Application – Bowdens Silver Mine

As a landholder with frontage along Lawson Creek I strongly object to the BOWDENS SILVER MINE proposal, and urge you to not allow it to proceed.

Lead is Toxic !!

The water supply along Lawson Creek will be affected. The supply and quantity of water, as well as the quality of the water. Water is valuable, and we can't afford for this to happen.

The proximity of the mine to the lovely village of Lue is also a major concern for the residents and their health. This in turn affects the Tourism of the area. People visiting do not want to be breathing mine dust, and seeing a mine sitting at the edge of the village!

There are many valid reasons that the Bowdens Silver Mine should not proceed. Ask yourself.....would you like this mine over your back fence???? I think not !

Sincerely

Elizabeth Bowman
