodawn Bioreactor in Tarago was strong for two hours this morning 13/12/2021 22:22 (8am-8am) affecting caller at home on the farm. It was very still between 6am and 8am. Unpleasant strong garbage odour that has an overpowering egg smell. The current weather conditions are the wind blowing from the west at approximately 0.5 km an hour.	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO NSW 2580
REF-NO-8238	13/12/2021 19:16	AIR	Odour From Veolia Woodawn Bioreactor, EPL 20476 at Tarago. Strong odour commenced about 2:30pm today and was still at the time of the call. Rain has been ongoing all day. Please record another odour complaint presumably coming from the Woodawn Bioreactor. Time 6:20pm. Wind from the SE about 15km/h. This time a metallic foul smell, just to let you know that the complainant has a bad condition and this smell caused an immediate reaction, therefore the complainant was unable to go outside. My wife had to go outside to attend to the animals. Please do something about this odour as it severely impacts my ability to go outside when the wind blows from the SE. These complaints seem to do nothing! Grateful if you can contact me to discuss what your agency is doing about the odour. Caller is reporting an odor, it is coming from the Woodawn Eco-precinct. Could smell odour from about 1.5 km away. Duration: 7:20am Caller woke up this morning and could smell the odour from the Veolia bio-reactor on Collector Road, Tarago. It is a rotten garbage odour. Smells like methane. Also noticed the smell yesterday 29/11 at 08:30, but could ring at the time. Caller would rate the level of intensity today as 5. Yesterday the level of intensity was 6. The smell makes caller feel sick.	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580

REF-NO-6575	19/10/2021 22:28	AIR	Strong offensive smell coming from brewery drains. Odour is so strong it makes you feel nauseated. Odour can be smelt 2km away but is worse when driving or walking past the establishment. The odour is believed to be coming from the drainage system at the site. Can be smelt the most from the drains in Ducks Lane and also from the big drain on Hume Street near the driveway entrance to the small shopping complex with BCF and Autobarn. Caller believes the brewery may be on their fermenting cycle as the odour occurs intermittently and has occurred previously. Caller advised the brewery makes Dark Beer. Report received by email to info@environment.nsw.gov.au on 14/10/2021 10:58 AM. The complainant is affected by offensive odour from the premises of EPL20476 on Monday 14/10/2021 in the morning hours. REF-NO 4654	AR	4/08/2021 8:33	Has been happening a lot lately, both morning and evening. (email attached) Caller affected by offensive odour attributed to the Woodawn waste facility, a really strong, pungent and unpleasant smell, like something rotting. Caller can usually smell the offensive odour every day when driving towards Tarago. The smell begins to be noticed from around 15 to 20 minutes from the waste facility and the smell varies everyday in terms of strength but caller could smell it very strongly on 18/8/21.	4/08/2021 8:33	GOULBURN MULWAREE	
REF-NO 4599	AR	3/08/2021 6:26	Caller can usually smell the offensive odour every day when driving towards Tarago. She is 15 to 20 minutes from the waste facility and the smell varies everyday in terms of strength but caller could smell it very strongly today.	3/08/2021 2:00	GOULBURN MULWAREE	TARAGO 2580
REF-NO 4596	AR	3/08/2021 6:26	Odour pungent rubbish smell coming from Veolia Woodawn which is occurring every day. This morning 04:30 and 06:15 still bad. Caller is requesting the EPA to do more. She also spoken to the manager at the waste facility.	3/08/2021 2:00	GOULBURN MULWAREE	
REF-NO 4496	AR	1/08/2021 23:06	The complainant is affected by rotten-egg like odour in the air at 174 on 28/7/2021 and again on 1/8/2021. The complainant advises that the strength of the odour varied from 2/10 to 4/10 on the 28/7/2021, and between 2/10 to 3/10 on 1/8/2021. There were also light NW winds on 1/8/2021. The complainant's two reports are attached.	1/08/2021 18:30	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO 4665	AR	1/08/2021 22:26	Smells like burning rubber, metallic and rotten garbage. Caller advised the rating is a 6/6. Went outside to get fresh air.	27/07/2021 19:30	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO 4568	AR	1/08/2021 10:30	Kneword and the smell made caller gag. Complainant advises that they consistently get a smell in Tarago that they believe comes from the Woodawn Eco Precinct Bioreactor on Collector Road. It smells like like rubbish / gassy. Recently complainant noticed the odour was quite strong driving past the Intermodal station on Bungendore Road and while driving past Collector Rd. This was on Tuesday 13th July at 8pm and Wednesday 14th July at 4am. They can smell it again this morning when leaving their home today at 8am on 31 July. The odour was also present at the time of emailing at 9:48pm on 31/7.		GOULBURN MULWAREE	
REF-NO 4621	AR	31/07/2021 11:48	The smell was here again this morning from Veolia and when complainant dropped their son off to daycare in Tarago. More like a 2 out of 10, but it still stinks. (email attached)	30/07/2021 22:00	GOULBURN MULWAREE	
REF-NO 4656	AR	30/07/2021 11:22	Odour from Veolia Woodawn Bioreactor affecting caller's family at home again in Leahy Lane, Tarago. Odour initially noticed at 8:30am today (Fri 30/7) when caller first went outside. It is very strong, 5 out of 6. Today it smells like a combination of rotting garbage and burning. It is really acrid, affecting caller's throat. Caller can't exercise outdoors when it's like this and the children want to stay inside, not wanting to go to school because the odour also affects the Tarago Public School on Braidwood Road in the middle of Tarago township.	30/07/2021 11:22	GOULBURN MULWAREE	
REF-NO 4502	AR	29/07/2021 23:10	Weather: Clear, still and frosty. The complainant was wondering if the EPA can explain what action they are taking in relation to the breaches of U.E.1 of license 11436 (Veolia's operations at Woodawn) in relation to odour issues. Veolia's own odour log (attached, obtained from their website) contains numerous cases of odour issues related to their operations. The last penalty notice issued by the EPA in relation to odour issues was on 16 June 2015 (2085779563), and since then there are no recorded penalty notices issued. Given Veolia's own odour log indicates numerous cases of breaching U.E.1 of their license, can the EPA please explain why they are allowing Veolia to continue to operate in what is apparently a clear breach of their license (and as per that license, a breach of the Protection of the Environment Operations Act 1997)? Could the EPA please explain what they are doing to ensure they are not complicit in the ongoing breach of the Protection of the Environment Operations Act 1997?	29/07/2021 22:30	GOULBURN MULWAREE	
REF-NO 4469	AR	25/07/2021 9:30	Please ensure all responses are in email form. Odour complaint concerning Veolia Woodawn. It went for 3 hours. Character of odour: 06, 09, 13 (rotten garbage) Strength of odour: 8 Wind direction: Calm overnight with NNW winds the previous evening Other Notes: Complainant's wife wanted to vomit it was so bad. (email attached)	25/07/2021 9:30	GOULBURN MULWAREE	TARAGO 2580
REF-NO 4511	AR	23/07/2021 10:40	Caller advised when travelling on approach to Tarago, caller had stopped to call Environment Line outside the Tarago public school on Braidwood Road, odour present and strong at that location. The caller advises that that the odour is extremely strong today, rating 6 out of 6. No wind at present. Odour described as rotten egg/newspaper smell together. The caller had planned to undertake an exercise activity but had to cancel this, as it was not possible to endure the odour.	21/07/2021 23:00	GOULBURN MULWAREE	619 Collector Rd

REF-NO 4270	AR	20/07/2021 6:16	Report received via email on 15/7/2021 at 10:15am Emailled complainant reads "Last night around 530 pm driving through town I could smell the odour from Woodawn" Date: 15 July 2021 Time: 09:00am Location: 174 Duration: 30mins Character of odour: 06, 09, 13 (rotten garbage) Strength of odour: 6 Wind direction: North westerly winds.	18/07/2021 6:16	GOULBURN MULWAREE	
REF-NO 4235	AR	19/07/2021 22:05	Strong odour of diesel and a visible rainbow sheen in stormwater runoff entering the Queanbeyan River at Queanbeyan "from the industrial area". Caller did not specify if the flow was a gush or a trickle, but felt it was urgent. The industrial area is north of the River but the caller described being at a location south of the river, on a walking track approx 100m west of the Riverside Cemetery, at approx - 35.343453, 149.332447. This is approx 100m east of the rail line crossing the river near the ACT border, and 220m east-nor-east of McEwen Ave, Queanbeyan. Caller's description of the location was vague, confusing and convoluted, and he was reluctant to answer specific questions, constantly repeating "just get someone out here", but confirmed the above location when described to him in relation to the cemetery. At the industrial area to north of the river, he may have been at a similar point east of the rail line but north of the river, not south. There is a walking track on both sides of the river. Caller offered to email photos but the line cut out and did not answer when called back. No name had been supplied at that stage.	14/07/2021 7:30	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580

