To Karl,

**Re: KEY OBJECTIONS to SSD-21208499 Glanmire Solar Plant**

I declare that I have given no political donations within the past two (2) years.

I object to the Glanmire Solar Plant for the below reason.

**Mental Health / Stress caused to neighbouring families.**

The negative impact and complete neglect of the mental welfare of the neighbours throughout the two (2) year process. At no stage has the mental health of the neighbours been considered by the Elgin Energy.

Internally, Elgin Energy would be dealing with this matter and would be required to adjust for their own staff to mitigate the risk of negatively impacting mental health issues.

Why has this not been considered for families that the proposed solar farm is impacting?

The neighbouring families have been harbouring this stress for two (2) years – sleepless nights, loss of productivity at their work, doctors appointments due to stress related reasons of how the solar farm will impact their livelihoods. At no stage has this been considered, or compensated for, and this is extremely disappointing.

If you wish to discuss this further, please don't hesitate to contact me.

Yours Sincerely,

Tenielle Bonanno
