**Re: Letter of support for alterations and additions to Waverley College (SSDA-42425537)**

To whom it may concern,

We are writing to express our support for the proposed alterations and additions to Waverley College as outlined in SSDA-42425537.

Waverley College has been an integral part of the community since 1903 and continues to grow to meet the needs of an expanding student population, now exceeding 1,500 students. The proposed changes reflect a thoughtful approach to this growth, respecting the local scale and character of the area while enhancing open spaces and creating modern learning facilities.

The design addresses key accessibility improvements, significantly enhancing access and mobility across the site. The proposed onsite parking improvements will also help mitigate traffic concerns in the surrounding neighbourhood.

Furthermore, the updated plans create opportunities for intergenerational connections with residents of Uniting Waverley Estate, fostering a unique and valuable community bond.

We extend our full support for these plans, confident that they will positively impact both the school and the broader community.

Yours sincerely,

A handwritten signature in black ink, appearing to read "S. Furness".