REF-NO 3782	AR	5/07/2021 0:13	Odour from Woodawn Bioreactor Tarago EPL 20476 on Friday 2nd July 6:00pm. Strong odour returning through Tarago village from Bungendore direction to home. The smell is just as strong at 6pm as it was in the morning, 6/6	2/07/2021 8:00	GOULBURN MULWAREE	609 COLLECTOR RD, TARAGO NSW 2580

REF-NO-3781	AIR	5/07/2021 0:30	Odour from Woodawn Bioreactor Tarago EPL 20476 on Friday 2nd July, 7:15am Caller was driving through Tarago village to go to work and forgot to adjust car air conditioning to recirculating so the odour was present inside the car for the 1500 in through town until I got to clear air. First noticed the odour near Lumley Road heading into Tarago, and out the other side could smell through Crisps Creek toward Bungendore. Strength of the odour was 0/5	1/07/2021 21:15	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-3770	AIR	5/07/2021 0:32	Odour from Woodawn Bioreactor Tarago EPL 20476 on Thursday 1st July, 11am first noticed the smell. Caller lives out of Tarago and could see fog lying over the village in the morning when she was planting trees in paddock with kids. Caller is aware that fog usually contains the smell associated with the Bioreactor. Around 12am the fog came over the property and brought the odour with it (very strong, about 4/6) so the caller and kids went inside after about half an hour of the smell.	1/07/2021 1:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580

REF-NO-3521	AIR	23/06/2021 22:25	The complainant is affected by offensive odour attributed to the Veolia waste facility. The caller usually encounters the odour when driving in the vicinity of Tarago, from around 5km out from Tarago. The caller resides in Braidwood so is not affected at home, but it is a frequent problem whenever coming through town. The odour is nauseating, the caller feels very unwell when encountering the odour. The caller is also concerned about potential for the waste facility to leak into surrounding groundwater and surface waters, noting that there is a creek nearby. The caller requests that the EPA assess whether there is impact to waters. The caller noted that there is a community Facebook page/group with a lot of discussion about the odour issue and suggested EPA look over the complaints raised there.		GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-3495	AIR	23/06/2021 3:46	The complainant would like to register a complaint about the smell from Veolia on the morning of 21 June 2022 at approx 0800. The weather conditions were overcast with no wind. The power of the smell was moderate. The complainant is unable to advise how long it lasted as it was only outside for 20 minutes before leaving home. Caller's daughter is feeling very nauseous. Caller is state that the daughter is feeling sick and has to attend. Caller says is over this and why this company is allowed to get away with this stink. Odour coming from Veolia Woodawn waste facility Tarago.	10/06/2021 23:00	GOLBURN MULWAREE	
REF-NO-3215	AIR	10/06/2021 22:17	Date: 8 June 2021 Time: 06:15am Location: 803 Boro Road Duration: 2hrs Character of odour: 06, 09, 13 (rotten garbage) Strength of odour: 4 Wind direction: Braidwood weather station reports wind directions from NW through NNW since 21:10AEST last night (4-11kph) Other comments: This smell was quite sharp even during much stronger winds.	10/06/2021 20:15	GOLBURN MULWAREE	
REF-NO-3191	AIR	9/06/2021 7:56	Very strong odour. Caller is not able to describe the smell specifically. Caller advised the odour has been occurring all day. Caller advised it is a very bad odour coming from Veolia. Caller advised the odour sometimes makes caller feel sick.	9/06/2021 0:00	GOLBURN MULWAREE	
REF-NO-3150	AIR	8/06/2021 23:44	caller affected by offensive odour attributed to the Woodawn waste facility. The caller left home to go for a run at around 8am (in area of Lushy Lane Tarago) and found that offensive odour was present. The odour got worse during the run, and at 9:30 the caller could taste the odour and was compelled to stop their run because it was unbearable. Weather is overcast and there is a slight wind. Odour described as rapid rotting garbage.	8/06/2021 23:00	GOLBURN MULWAREE	
REF-NO-3131	AIR	8/06/2021 3:14	Last night at 19:00 there was a very bad oily garbage odour coming from Veolia Woodawn Tarago. The caller says the odour had permeated through the house. Date: 5 June 2021 Time: 09:30am AEST Location: Tarago Recreation Area Duration: on and off during the day Character of odour: 06, 09, 13 (rotten garbage) Strength of odour: 1 Wind direction: Unable to obtain at the time	7/06/2021 9:00	GOLBURN MULWAREE	
REF-NO-3121	AIR	7/06/2021 20:30	Other comments: This was during outdoor activity of the local Pony Club involving young children and adults. It is also near where our 4yo son attends pre-school. Could EPA please advise what air pollution monitoring they are undertaking to ensure the health of our child and children at both the Tarago pre-school and the Tarago Primary School? We would hate to think there are toxins in the air and the EPA has not deployed monitoring at these locations. Date: 18 May 2021 Time: 08:15am AEST Duration: ~ 3 hours Continuity of Odour: Constant Character of odour: 06, 09, 13 Strength of odour: 2 Wind direction: According to Braidwood weather, still for the last 12 hours with wind last night from the NW, N an W over 6 hours. Same distinct odour as instance on 9 May 2021.	4/06/2021 23:30	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-3110	AIR	7/06/2021 20:28	Other comments: What is the EPA doing about this? We have NEVER had this problem in almost 14 years of living here. Reporting strong odour pollution. Stench nearly knocks you over when you exit the house if doors are left open the odour enters the house. Ongoing issue with odour for 10 plus years. Caller advised will be going to the media with the issue if not resolved asap. Number provided for wife Pamela Hawke as caller did not know his new number :-)	17/05/2021 23:31	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-3107	AIR	7/06/2021 10:16	Strong decaying rubbish odour. Toxic odour. I am writing with respect to the current "stink" situation in Tarago, Southern Tablelands NSW.	7/06/2021 9:50	GOLBURN MULWAREE	
REF-NO-3034	AIR	4/06/2021 7:53	Last night the 3rd June at 23:00 hours I drove through Tarago and could not help but smell the vile stink emanating from the Woodawn Bio disaster. The area of stink heading south started well before Tarago on the Northern side of town to well past the Collector road heading towards Bungendore my home town residence. See full email attached	3/06/2021 12:59	GOLBURN MULWAREE	
REF-NO-3050	AIR	4/06/2021 6:19	Bad sickly sweet odour coming from Veolia Woodawn that occurred between 15:00 - 19:00 yesterday. Thank you for taking my call this afternoon. I would like to report the smell from Veolia on the following dates: 22 May 2021 at 0700h - it was cold and foggy, no wind. Strong smell of garbage and rotten eggs. Lasted two hours. 23 May 2021 at 0800h - it was sunny and mild, no wind. Strong smell of garbage and rotten eggs. Lasted 1 1/2 hours. 03 June 2021 at 1500 - 1500h - It was cold and raining, no wind. Strong sickly sweet smell of garbage and rotten eggs.		GOLBURN MULWAREE	
REF-NO-3032	AIR	3/06/2021 12:05	Hi EPA/Want to report an odour incident in Tarago. Time observed: 10pm 3/06/21 Description: smells like rotting garbage and smell was noticed indoors in the hallway where the front and back doors are located. Potential source of smell: Veolia eco precinct	3/06/2021 12:00	GOLBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-3014	AIR	3/06/2021 2:27	Wind direction: SSW 7km/h Odour complaint as of 18:55 this evening, 1/6. The smell is an unpleasant sweet garbage odour. The current wind situation is 7 km/h from the North. (email attached) The caller is affected by offensive odour from Tarago on 2/6/2021 at 6AM. No wind. Caller rated the odour at 5/6. The odour is ongoing and was very bad yesterday 1/6/2021 in the afternoon. The caller says he is sick of calling the EPA and there is no change.		GOLBURN MULWAREE	574 CULLULLA RD, TARAGO NSW 2580
REF-NO-2914	AIR	1/06/2021 23:43	Complainant registering an odour complaint for 08:30 this morning. The smell is was an unpleasant sweet garbage odour. They were unable to ascertain the wind speed however the conditions could be best described as still with regards to the wind. Update at 12:18 on 2/6/21. They assume the Veolia run Woodawn facility would be the source of the smell if they had to guess, as it is the only potential source of such a strong odour in the area. Complainant believes the EPA published some reference material that action was being taken, but complainant assumes by the continuing odour that it has yet to be remediated. (email attached)		GOLBURN MULWAREE	
REF-NO-3011	AIR	1/06/2021 21:53			GOLBURN MULWAREE	

