

9 July 2019

Attention: Director  
Industry Assessments  
Planning Services  
Department of Planning and Environment  
GPO Box 39  
SYDNEY NSW 2001

**RE: Application No: SSD 8593**

**Location: 16 Kerr Road, Ingleburn (Lot 16 DP 717203)**

To Whom It May Concern

We are concerned about the development application putting forward regarding the concrete waste and slush etc due to the truck movement up and down Kerr Road as the road is blocked now without any further developments in the area.

If you have any queries please do not hesitate to contact this office.

Regards

Tony Driver

Dear Frederick Newman

Thank you for contacting me on the 9<sup>th</sup> of July 2019.

I am writing this letter because I object to the Development Application (SSD-8593) proposed for 16 Kerr Road Ingleburn.

Specifically, I am concerned that:

1. There are already too many trucks on the road, these trucks are blocking my driveway.
2. I am concerned that the increase in trucks if the Development Application is approved will damage my business.

Yours sincerely

Hadi Al dhalimy

Director of SKD Kitchens

Hi Fred,

Thank you for your visit today.

We are objecting to the application development SSD 8593.

As we believe it will have a negative effect to the environment.

As i said the air quality is not that great around here and it would only be worse.

In the past 11 months that i have worked here my Asthma has gotten significantly worse and i rely on my medication most days as i used to use quite sparingly.

The amount of extra traffic will also impact us. It is unsafe as it is with the trucks parking on the street and causing black spots.

If you need anything else feel free to contact me.

I will lodge with Planning and Environment tomorrow.

Regards,  
Michael Taylor

To the Independent Planning Commission

My name is Richard Kent, I am the Director of Proweld Engineering (9 Kerr Road Ingleburn).

I am writing to express my concerns in relation to the development application SSD - 8593. Specifically I am concerned that:

Traffic movements will increase and make the road unsafe

Impact on our ability to get access to our site. This will harm my businesses commercial capabilities.

Environmental damage that may occur because of the development

Damage to Kerr Road

Environmental Risk including air quality, noise quality and water quality

Yours Sincerely

Richard Kent
