

16 July 2024

The Secretary
NSW Department of Planning, Housing and Infrastructure

ATTENTION: Sally Munk

Dear Sir or Madam

SSD-56517209 HORSLEY PARK BIOENERGY FACILITY

I refer to the Department's email of 11 July 2024 regarding the exhibition of the Environmental Impact Statement for State Significant Development SSD-56517209 Horsley Park Bioenergy Facility for 'Construction and operation of a bioenergy facility, including associated pipeline, with a capacity to process up to 150,000 tpa of organic waste (solid & liquid) from commercial & industrial, agricultural and residential customers' at 780 Wallgrove Road, Horsley Park (Lot 7 DP 1059698) in the Fairfield City Council Local Government Area (LGA). Submissions need to be made to the Department by 12 August 2024.

Please refer to the Endeavour Energy's submission made to SLR Consulting on 5 September 2023 which is referred to in the Community and Stakeholder Engagement and Feedback Report. The conditions and advice provided therein essentially remain applicable.

The Service infrastructure Assessment prepared by LandPartners Surveyors and Planners dated May 2024 refers to Endeavour Energy Connection Offer – Standard Connection Service (Endeavour Energy Reference NCL1786) dated 22 April 2022 which is usually valid for 3 months from the date of issue.

The applicant will need to complete the application for connection of load process with Endeavour Customer Network Solutions Branch [who are responsible for managing the conditions of supply with the applicant and their Accredited Service Provider (ASP)] and contact them if this Development Application:

- Includes any contestable works projects that are outside of any existing approved / certified works.
- Results in an electricity load that is outside of any existing Supply / Connection Offer requiring the incorporation of the additional load for consideration.

For further advice the applicant can call Endeavour Energy via Head Office enquiries on business days from 9am - 4:30pm on telephone: 133 718 and the following contacts:

- Customer Network Solutions Branch for matters related to the electricity supply or asset removal / relocation. Alternatively contact can be made by email CWAdmin@endeavourenergy.com.au .
- Easements Officers for matters related to easement management, protected works or other forms of property tenure / interests. Alternatively contact can be made by email Easements@endeavourenergy.com.au .
- Property Branch for matters related to property tenure. Alternatively contact can be made by email network_property@endeavourenergy.com.au (underscore between 'network' and 'property').
- Field Operations Branch for safety advice for building or working near electrical assets in public areas. The site is in the area covered by Hoxton Park Field Service Centre. Alternatively contact can be made by email Construction.Works@endeavourenergy.com.au .

Subject to the foregoing Endeavour Energy has no objection to the Development Application. Should you wish to discuss this matter, or have any questions, please do not hesitate to contact me or the contacts identified above or in Endeavour Energy's previous submission in relation to the various matters. Due to the high number of development application / planning proposal notifications submitted to Endeavour Energy, to ensure a response contact by email to Property.Development@endeavourenergy.com.au is preferred.

Yours faithfully

Cornelis Duba | Development Application Specialist