REF-NO-2817	AR	1/06/2021 1:32	Toxic stench coming from Veolia Woodlawn Tarago. Caller is feeling sick from the odour. Caller is very distressed as odour is affecting caller's mental health. The odour leaves awful taste in the mouth and cannot get rid of the taste. The caller is affected by offensive odour -EPL20476 the WOODLAWN MECHANICAL BIOLOGICAL TREATMENT FACILITY located at 619 Collector Road TARAGO NSW 2580, on 1/6/2021 at 11AM. The caller is being impacted at the Tarago Public school. The caller ranked the odour 5/6. The caller is affected by offensive odour coming from the Veolia Woodlawn MBT Facility - EPL20476 located at 619 Collector Road Tarago NSW on 1/6/2021 at 10:20m. REF-NO-2564	AR	11/05/2021 9:26	The complainant is affected by offensive odour coming from the Woodlawn bioreactor at collector road. The odour is affecting the complainant's dwelling at 174. The odour which is ongoing started on 18th May 2021 at 9PM. Rotting waste odour occurring last night at 22:00 and again this morning at 07:00 when called visited Tarago Village coming from Veolia Woodlawn Tarago. Caller says the odour gets into the throat and cannot get rid of the taste. Caller is very sick as an ongoing problem. Caller is asking for feedback asap.		GOULBURN MULWAREE	
REF-NO-2405	AR	19/05/2021 23:58	Tarago Public School is affected by odour from the Woodlawn bioreactor facility Collector Road Tarago. As caller arrived in town via Bradwood road she could smell it in the car, and at 8:10 could smell a sharp strong smell when the caller arrived at the school. At this time there was not much breeze, but at time of call (8am) there is a distinct breeze and the odour has turned to the gassy egg smell. The odour issue has been ongoing for at least a month and school staff are starting to worry about effects on the students' health.	19/05/2021 12:00	GOULBURN MULWAREE	
REF-NO-2404	AR	19/05/2021 23:05	Breeze moving clouds and trees, and quite cool. The complainant is affected by offensive odour coming from the premises of EPL20476 located at 619 Collector Road, TARAGO, NSW, 2580, impacting 174. See the attached report.		GOULBURN MULWAREE	619 collector rd tarago
REF-NO-2396	AR	18/05/2021 11:11	Caller advising of an excessive odour smelling of rotten eggs or sewer that has been increasing for the last 2 to 3 weeks.	17/05/2021 23:00	GOULBURN MULWAREE	
REF-NO-2347	AR	18/05/2021 10:42	Caller affected at their home in King St Tarago by an offensive odour attributed to the Woodlawn bioreactor. Today there is no breeze, and it is not overcast. Odour described as like rotting compost, an acidic odour.	18/05/2021 9:00	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-2301	AR	17/05/2021 23:41	Caller has noticed that the smell is often worse in the day or so after the train brings in liquid waste in tanks. Very strong rotting gassy smell. Caller advised the smell is in the mouth coming from the Woodlawn bioreactor. Tarago. The odour started at 07:00 but the odour is much worse now than ever has been in the past. Caller will email the other dates as kept an odour diary.	17/05/2021 23:40	GOULBURN MULWAREE	
REF-NO-2297	AR	17/05/2021 23:38	The odour coming from EPL20476 on Sunday 16th May in the morning and again today 18th May from 9:00AM. The caller advises that the odour is very strong this morning. There is no wind - the weather is still. The caller is impacted by the odour at the caller's dwelling place at 174.	17/05/2021 21:00	GOULBURN MULWAREE	
REF-NO-2249	AR	17/05/2021 23:19	Strong toxic odour coming from Veolia Lawlitt Tarago which is the caller vomit. Ongoing problem with the odour is much stronger. Caller will be conducting a Current Affair.	17/05/2021 19:30	GOULBURN MULWAREE	
REF-NO-2246	AR	17/05/2021 22:37	Bad odour from Veolia Woodlawn affecting caller at home at 8:45am. Slight newspaper present now, at 8:50am. Odour was not present at 6am - wind conditions not noticed. Odour is typical of landfill. Odour strength is between 4 and 5 on a scale of 6 = strong to very strong.	17/05/2021 19:30	GOULBURN MULWAREE	
REF-NO-2247	AR	17/05/2021 22:54	Caller advised they smell a very strong waste odour this morning and is pretty certain it is coming from the Woodlawn Eco-precinct. Caller advised the wind is westerly and a still morning. On mornings like this the smell is to the point where you do not want to go outside. It is an ongoing issue smell roughly 20 times this year. Always smells the worse when the wind is westerly and is still. Caller advised inside household smell is fine at the moment, but really bad outside.	17/05/2021 22:45	GOULBURN MULWAREE	
REF-NO-2322	AR	17/05/2021 21:23	Recurring issue of odour from Veolia - Woodlawn Eco-precinct. Caller has lived here for 2 years but in last few months it has been more frequent. Multiple times a week. First noticed today at 16:30, still present now at 18:23. Really strong odour (6/10) very offensive coming from Woodlawn Bioreactor.	17/05/2021 21:10	GOULBURN MULWAREE	
REF-NO-2303	AR	17/05/2021 8:29	This morning at around 6:30 am I could smell the odour from the mine from my house and then through the heater in my car on the way until I passed the creek creek transfer station.	17/05/2021 6:30	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-2264	AR	16/05/2021 23:41	Email sent to info@environment.nsw.gov.au on 16/05/2021 at 14:12 hrs of odour affecting resident living at Tarago Village, Tarago NSW. Complainant advised of unbearable sulphur smell, which keeps happening every day. Complainant cannot stand the odour and said she practically threw up. The odour is also making her two children sick and advises that they cannot enjoy fresh air and morning walks. Complainant wants EPA to contact her. Email sent by complainant is attached to the report.	16/05/2021 20:30	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-2354	AR	16/05/2021 4:12	Caller advised of a garbage odour pollution from the Woodlawn mine and advised it is an ongoing issue for the past 10 years and that it comes from the rubbish dumped at the mine. Advised it is affecting his health and throat and mentioned it goes away when the sun comes out as the stench was bad at 6am but slightly better at 8am. Advised the smell depends on the weather. Advised when him and his wife walked down to Tarago, the smell was really bad and he wanted his details sent to Nick Henley as Nick and Charles had arrived last Friday from EPA. Caller advised he is frustrated as it is deteriorating his health and did not want his details sent to the council as he has called in before but advised the council had not done anything about it as 'the council benefits from the mine'. Caller advised he is not the only person that gets affected from this issue and that everyone else does as well. Caller advised the Higher up at EPA have not done anything about the odour in the past. Report received by email to info@environment.nsw.gov.au on 15/05/2021 8:50 PM. The complainant is affected again by offensive odour coming from the Veolia Bioreactor in Tarago impacting the caller at 174. See previous EPIC complaints REF-NO-1059 & REF-NO-822. See also the attached report.	16/05/2021 4:12	GOULBURN MULWAREE	
REF-NO-2258	AR	15/05/2021 23:26	Complainant lives in the Tarago village. There is a sulphur smell happening again today, 15/05/21. There is a strong unbearable sulphur smell. It keeps happening everyday. Complainant cannot stand it, they practically threw up. The wind direction is coming from the south. Complainant has two children and they feel sick too. Complainant asks can the EPA have this matter investigated. Complainant cannot enjoy the fresh air on a morning walk, they cannot let the house breathe. Their children are exposed to this smell everyday. Complainant asks can something be done soon to rectify this issue. Complainant is still waiting for a call back. (email attached)	15/05/2021 19:00	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-2383	AR	14/05/2021 14:36	Odour complaint for 14 May 2021 was ongoing at the time of this email. The smell is a sweet unpleasant garbage smell. The wind is blowing from the NW at 10-13 km/h. (email attached)		GOULBURN MULWAREE	
REF-NO-2338	AR	14/05/2021 13:23	It is a condition of EPA 11455 that all containers must be designed, constructed and maintained to prevent the emission of offensive odour by the water tight to prevent the leakage of leachate from waste containers during transport and handling activities (Condition OS.2.) Upon inspection it was identified that container 548 was leaking liquid onto the pavement of the premises.	14/05/2021 14:36	GOULBURN MULWAREE	BUNGENDORE ROAD TARAGO 2580
REF-NO-2305	WATER	14/05/2021 4:15	Email sent to info@epa.nsw.gov.au on the 14/05/2021 at 11:24 hrs from Office of Wendy Tuckerman MP, Member for Goulburn, on behalf of constituent Robert Polley regarding large odorous trucks driving down the road to s74. The odour coming from Enviro Waste Services Trucks. Complainant advises that Mr Polley has spoken to drivers who have advised him that they come from Hermit. The trucks are carrying garbage or waste to this address and the block is mostly scrub. There is no information on a business at this address or that these trucks would be dumping waste at this location. Complainant needs advice from EPA on the matter as to his responsibility for the odour.	14/05/2021 4:00	GOULBURN MULWAREE	174 THREES LANE, BOERSERS CREEK NSW 2580
