### **Reasons for the approval of the Winter Sports World , Penrith**

This facility that will allow Australian and International Athletes to be able to train year round in the Southern Hemisphere.

This facilitate will foster and allow the development of winter sports and ski enthusiasts year round in our country and encourage more tourism in Penrith and NSW. It will allow local people to be able to experience winter sports and activities without expensive travel.

The Winter Sports World will create a magical wintery atmosphere for the patrons and because of its close proximity to the Nepean River will enhance the tourist magnetism attractiveness of this project.

The facility will increase the technical and cultural skills of the local community.

This facility will enhance all the existing and future tourists and recreation facilities that are in Penrith . In terms of a promoting tourism in Penrith, the Winter Sports World would become a famous and distinctive building akin to how the Sydney Opera House is to Sydney Harbour. It will be a lightning rod for the Penrith Tourist industry, which we believe, we should all support.

The construction phase will generate significant employment nearly 3,000 construction jobs , Increase local suppliers employment ,once the project is completed it will provide significant ongoing local employment . It will provide significant economic advantages to the Penrith and NSW economy.

Your Sincerely

Chris and Jim Tsirigotes
