Date: 21 January 2023

Director – Energy Assessments, Development Assessment
Department of Planning and Environment
Locked Bag 5022
Parramatta NSW 2124

Reference: Winterbourne Wind Farm SSD - 10471

I OBJECT to the Winterbourne Wind Farm development.

- I declare that I have not made any reportable political donations in the previous two years
- I acknowledge and accept the Department's disclaimer and declaration.

The reasons I object to the Winterbourne Wind Farm

There are pros and cons but I believe the cons outweigh the pros for this project.

It can bring economic value to the town - but at what cost?

After learning more I believe this technology needs to be reassessed.

I already have to get up early in the morning for the school bus - I'm worried that I'm going have to get up much earlier and the trip will be even more tedious ... this will also be the case in the afternoon when getting home might take even longer. It's already a long day for Walcha students without the extra stress.

My best friend's family thinks differently to my family and I'm always conscious that it's a sensitive issue, so when I'm with them, I avoid the topic at all costs.

I worry about how Walcha will change.