REF-NO-2336	WASTE DUMPING	14/05/2021 1:14	Caller affected by offensive odour at Currawang Road Currawang, attributed to the Woodlawn waste facility. Odour characterised as 5,6,7 on the odour log sheet (rotten, sour garbage type odours). Wind thought to be from South East, wind strength rated as 4, strong. Caller affected approximately 11:30am.	14/05/2021 4:15	GOULBURN MULWAREE

Odour strength noted as 3 - distinct. Odour attributed to the Woodlawn waste facility. Wind strength noted as 1, 2. Odour present constantly. Odour persisted for about 2 hours (to approx 10:45am). Caller affected in Currawang Road Currawang.	25/04/2021 22:45	GOULBURN MULWAREE	
REF-NO-2184	AR	14/05/2021 0:04	Caller affected by offensive rotten odour when driving on Goulburn Road toward Bungendore. It was particularly strong at the turn off to collector road, the caller found it overpowering despite having the car windows and vents closed. The offensive odour is attributed to the Veolia Woodlawn waste facility.	25/04/2021 22:45	GOULBURN MULWAREE	
REF-NO-2154	AR	13/05/2021 5:04	Caller affected by offensive odour described as like rotten garbage/dead animals/rotten eggs, attributed to the waste facility. Odour strength rated as a 3. Wind strength noted as 1, direction not noted. The caller was located at Mulwaree St Tarago. The odour persisted all day.	9/05/2021 10:30	GOULBURN MULWAREE	
REF-NO-2152	AR	13/05/2021 4:59	Caller affected by offensive odour described as like rotten garbage/dead animals/rotten eggs, attributed to the waste facility. Odour strength rated as a 3. Wind strength noted as 1, direction not noted. The caller was located at Mulwaree St Tarago. The odour persisted all day.	26/04/2021 0:00	GOULBURN MULWAREE	
REF-NO-2151	AR	13/05/2021 4:58	Strong odour from the Woodlawn Bioreactor at Tarago. The odour was first noticed this morning about 7am when caller was leaving for work. This morning was quite still, practically no breeze. The caller has owned property for years but only moved in full time this January. On previous (pre 2021) visits to the property there have been no odour issues but caller notes that recently there has been a strong odour present about 2-3 times weekly, or whenever the wind is in the west. Caller is about 8km from the facility.	25/04/2021 0:00	GOULBURN MULWAREE	
REF-NO-2114	AR	12/05/2021 23:48	Bad odour has rotten egg gas smell coming from Veolia Woodlawn Tarago. Wind unknown.	12/05/2021 21:00	GOULBURN MULWAREE	
REF-NO-2113	AR	12/05/2021 23:09	Odour from the Woodlawn waste facility, Collector Road Tarago. Odour was very strong at 8:30 am today, it was still present though not as bad at end of the call. Caller believes the breeze is NE at the time of the call.	12/05/2021 22:45	GOULBURN MULWAREE	
REF-NO-2112	AR	12/05/2021 23:02	Email sent to info@environment.nsw.gov.au on the Thursday, 13/05/2021 at 8:59 am regarding odour coming from TARAGO OPERATIONS PTY LTD, Woodlawn Mine Project, 507 Collector Road, TARAGO, NSW, 2580. Complainant noticed the odour when at 06:00 am when caller left home for work. Email sent by complainant is attached to this report.	12/05/2021 20:30	GOULBURN MULWAREE	
REF-NO-2234	AR	12/05/2021 22:59	Offensive odour coming from VEOLIA ENVIRONMENTAL SERVICES (AUSTRALIA) PTY LTD, WOODLAWN LANDFILL, COLLECTOR ROAD, TARAGO, NSW, 2580, affecting resident at Rosebery Street, Tarago. Caller said it is an extremely strong rotten garbage odour started around 07:00 am this morning and is continuing.	12/05/2021 20:00	GOULBURN MULWAREE	s74 Collector Road, Tarago NSW 2580
REF-NO-2098	AR	12/05/2021 22:37	Caller advised that they realised the odour roughly two months ago but have only just found this number to call and report. Caller advised it is a terrible sewage smell and is pretty certain it is coming from the Woodlawn Eco-precinct, however, possibly could be from the Tarago Waste Transfer Station. Caller advised the smell is very strong. Stinks on the callers clothes and has to wash clothing in Canberra because of this. Caller advised when they were flying in a plane/helicopter above the facility you cannot have any windows open because of how bad the smell is. Caller advised the smell is strongest either home address on days when the wind is blowing from the facility towards their home. Caller advised the odour makes them want to throw up very bad smell. Over-powering odour from Woodlawn Bio Reactor which is preventing caller from opening up the house. Smells like rubbish.		GOULBURN MULWAREE	
REF-NO-2132	AR	12/05/2021 22:26	Caller is reporting an odour, it is so foul that she had to cancel her outside exercise that she was going on today as she feels like she will vomit. Cant put washing on the line either. Rating is 5/6. Caller advised that ok to provide her details to public institutions but must not provide to Veolia. Caller requests that the reference number for her call be emailed to them.	12/05/2021 20:30	GOULBURN MULWAREE	
REF-NO-2135	AR	12/05/2021 21:14	Odour is so foul that caller had to cancel their outside exercise that they were going on today as they feel like they will vomit. Smells like rotten garbage. Cant put washing on the line either. Rating is 5/6. Caller advised that ok to provide their details to public institutions but must not provide to Veolia. Caller requests that the reference number for their call be emailed to them.	12/05/2021 21:25	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-2136	AR	12/05/2021 21:14	Caller affected by offensive odour attributed to the waste facility in Tarago - odour hard to describe, a bit like sewage/rotten eggs. The odour was particularly strong at around 3am, the odour had infiltrated the house despite closed doors and windows, and it was an overpowering smell outside. Caller did not note the wind direction.	12/05/2021 21:25	GOULBURN MULWAREE	
REF-NO-2092	AR	12/05/2021 3:14	Caller affected by offensive odour attributed to the waste facility in Tarago - odour hard to describe, a bit like sewage/rotten eggs. The odour was particularly strong at around 3am, the odour had infiltrated the house despite closed doors and windows, and it was an overpowering smell outside. Caller did not note the wind direction.	11/05/2021 17:00	GOULBURN MULWAREE	

REF-NO-2050	AIR	11/05/2021 22:32	Very strong odour like a rotten egg smell coming at 7am. Wind still. The caller is affected by offensive odour coming from EPA20476 located at 619 Collector Road, TARAGO, NSW, 2580, impacting the caller's dwelling home at Mayfield Road Tarago NSW 2580. The odour has been ongoing for months and this is the longest continuous spell of the odour that the caller has ever experienced. The odour was strong yesterday 11/5/2021 since morning and it is increasing getting bad. Smell at Tarago from the Veolia Woodswain Bioreactor is virtually everyday this isn't good enough. School kids have to stay indoors, I had an EPA update last week but nothing's changed. It was really bad yesterday (Mon 10/5/21) and again today from first thing and still here now at home. It's almost every day of the week. What's the EPA doing to fix it?	11/05/2021 21:00	GOULBURN MULWAREE	tarago
REF-NO-2063	AIR	11/05/2021 6:50	Offensive odour coming from EPA20476 located at 619 Collector Road, TARAGO, NSW, 2580, impacting the caller's dwelling home at Mayfield Road Tarago NSW 2580. The odour has been ongoing for months and this is the longest continuous spell of the odour that the caller has ever experienced. The odour was strong yesterday 11/5/2021 since morning and it is increasing getting bad. Smell at Tarago from the Veolia Woodswain Bioreactor is virtually everyday this isn't good enough. School kids have to stay indoors, I had an EPA update last week but nothing's changed. It was really bad yesterday (Mon 10/5/21) and again today from first thing and still here now at home. It's almost every day of the week. What's the EPA doing to fix it?	11/05/2021 21:00	GOULBURN MULWAREE	619 Collector Rd
REF-NO-2043	AIR	11/05/2021 3:52	Is an unbelievable stench. Odour from the Veolia Woodswain Bioreactor 619 Collector Rd, Tarago. EPA 11436. Odour noticed odour just now, 10am (Tue 11/5/21) when caller went outside again. No breeze. Odour wasn't present at 7:30am either in home or in town, Tarago. Odour is like something rotting and typical of the Woodswain waste site. Odour strength is 5 out of 6 - very strong. Caller won't be hanging out the washing while it's like this. Odour is becoming quite common, present approximately 50% of days over the last month. Odour is usually present in still weather conditions. Odour from the Veolia Woodswain Bioreactor - EPA 11436. Affecting caller at 174. Present now, 10am, Tue 11/5/21. First noticed when caller went outside at 9am. Weather conditions: Very slight breeze, westerly.	10/05/2021 21:00	GOULBURN MULWAREE	619 Collector Rd
REF-NO-2025	AIR	11/05/2021 01:33	Odour from the Veolia Woodswain Bioreactor - EPA 11436. Affecting caller at 174. Present now, 10am, Tue 11/5/21. First noticed when caller went outside at 9am. Weather conditions: Very slight breeze, westerly.	11/05/2021 0:00	GOULBURN MULWAREE	
REF-NO-2023	AIR	11/05/2021 0:05	Overcast. Odour is strong and sour, and has been present two or three times a week recently. Ongoing odour problem from the Woodswain Bioreactor, Collector Road Tarago. Caller is affected by odour 20km away in Lower Bora. The caller would like a copy of the odour diary everyone is talking about please - could ops officer get in touch with them. The caller describes it as a garbage smell - could smell it really strong around 6-7am. It generally fades away around 9am. He has worked at the site and states that they are meant to cover the waste with soil daily but they feel that if it gets done, ok, but if they don't get around to it, they don't mind much. Further issues with trash all over the neighbourhood. The area is very windy and the wind frequently picks up waste from the hole and blows it around the whole neighbourhood. When there are a couple guys on workers comp "light duties" available Henry Gundry will send them to pick up the errant rubbish - this happens about twice a year. Asbestos waste trucks are sometimes dumped next to the general waste and its mixed together carelessly. Caller reports that when asbestos contaminated waste from builders was received there would be containers left in "the boneyard" area which then disappeared overnight - taken elsewhere to bury for cheaper. Free fee to call the complainant for more information on these issues.	10/05/2021 23:00	GOULBURN MULWAREE	
REF-NO-2009	AIR	10/05/2021 23:19	Caller advised smell coming from the Veolia Bioreactor on Collector Rd. No health issues reported, however issue for resident. Has been ongoing issue, tonight has been the strongest it has been. Smell reported to be persistent for 4 hours from incident time.	10/05/2021 23:19	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-2014	AIR	10/05/2021 21:36	The complainant would like to report the awful odour coming from Veolia this morning 11th May 2021. This morning the complainant can't even open the front door because the complainant doesn't want the smell right through the house. The last few months the odour is becoming worse and more frequent. When the complainant first moved here 3 years ago the complainant barely ever smelt it. Now it's becoming an everyday thing. Something Veolia is doing has changed and they need to held accountable for it.	10/05/2021 21:36	GOULBURN MULWAREE	
REF-NO-2021	AIR	10/05/2021 21:12	The complainant would like to report a horrid smell emanating from probably the waste processing facility near Tarago. The complainant has been living on Bone Road for almost 14 years, and until two nights ago have never had any smell from the facility. It is also clear from the local community that the owners of the facility have no intent of doing anything about the smell, and as such the complainant will be reporting all instances to the EPA given your responsibility related to the licensing of this facility.	10/05/2021 21:12	GOULBURN MULWAREE	
REF-NO-2022	AIR	10/05/2021 19:50	Very strong odour seems like rotten egg smells like sulphuric acid. Odour seems to be very strong this evening, possibly because the wind has changed to South Easterly. Odour is affecting all residents at the property and all windows and doors need kept shut. Unable to go outside as it makes residents of property feel nauseous. Caller has concerns for the water supply as there is only tank water at the property and feel that the water could possibly become contaminated.	10/05/2021 9:10	GOULBURN MULWAREE	
REF-NO-2019	AIR	10/05/2021 9:16	Gaseous, rotten garbage smell. Smell is going through the door and is strongest caller has smelt it since moving into premises. Noticed yesterday 7/5. Has sleep apnoea and the odour woke caller up. Started again this afternoon (on 8/5) in the middle of the day and then it went away. Smell is now back at night time and it is worse than ever and really overpowering.	10/05/2021 6:55	GOULBURN MULWAREE	
REF-NO-1996	AIR	10/05/2021 6:55	Over the past week the complainant could smell the odour from the woodswain facility at the following times: Friday night 7/5/2021 11 pm Saturday morning 7 am Monday morning 6 am	10/05/2021 2:51	GOULBURN MULWAREE	
REF-NO-2028	AIR	10/05/2021 2:51	The odour hasn't been as strong but it is definitely there. Offensive odour from VEOLIA ENVIRONMENTAL SERVICES (AUSTRALIA) PTY LTD, WOODLAWN LANDFILL, COLLECTOR ROAD, TARAGO, NSW, 2580 affecting resident at 174. Caller is reporting of very strong odour coming from the waste facility which caller noticed on Friday night at 8 pm. Caller took the dog out at night at 10 pm and 11:30 pm and caller could smell the sulphate like odour. Caller could smell the same odour again at 8 am next morning, Saturday 08/05/21. Caller said it was a weak odour.	10/05/2021 1:57	GOULBURN MULWAREE	
REF-NO-1935	AIR	10/05/2021 1:57	Disgusting, very strong odour this morning. Caller walked outside this morning and nearly vomited because of the strong methane gas smell from Woodswain Eco-precinct, 619 Collector Road, Tarago.	9/05/2021 0:07	GOULBURN MULWAREE	
REF-NO-1978	AIR	9/05/2021 0:07	Caller advised to stop the odour from permeating throughout Woodswain Eco-precinct 619 Collector Road Tarago. It is a sour sulphur odour on going issue for years. This morning it started around 09:30am caller was enjoying her Mothers Day breakfast when the foul odour started to come in.	8/05/2021 23:30	GOULBURN MULWAREE	
REF-NO-1981	AIR	8/05/2021 23:30	The complainant is affected by offensive odour in the air impacting 174, on 05/05/2021 at 5pm. See the attached report.	8/05/2021 23:27	GOULBURN MULWAREE	
REF-NO-1964	AIR	8/05/2021 23:27	Reporting ongoing smell which they get 2-3 times a week from the Veolia rubbish management center at 619 Collector Road, Tarago.	8/05/2021 23:20	GOULBURN MULWAREE	
REF-NO-1987	AIR	8/05/2021 23:20	Caller advised there was a methane smell like rotten eggs and sulfate. (fart smell) coming from Veolia. Caller walked outside at 7:30am on 9/5 and smelt the strong stench coming from the mine. Caller advised they have noticed the smell for the last couple of weeks but has now noticed the intensity has increased.	8/05/2021 21:38	GOULBURN MULWAREE	
REF-NO-1992	AIR	8/05/2021 21:38	The complainant is affected by offensive odour in the air suspected to come from EPA20476 on 8/5/2021 at 9AM.	8/05/2021 22:16	GOULBURN MULWAREE	
REF-NO-1962	AIR	8/05/2021 22:16	See the attached odour log. Caller is reporting toxic odour pollution coming from Veolia near their place where all the Sydney's rubbish is dumped. Caller was not able to provide the exact address but mentioned it is on Collector Rd and OP looked into maps and confirmed with caller it can be the Woodswain Eco-precinct address. Caller agreed. Caller has given his wife contact number and email to get in touch. Caller was in rush and did not provide some details like incident time and date and DP not able to confirm all the details that were provided by the caller (only contact details were confirmed). Caller mentioned "get them to call me back as they will know where it is".	8/05/2021 21:27	GOULBURN MULWAREE	
REF-NO-1994	AIR	8/05/2021 21:27	The complainant is affected by offensive odour in the air impacting 174, on 08/05/2021 at 5PM and 10/5/2021 at 6:12AM. See the attached reports.	8/05/2021 7:17	GOULBURN MULWAREE	
REF-NO-1953	AIR	8/05/2021 7:17	Caller advised odour smells like rotting garbage. In high wind such as today, it makes the smell worse. Caller advised to remove clothes from outside line to avoid contamination. Caller has requested an email response regarding this issue.	8/05/2021 5:52	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-2012	AIR	8/05/2021 5:52	The complainant is affected by offensive odour coming from the Veolia waste facility located at 174 on B-5-2021. See the attached report.	8/05/2021 5:48	GOULBURN MULWAREE	
REF-NO-1940	AIR	8/05/2021 5:48	Caller advised strong smell of garbage was over the Tarago area. Caller lives outside area but was in the area of Tarago this morning and smelt it.	8/05/2021 4:25	GOULBURN MULWAREE	COLLECTOR ROAD TARAGO 2580
REF-NO-1991	AIR	8/05/2021 4:25	The complainant is wishing something be done about the garbage smell coming from the Veolia tip at Tarago. The complainant believes they should bring no more rubbish to Tarago on the trains until they can resolve the current issue.	8/05/2021 2:18	GOULBURN MULWAREE	
REF-NO-2007	AIR	8/05/2021 2:18	Smells they are becoming unbearable to live with. Caller advised they noticed a strong rubbish smell this morning, they have said there was very little wind this morning. Since moving back to the area they have noticed it 3-4 times per week, compared to 3-4 times per year previously 6 months before they moved away.	7/05/2021 23:32	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1975	AIR	7/05/2021 23:32	Ongoing odour. First noticed when went out at 20:00. Stated is a five out of six smell as was advised prior to rate. Requested email with reference to be sent out.	7/05/2021 12:04	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1942	AIR	7/05/2021 12:04	Rottening garbage smell. Foul odour emanating from Bingso Eastern Creek Recycling Ecology Park (E & Landfill). A pungent smell in the air, similar to sewage. Can't open any windows/doors for fresh air as smell overpowering & putrid & worse in evenings. Odour particularly bad today.	7/05/2021 11:49	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1928	AIR	7/05/2021 11:49	Landfill Smell as result of Bio reactor. Can be smelt from Collector Rd along Tarago-Bungendo Rd into the village of Tarago.	7/05/2021 10:46	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1937	AIR	7/05/2021 10:46	Details of Issue : Strong overpowering odour coming from location. Is wanting to record the incident. A known ongoing issue. Tonight smell is particularly bad. Caller cannot open at window at her home, smell has gotten worse over the last 3 weeks. Smell is coming from the Bio Reactor located in Tarago. Caller cannot go outside or hang her washing out as the smell gets into the clothing. Would like the smell resolved or site closed down. Type Of Odour : Odour described as burns the nose hairs and fowl.	7/05/2021 8:00	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1923	AIR	7/05/2021 8:00	PHI 07/05/21 20:27 360Office of Environment EPNB0404SOUTH BRANCH Duty/ShareNumber84849999SOUTH BRANCH Duty Woodswain Bio Reactor Veolia landfill project, Between Bungendo and Moonneys Rd on Collector Rd. Very strong odour almost to the point of caller being nauseous. Caller advised he wanted the odour recorded and he has also downloaded the log sheet so he can keep a record of the odour as it happens.	7/05/2021 8:30	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1903	AIR	7/05/2021 8:30	Caller affected by ongoing offensive odour attributed to the Woodswain waste facility. For this report the caller first smelted the offensive odour on approach to Tarago at Goulburn Road. It was very strong and it made the caller vomit in reaction. Wind strength of 3 based on odour log template the caller has previously been provided. Odour still present at caller's property on 174 at about 11:30pm, but it was not as strong at that location. The caller would have preferred that this be logged as two complaints rather than one. Caller declined to continue the call at the time. Environment Line officer phoned complainant back sometime later on 7/5/21 to attempt to resolve the report and obtain the customer's name but caller was unable to discuss in detail at the time. Complainant was asked to email their contact details and an additional four reports of odour incidents to Environment Line. It seems that this has not happened, or contact has not been able to be matched up, this therefore entered anonymously.	22/04/2021 13:00	GOULBURN MULWAREE	
REF-NO-1868	AIR	7/05/2021 5:54	Caller was impacted at their property in Currawang by a strong, offensive rotten egg/sewage odour shortly before time of call to Environment Line. The caller did not note wind direction, but has been encouraged to do so for any future odour reports. The caller's description of the odour seems to match that of other complaints of odour attributed to the Woodswain waste facility/bioreactor. Caller operates an accommodation business and is concerned that if such an odour persists it would have a serious financial impact, however, to date it has been an infrequent problem.	7/05/2021 2:15	GOULBURN MULWAREE	
REF-NO-1865	AIR	7/05/2021 2:15	Odour in the Air. Ongoing issue. Caller made a report on Tuesday 04/05/2021 for the issue for the previous week and also same issue on Tuesday 04/05/2021. The odour that was there on Tuesday night did not go away and was there all day on Wednesday. Wednesday it is bad that she could smell it in the house. By the time caller went to bed on Wednesday she has stinging eyes, running nose and asthma starting to play up. Yesterday 06/05/2021 the smell was not bad, very faint smell in the morning then went away. Woke up this morning with itchy eyes and a runny nose and can smell it in the house again, walked outside to the car and the smell made her want to vomit, and has that taste in her mouth. Caller is 174.	6/05/2021 21:49	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1861	AIR	6/05/2021 21:49	Offensive odour from VEOLIA ENVIRONMENTAL SERVICES (AUSTRALIA) PTY LTD, WOODLAWN LANDFILL, COLLECTOR ROAD, TARAGO, NSW, 2580 affecting resident at 174. Caller said the pungent odour is seeping into the house. It is strong odour today which caller said has been going on for a week. It is a chemical like odour which is unpleasant. The odour is on and off. Caller advised that there is a rotten egg garbage odour coming from Veolia.	6/05/2021 4:48	GOULBURN MULWAREE	
REF-NO-1800	AIR	5/05/2021 10:01	Smell through cars and houses. Caller advised: Smell coming across from the Veolia bioreactor, smell has been going on for 2 days now. Odour is thick and can be smelt through cars and houses.	3/05/2021 8:00	GOULBURN MULWAREE	
REF-NO-1794	AIR	5/05/2021 10:01	Caller advised: Smell coming across from the Veolia bioreactor, smell has been going on for 2 days now. Odour is thick and can be smelt through cars and houses. Caller advised that the smell yesterday when she dropped her daughter off at school at 8:30am. She has noticed the smell before yesterday a few times but the odour wasn't as strong and it was "passing". The odour from yesterday and today has prompted her to call.	3/05/2021 8:00	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1780	AIR	4/05/2021 19:31	Type Of Odour : Caller advised she first believed it was something burning but not a typical burning smell. Recently it has smell like off garbage. Caller advised: The Woodswain bioreactor keeps emitting odour, caller advised the smell was also present Monday and Wednesday last week on the 26/04/2021, and 28/04/2021, and today on the 04/05/2021 the smell is especially bad. Issue is still on going and occurring at the moment.	3/05/2021 22:30	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1722	AIR	4/05/2021 8:33	Type Of Odour : Caller advised it smells like a cross between rotting vegetation and rotting eggs. Escalation Item Sent time Escalation group Contact name Status Acknowledged at 1:58:21 Queanbeyan Esc SOUTH BRANCH Duty (0438988680) ACK 04-05-21 19:15:02 2:19:08 21 Queanbeyan Esc SOUTH BRANCH Duty (0438988680) ACK 04-05-21 19:14:56. Wind coming from South East direction to callers property.	3/05/2021 21:00	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1721	AIR	4/05/2021 7:55	Type Of Odour : Rotten egg gas smell. Odour like rotten egg gas from the Veolia Woodswain site, affecting caller at home at 174. Noticed for approx two hours, from about 7am.	4/05/2021 7:50	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1706	AIR	4/05/2021 6:32	Odour strength: 5 out of 6 - Very strong. Weather: No rain Heavy low cloud. Caller affected by a strong, offensive rotten refuse odour, somewhat like unfinished compost or spit smell, attributed to the Woodswain bioreactor premises. The caller would typically be impacted by the odour in the morning, but today it is present at time of call to Environment Line (approx 4pm). Weather is rainy, air generally still. Caller also notes previous odour incidents which have not yet been reported: 26/4/21 at 6:30am until about 11:15am, wind Easterly about 5km/hr; also 29/4/21 from 7am to 7:30am (when caller left property), wind direction not noted but speed 0-5km.	4/05/2021 6:00	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1697	AIR	4/05/2021 6:00	Odour strength: 5 out of 6 - Very strong. Weather: No rain Heavy low cloud. Caller affected by a strong, offensive rotten refuse odour, somewhat like unfinished compost or spit smell, attributed to the Woodswain bioreactor premises. The caller would typically be impacted by the odour in the morning, but today it is present at time of call to Environment Line (approx 4pm). Weather is rainy, air generally still. Caller also notes previous odour incidents which have not yet been reported: 26/4/21 at 6:30am until about 11:15am, wind Easterly about 5km/hr; also 29/4/21 from 7am to 7:30am (when caller left property), wind direction not noted but speed 0-5km.	4/05/2021 6:00	QUEANBEYAN-PALERANG REGIONAL	174 COLLECTOR RD, CURRAWANG NSW 2580

REF-NO-1686	AR	4/05/2021 2:37	Matter raised by voicemail to EPA Ilwarrara office this morning at 9:37. Environment Line officer phoned complainant back to clarify complaint as some details were unclear. The complainant mentioned speaking to EPA officer Nick Finley about the issue recently. Complainant affected by an ongoing offensive odour "toxic stench", attributed to the Woodlawn waste facility. The odour makes caller feel unwell and the caller is concerned about health impacts on the odour over the longer term. Caller advised ongoing issue with odour coming from this site. Odour first noticed around 19:00 when driving past Collector Road but just noticed significant odour within the property approx 5mins ago. As soon as opened door odour went straight into the house.	GOULBURN MULWAREE	
REF-NO-1663	AR	3/05/2021 13:24	Odour complaints against the Woodlawn Bioreactor. EPA 20476. Usual tip smell, methane and rotting food. Have smelled past few days and today in the Mount Fairy area. Caller was smelling it at 9pm last night fairly strongly.	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1610	AR	3/05/2021 0:28	Wind was northerly. Strong odour issue at Veolia Woodlawn Bioreactor. EPA 20476, Collector Road Tarago today. Caller went for a run at 8:45 this morning and the smell was incredibly strong and unpleasant - had to cut the run short. Odour of rotting household garbage. Caller is 120m from village and 16km from the bioreactor - too far for this to be acceptable.	GOULBURN MULWAREE	619 Collector
REF-NO-1605	AR	3/05/2021 0:12	Caller affected by offensive odour attributed to the Woodlawn tip/bioreactor. Caller affected by odour for the last three days, but noted it has been an ongoing issue for a few years. Wind thought to be from the southwest.	GOULBURN MULWAREE	610 collector r
REF-NO-1597	AR	2/05/2021 23:23	Odour described as like a tip smell. Odour strength rated by caller as 8 out of 10.	GOULBURN MULWAREE	
REF-NO-1692	AR	2/05/2021 23:08	Complainant advised that once again this morning they have been able to smell the odour from the Woodlawn Bio Reactor in Tarago. (small attached)	GOULBURN MULWAREE	
REF-NO-1629	AR	2/05/2021 20:36	Reporting putrid stench from Veolia Recycling Centre, located 5km down Collector Rd on left hand side. Can be smelt first thing in the morning till afternoon. Caller is unable to open any windows in both his home and vehicle (10-15km away). Advised ongoing issue worsening for years now. Caller is considering creating a petition for the community and taking issue to the media. Advised smell is coming from the West, minimal fog and wind this morning. Previously reported issue EPA117073 but did not receive a call back - requesting call back.	GOULBURN MULWAREE	
REF-NO-1522	AR	29/04/2021 5:11	Offensive odour coming from VEOLIA ENVIRONMENTAL SERVICES (AUSTRALIA) PTY LTD, WOODLAWN LANDFILL, COLLECTOR ROAD, TARAGO, NSW, 2580. Caller said is a strong smell of sulphur which caller noticed at 07:50 am this morning at 174.	GOULBURN MULWAREE	
REF-NO-1496	AR	29/04/2021 3:57	Strong odour like rotten egg smell coming from Veolia Woodlawn Tarago. The odour has occurred for past month and has been disgusting especially in foggy conditions.	GOULBURN MULWAREE	
REF-NO-1417	AR	28/04/2021 23:14	Offensive odour coming from the VEOLIA ENVIRONMENTAL SERVICES (AUSTRALIA) PTY LTD, WOODLAWN LANDFILL, COLLECTOR ROAD, TARAGO, NSW, 2580. Caller noticed the odour at 9 am this morning when caller dropped her kids off to Tarago Public School, Braikwood Rd, Tarago NSW 2580. Caller said the smell was so bad that it worried her and her kids. Caller wants a call back from EPA.	GOULBURN MULWAREE	
REF-NO-1490	AR	28/04/2021 21:38	Revolting stench coming from the Veolia Recycling Centre. Ongoing issue for the last 5 years. It's a foggy day and the smell is worse. Caller thinks that the next step in resolving this issue is to go to the media. Caller said that people are wondering if it is for kids to live in this environment. When driving, it is necessary to keep the windows closed and fans off because of the smell. Pls phone to discuss.	GOULBURN MULWAREE	619 Call
REF-NO-1450	AR	28/04/2021 4:15	Puird rotting vegetation odour occurring intermittently from Veolia Woodlawn Tarago. Caller says the odour is awful as soon as wind the odour is worst. Last Saturday was particularly bad.	GOULBURN MULWAREE	
REF-NO-1446	AR	28/04/2021 3:25	Bad odour coming from Veolia Woodlawn Tarago. The odour was detected Friday 23/04/21 at 8:30pm which was extremely strong sulphur smell. On Sat 24/04/21 it occurred again at 5:00am but the odour was fainter smell like a rubbish dump smell. Today the odour appeared again 12:50. Caller is asking what EPA is taking action as the odour has been occurring more recently. Caller is concerned that if they wish to install air conditioning. Caller is asking the tank water to be tested. Caller advised if any health issues occur caller will be taking legal action against EPA as the EPA is suppose to protect the environment. Caller request feedback when EPA last visited the site.	GOULBURN MULWAREE	
REF-NO-1375	AR	27/04/2021 2:04	Odour at Collector Road Tarago. Ongoing problem with sometimes a break in the smell. Odour is a rotting household garbage smell. The odour is incredibly strong today, caller lives several km away in Tarago village and has to close all the windows and still can smell it indoors. The caller has heard about an "odour log book" and asks the relevant EPA officer to phone her back about whether she needs one. Will log times of the problem in the meantime.	GOULBURN MULWAREE	619 Collector Rd
REF-NO-1148	AR	26/04/2021 1:20	Bad odour again affecting the members of the CMA meeting at 174. Odour present as members started arriving at 10am and is still very strong now, sickly and exceedingly unpleasant at 11.20am. Seven members being affected. Weather: no wind.	GOULBURN MULWAREE	174 BRAIDWOOD ST, TARAGO NSW 2580
REF-NO-1274	AR	26/04/2021 1:06	Odour strength 6 out of 6, overwondering. Caller affected by an offensive odour attributed to the Woodlawn waste facility. This is a near-daily occurrence, and has been happening for a long time. The odour was affecting caller at time of call to Environment Line. The caller noted long wait time for the phone line. Environment Line officer has emailed the complainant the odour log sheet to assist in recording future odour events and emailing weekly or as needed.	GOULBURN MULWAREE	
REF-NO-1208	AR	26/04/2021 0:36	Offensive odour coming from WOODLAWN PUTRESIBLE WASTE LANDFILL, COLLECTOR ROAD, TARAGO, NSW, 2580. Caller noticed the odour at around 9 am this morning and said it is continuing. Caller said it is an extremely strong odour. There is slight breeze coming from the West.	GOULBURN MULWAREE	
REF-NO-1352	AR	24/04/2021 0:35	Caller calling in wanting to advise that there is a strong sickly smell. Issue has been on and off for a few years. Was able to smell the odour when driving along Braikwood Rd.	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-2150	AR	24/04/2021 0:00	Caller affected by offensive odour rotten garbage, dead animals, rotten eggs attributed to the waste facility. Odour strength rated as a 3. Wind strength rated as 1, direction noted. The caller was located at Woodlawn St Tarago. The odour persisted all day.	GOULBURN MULWAREE	
REF-NO-1341	AR	23/04/2021 23:41	Caller reporting an extremely poor smell coming from the Old Woodlawn Mine. Odour is described as excrement and bile and is traveling through close doors and windows of property. Caller explaining that issue is ongoing and present all day. Caller advised the source of the odour is the Old Woodlawn Mine and is transported via the trains which are passing nearby. Caller is phoning in to get an email decline. Caller requested: Caller is asking the tank water to be tested. Caller advised if any health issues occur caller will be taking legal action against EPA as the EPA is suppose to protect the environment. Caller request feedback when EPA last visited the site.	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1183	AR	22/04/2021 22:18	Caller reporting an odour that was five out of six last night and caller could not be outside for more than a few seconds as it made the caller dry reach. Caller insisted that her personal details not be disclosed to Woodlawn Bioreactor as Veolia target residents that complain. Requested return call from EPA Officer Nick who is managing this on-going complaint.	GOULBURN MULWAREE	609 COLLECTOR ROAD TARAGO 2580
REF-NO-1120	AR	22/04/2021 0:26	Type Of Odour : Rotten egg and rotten garbage smell. Caller affected at home by a strong, offensive odour attributed to the Woodlawn waste facility. Odour first noticed this morning at about 6:30am, odour still quite strong at around 8am. But then odour abated when wind picked up. Also impacted yesterday 21/4 in the morning and at night. Odour typically present when there is little wind. The caller's asthma is getting triggered at around the same time as the odour. The caller is therefore concerned that there may be particles or other substances associated with the odour. The caller has concerns about impacts to their tank water and family health in general. The caller has noted an increase in frequency and strength of the odour in recent months. Environment Line officer has emailed the caller the EPA odour log sheet to facilitate detailed weekly reporting going forward.	GOULBURN MULWAREE	174 GOULBURN ST, TARAGO NSW 2580
REF-NO-1100	AR	21/04/2021 4:27	Caller reports offensive odour at their residence in Braikwood Road, attributed to the Woodlawn tip. There is a light westerly wind. The same smell, described as a sour, sulphurous odour. The same odour is sometimes experienced in Tarago area, about 7km away. The odour has been present, fairly strong for the last few days. After their last complaint to EPA, the odour was asked by EPA if they would like a call from Veolia in the afternoon. In the afternoon, the caller has not yet been contacted. Caller said it is an extremely strong odour. There is slight breeze coming from the West.	GOULBURN MULWAREE	174 BRAIDWOOD RD, LAKE BATHURST NSW 2580
REF-NO-1099	AR	21/04/2021 3:32	For past two weeks there has been a methane gas smell occurring every mornings around 06:00. The odour is coming from Veolia Woodlawn Tarago. The odour was very bad this morning at 08:00 where the caller could taste the odour.	GOULBURN MULWAREE	174 Glenovl Rd
REF-NO-981	AR	17/04/2021 12:59	Caller has said it has been still last night and this morning but she has woken up to a garbage smell coming from the Woodlawn land fill. She has said she used to manage the EPA license for the land fill so she is familiar with it. The odour is becoming more regular. The last time she noticed it was 2 weeks ago. Odour affecting caller at home at 174. Noticed when caller first went outside at 9:51am. The westerly odour from the Veolia Woodlawn waste facility (rotten egg gas) and is strong (4 out of 6). Wind is typically at 16kph (from internet).	QUEANBEYAN-PALERANG REGIONAL	174 COLLECTOR ROAD CURRAWANG 2580
REF-NO-649	AR	11/04/2021 23:25	Caller: 174 Involved Party: Veolia Tarago waste facility. EPA may be #11436, #11455, or #20476 - all at Tarago	GOULBURN MULWAREE	174 BRAIDWOOD RD, LAKE BATHURST NSW 2580
CREF-NO-60787	AR		After hours call EPA116784. Caller advises the Woodlawn Eco-precinct advises members of the community to contact EPA when an odour occurs, states it is a recurring issue. Caller advises the smell was noticed at 19:15 today and had occurred on the 24/03/2021 as well, and 24/03/2021, states it all worsen occur after it rains or randomly	GOULBURN MULWAREE	
CREF-NO-64773	AR	25/03/2021 8:47	Type Of Odour : Caller advises the odour smells like an open gas tank, states it has previously smelt like methane. Odour from the Veolia Woodlawn bioreactor, Collector Rd, Tarago, EPL 11436 affecting caller at home at 174. Caller noticed the odour suddenly about 5 minutes ago. Very strong odour of rotten egg. At the moment wind direction is westerly.	GOULBURN MULWAREE	
CREF-NO-6772	AR	8/03/2021 5:44	NB: 174	GOULBURN MULWAREE	
CREF-NO-2802	AR	28/02/2021 11:39	Odour complaint coming from Woodlawn Landfill, Collector Rd, Tarago. This morning 1/3/21 from 7:30am, there is a very strong odour of dirty nappies and sour milk coming from the dump site, there are no winds, very thick fog. Caller called and had to lock the house up. The odour is still present and the issue has not been fixed. As a first step resident of Tarago, started this morning before 07:30am noticed it was very strong. Caller advised it was very putrid had to close the window which had been left open only a little however the smell had still permeated inside the room.	GOULBURN MULWAREE	
CREF-NO-28979	AR	28/02/2021 21:06	After hours call EPA115932. Caller has advised that there is an odour of rotten gas in the air. Type Of Odour : Strong Rotten Gas Smell	GOULBURN MULWAREE	
CREF-NO-65123	AR	20/02/2021 0:29	Details Of Issue : Odour in the Air Company Or Industry : Veolia After hours call EPA113924, reporting a strong garbage smell coming from the mine. Advised this has occurred 3 times in the last 2 weeks but is particularly strong.	GOULBURN MULWAREE	
CREF-NO-63107	AR	19/02/2021 22:01	Company Or Industry : Woodlawn Mine Strong sulphur rotting odour coming from WOODLAWN LANDFILL Collector Road Tarago. The odour leaves a metallic taste in the mouth. Caller has kept a diary of dates and times and will email the details.	GOULBURN MULWAREE	
CREF-NO-60636	AR	16/01/2021 22:21	After hours call ref EPA115208. There is a strong smell of garbage which started about 9:12am on 17/1 which seems to be coming from Woodlawn Bioreactor.	GOULBURN MULWAREE	
CREF-NO-26190	AR	13/01/2021 0:46	Report received by email to info@environment.nsw.gov.au on 13/01/2021 at 11:31. The complainant is affected by offensive odour coming from the Wood Lawn Bio Reactor, impacting the complainant at the dwelling home at 174. See the attached report.	GOULBURN MULWAREE	
CREF-NO-65512	AR	12/11/2020 22:33	Report received by email to info@environment.nsw.gov.au on 12/11/2020 10:09 PM. The complainant is affected by offensive odour in the air impacting the suburbs of Tarago on Thursday 12th November 2020 at 10pm. The odour started after heavy rainfall. The odour is potentially originating from the VEOLIA WOODLAWN LANDFILL located at Collector Road Tarago. The complainant has reported odour from the landfill a number of times previously. See attached report.	GOULBURN MULWAREE	
CREF-NO-15736	AR	11/09/2020 22:37	Email received info@environment on 12/09/20 at 08:37. Again the town of Tarago has an extremely strong disgusting odour in the air. The complainant knows for a fact that the odour is coming from the bio reactor at the Woodlawn mine. This has been an ongoing issue since the complainant has lived here 6 years. This issue has been reported by locals on numerous occasions. However nothing is being done about it. The management of this issue by NSW EPA is not good enough. It is not the responsibility of the residents of Tarago to report every time there is an odour for NSW EPA to respond. There is a major problem and it needs to be addressed. There is an odour every day, how is this not good enough to get some action taken? When complaining to the on-site manager, the complainant was made to feel like the complainant was being untruthful. It was very unprofessional and managed poorly and the issue has not been fixed. As a first step resident of Tarago can you please take further action to ensure that the odour no longer is an issue. The complainant has health concerns around what the toxins are that we are breathing in. How can the residents of Tarago be assured that this odour is not toxic and damaging our health?	GOULBURN MULWAREE	
CREF-NO-41707	AR	28/08/2020 6:43	The caller is affected at home in Lumley Road by offensive odour attributed to the Woodlawn waste facility. Wind thought to be from the West today. The caller is at considerable distance from the waste facility. The caller also noted the odour at about 7:45 on Tuesday morning (25/8) when driving near the facility. The caller noted that residents of a new subdivision are mentioning being affected by the odour on a local Facebook page. The caller understands the importance of reporting to EPA when the odour is present and plans to do so in future. After hours call EPA113820. Caller advised there is a very strong offensive smell outside tonight. It's the strongest the caller has ever smelt. Odour really starts to get intense at sun down	GOULBURN MULWAREE	
CREF-NO-14663	AR	25/08/2020 9:02	Company Woodlawn Bio Reactor, Collector Road EPL 11436 Very bad odour of sewage is affecting staff at SiteTech 40 Aurora Ave, Queanbeyan. First noticed 30 minutes ago at 10:20am. Caller investigated because he has Cleanaway one site and Veolia on the other side. No odours on the Cleanaway site - walked halfway in. Caller observed a huge semitrailer sized sewage truck in the Veolia yard. Guessing it is a pumpout causing the odour. Odour is overpowering smell of sewage. Weather: slight southerly.	GOULBURN MULWAREE	
CREF-NO-50855	AR	28/07/2020 0:50	Cloudy, not raining. Very strong odour coming from Veolia Woodlawn Landfill Tarago. Caller says the smell is dreadful like a strong tip smell.	QUEANBEYAN-PALERANG REGIONAL	
CREF-NO-45443	AR	13/07/2020 5:12	After hours call EPA110783. Caller advised that he would like to make a report about Veolia Woodlawn Bio Reactor, smell from the tip, odour of rotten rubbish from the Woodlawn Bio Reactor is located on the Collector Road. It has been smelling all week and it now been smelling again for about an hour and a half.	GOULBURN MULWAREE	
CREF-NO-1738	AR	11/07/2020 2:54	Strong odour has a sulphur rotten egg smell coming WOODLAWN LANDFILL Collector Road Tarago.	GOULBURN MULWAREE

CREF-NO-57988	AR	28/05/2020 7:48	After hours call ref EPA109763. 20/30 days of the month the air is filled with an overwhelming odour from the Veolia Woodlawn waste facility. Ongoing issue for at least 12 months.	GOULBURN MULWAREE	

CREF-NO-5993	AR	28/05/2020 1:30	Caller reports two odour incidents attributed to the Woodlawn waste facility, impacting the caller at home in Lake Bathurst. Sunday 12 Apr 12:15 wind 13km West, North-west and on 22/5/20 at 5pm, wind 24km from the Southwest. Odour initially described as a sour odour, caller found it hard to clearly define but agreed that it could be called a rotten refuse odour. Caller understands that it would be helpful to report odour events more promptly there was a misunderstanding regarding expectations previously communicated to the caller by Environment Line. Strong odour of rotting kitchen garbage coming from the Woodlawn Bioreactor EPL 20476, 619 Collector Road Tarago. The caller first noticed on the main road approaching the school, and it was very strong on her arrival at school 8:15am. The Tarago Public School is 14km by road from the Bioreactor. The school keeps an odour diary and there have been no smells since March 2nd, a faint smell upon arrival, then not again until today. Weather today is clear and no fog. There has been recent rain but today clear and sunny, approximately 6 degrees. Caller was 174.	25/05/2020 7:00	GOLBURN MULWAREE
CREF-NO-30826	AR	27/05/2020 22:59	Caller affected on several days recently by strong offensive odour attributed to the Woodlawn facility. Mornings of 09:20, 18/2/20 and 19/2/20 from about 6:30am to 9:30am. The caller notes that the odour is regular and present on still, foggy mornings.	27/05/2020 22:00	GOLBURN MULWAREE
CREF-NO-59317	AR	20/03/2020 3:40	After hours call ref EPA107888. Caller advised the odour from Woodland Bio Reactor is very strong this morning. Strong smell of rotting garbage. The odour has been present for the past 3 days. Odour is worse in the morning.	18/03/2020 19:30	GOLBURN MULWAREE
CREF-NO-34571	AR	18/03/2020 21:21	After hours call EPA107886. Small smell emanating from Woodlawn Mine Bungendore Road, trains coming from Sydney are picking rubbish at allocated land waste facility at mine.	18/03/2020 18:00	GOLBURN MULWAREE
